Cumulative Index, 1975-1994

The following cumulative index covers volumes of *Suggested State Legislation* since 1975 and includes the legislation through this current edition. This index uses extensive subject headings, sub-headings and cross references ("see" and "see also" entries). Draft legislation is listed by title under appropriate subjects. Individual bills are often included under several headings, if they cover more than one topic.

Specific entries are of two kinds:

1. Titles of bills followed by the year of the volume in parentheses and the page numbers. To find the text of a draft bill, you should consult the volume for the specific year listed.

2. References are also provided to parts of draft bills, by subject. These references do not list the full title of the draft bill, but cite only the year and the page numbers.

All entries under subject headings are listed in the order in which they were published. An index to volumes before 1975 maybe found in Volume 43 (1984).
