The CSG Committee on Suggested State Legislation convened on Friday, June 19, 2015 and Saturday, June 20, 2015 to review 74 bills on the second docket of the 2016 SSL cycle.

For each bill, the committee had four options: include it in the SSL volume; include the bill in the volume as a note, which indicates that the committee believes the bill (and other similar bills addressing the topic) to be of interest to state leaders, but does not merit full inclusion; defer consideration; or reject the bill.

The committee approved 15 bills to be included in the 2016 Suggested State Legislation volume, deferred action on 8 bills to the next meeting of the committee (December 2015), and rejected 49 bills.

The committee also requested that notes be prepared for inclusion in the volume on two topics:

- The use of the drug naloxone to counter drug overdoses; and
- The Uniform Act on Prevention and Remedies for Human Trafficking (UAPR).

The committee members provided CSG staff instructions to include additional legislation and information on several topics for the upcoming CSG meeting in December 2015, including:

- Do not text registries;
- Issues related to legalized marijuana, including regulatory frameworks, financial services cooperatives, and childproof packaging and labeling of marijuana products;
- Transportation network companies; and
- Sexual assault on college campuses
