America's premier leadership program

For a quarter century, CSG's Henry Toll Fellowship Program has been equipping leaders from all three branches with the tools, skills and insights necessary to successfully serve their states. Many Toll Fellows alumni have gone on to serve at the national level—a testament to the excellence Tolls seeks to inspire in each class. Here are but a few of the accolades CSG has received from the Toll Fellows Alumni throughout the years . . .

"I've attended many conferences, workshops and trainings during my professional career. The Toll Fellowship program is **the absolute best...hands down**. It also provided introduction to peer relationships that have endured politics and time. The program does all this in an environment that somehow **removes partisanship, regionalism and the many differences** that too often separate public servants. I would do it again if given the chance!"
