Aaron Bangor  
Chair, Texas Governor’s Committee on People with Disabilities

Aaron Bangor is the lead accessible technology architect at AT&T. Bangor serves as chair of the Texas Governor’s Committee on People with Disabilities, whose mission is to further opportunities for persons with disabilities to enjoy full and equal access to lives of independence, productivity and self-determination. He is also a certified human factors professional and holds more than 20 patents. Bangor represents AT&T on the U. S. Technical Advisory Group to ISO Technical Committee 159, subcommittees 1 and 4, and is active in the area of standards development, including national and international standards for accessibility.
