

THE COUNCIL OF STATE GOVERNMENTS  
2009 SPRING CONFERENCE

COMMITTEE ON SUGGESTED STATE LEGISLATION

MEETING MINUTES  
COEUR D'ALENE, ID  
MAY 16 and 17, 2009

PRESIDING  
CO-CHAIR: REP. BOBBY MOAK, MISSISSIPPI  
VICE-CHAIR: MR. JERRY BASSETT, ALABAMA

The CSG Committee on Suggested State Legislation convened Saturday, May 16 from 2:30 to 5:30 p.m. and Sunday, May 17 from 9:00 a.m. until noon. These meetings comprised the second set in the 2010 SSL Cycle.

After welcoming the Committee and guests, Rep. Bobby Moak introduced Steve Gregory, CSG Chief Legal Officer, who gave an update about CSG efforts to get states to award Continuing Legal Education Credits (CLEs) to attorneys who attend SSL Committee meetings. This includes a Resolution Recommending States Approve Continuing Legal Education Credits for Attorneys Who Attend Committee on Suggested State Legislation Meetings. The Committee approved that resolution and sent it to the CSG Executive Committee. That committee approved the resolution on May 18, 2009.

There were 107 bills on the SSL Committee docket for these meetings. The bills addressed a variety of timely issues, including global warming and sustainable cities. The Committee voted to include 23 bills in the 2010 Suggested State Legislation Volume. It deferred 14 bills for further consideration. It rejected the remaining 70 bills.

The SSL Committee will meet next at the CSG Annual Conference in LaQuinta, California. September 1, 2009 is the deadline to submit legislation to that docket.

**The Council of State Governments**  
**Resolution Recommending States Approve Continuing Legal Education Credits for Attorneys Who**  
**Attend Committee on Suggested State Legislation Meetings**

**Resolution Summary**

For more than 60 years the Committee on Suggested State Legislation has highlighted state legislation which addresses issues that legislators, courts, businesses, and attorneys must understand and apply. The Committee on Suggested State Legislation usually meets twice a year to consider between 160 and 200 total bills for publication in annual *Suggested State Legislation* volumes. The Committee usually selects between 35 and 40 bills to publish in those volumes. Most of the bills the Committee considers have been enacted into law in at least one state. CSG distributes *Suggested State Legislation* volumes to lawmakers in every state, and to law libraries and universities throughout the country.

Most states require that attorneys earn Continuing Legal Education (CLE) credits to maintain their license to practice law. Many members of the CSG Committee on Suggested State Legislation are attorneys. Many public and private sector representatives who attend Committee on Suggested State Legislation meetings to speak about legislation on its dockets are also attorneys. The Committee on Suggested State Legislation members feel strongly that the nature of the work of the Committee on Suggested State Legislation at its meetings should qualify for CLE approval in most, if not all, of the states requiring CLE credits. This resolution encourages states to approve CLE credits for attorneys who attend Committee on Suggested State Legislation meetings.

This resolution will become part of a packet CSG staff will use to try to get CLE credits granted by a few states in advance of Committee on Suggested State Legislation meetings, and that staff will also distribute to meeting attendees to use to apply for CLEs in their respective states after such meetings.

**Attend Committee on Suggested State Legislation Meetings**  
**Management Directives**

- **Management Directive #1:** CSG staff will compile a packet of information for review by state bar associations or respective accrediting authorities in the states that grant CLE credits. That packet may include:
  - The CSG Resolution encouraging the states to approve CLE credits for attorneys who attend SSL Committee meetings;
  - A letter from a Committee on Suggested State Legislation member of the state hosting the upcoming SSL Committee meeting to that state's bar association or respective accrediting authority asking for CLE credit approval for the upcoming SSL Committee meeting;
  - Biographies of the SSL Committee leaders;
  - Applicable meeting agendas and related information;
  - Letters from other states approving CLEs in advance of the meetings (if CSG gets such approvals);
  - SSL drafts;
  - A letter from the current CSG President and CSG Chair encouraging the states to approve CLE credits for attorneys who attend SSL Committee meetings;
  - Forms for attendees to use to apply for CLE credits within their respective states after SSL Committee meetings; and
  - A roster of all current members on the SSL Committee.
  
- **Management Directive #2:** CSG staff will provide the aforementioned CLE packet to states hosting upcoming Committee on Suggested State Legislation meetings to potentially get CLE approval for those meetings in advance of the meetings.
  
- **Management Directive #3:** CSG staff will either distribute the aforementioned CLE packet at future Committee on Suggested State Legislation meetings, or provide access to the packet via an electronic format, to committee members and other attendees to use when applying for CLE credits from their respective states after the meetings.
  
- **Management Directive #4:** CSG staff will post the approved resolution on CSG's Web site and make it available through other channels as requested by state officials and staff.

**The Council of State Governments  
Resolution Recommending States Approve Continuing Legal Education Credits for Attorneys  
Who Attend Committee on Suggested State Legislation Meetings**

- WHEREAS,** the legal process and the practice of law in the states begins with legislation;
- WHEREAS,** state lawmakers and attorneys need to be informed about new and complex legislation in the states in order to best serve their constituents or clients;
- WHEREAS,** The Council of State Governments' (CSG) Suggested State Legislation Program has a distinguished 60 year history of highlighting new state legislation that addresses issues which legislators, courts, businesses, and attorneys must understand and apply;
- WHEREAS,** The Council of State Governments' Committee on Suggested State Legislation governs the Suggested State Legislation Program;
- WHEREAS,** the Committee on Suggested State Legislation is composed of legislators and staff from all the states, many of whom are attorneys;
- WHEREAS,** public and private sector representatives who attend and speak about legislation at Committee on Suggested State Legislation meetings are also attorneys;
- WHEREAS,** the Committee on Suggested State Legislation meets at least twice each year to review legislation covering more than 26 general public policy areas;
- WHEREAS,** Committee on Suggested State Legislation dockets typically address more than 80 bills impacting civil or criminal law;
- WHEREAS,** the Committee on Suggested State Legislation produces annual volumes of draft laws which are distributed to lawmakers in every state, and to public and private organizations such as university law libraries and corporate law libraries;
- WHEREAS,** the work of The Council of State Governments' Committee on Suggested State Legislation enhances the professional expertise of state lawmakers and attorneys across the United States; and
- WHEREAS,** Committee on Suggested State Legislation members should be acknowledged for performing duties in the legislative arena beyond those normally required by their home states:
- NOW, THEREFORE, BE IT RESOLVED,** that The Council of State Governments Executive Committee urges all states to approve Continuing Legal Education credits for attorneys who attend Committee on Suggested State Legislation meetings.

Adopted this 18<sup>th</sup> day of May, 2009 at the CSG Spring Conference in Coeur d'Alene, Idaho.
