Summary and Next Steps
Interstate Commission on Juveniles

National Commission – Transition

• Once 35 states enact the compact, the project enters a Transition period in which the compact, its state councils and national commission “come on line”, including:

  – Development of the State Councils and technical assistance to the states
  – Continued outreach to both Compact and non-Compact states

• Between the National Commission meetings in Year 1 and Year 2 (12 months), several areas must be addressed, including:
  – Develop Interstate Commission website
  – Development of the rules and regulations for the Compact
  – Hiring of the Commission staff and interim staff support from CSG
  – Development of a Commission budget (as needed)
  – Invoicing to the states for dues approved within the Compact
  – Development of an information clearinghouse regarding the Compact
  – Planning and coordination for the meetings of the commission, both full National Commission meetings and committee meetings
  – Quarterly conference calls for update discussions
