On Sunday, December 13, the CSG Executive Committee voted to officially change the name of the Suggested State Legislation Committee to the Shared State Legislation Committee in order to better reflect the purpose of the committee. This follows a discussion in June by both a working group and the full SSL Committee that concluded the existing name was misleading as to the committee’s role and the product it produces. CSG clearly states in its Articles of Organization that the SSL Committee’s work does not represent an endorsement of state legislation and that the organization will not advocate for the adoption of legislation.

The CSG Committee on Suggested State Legislation convened on Thursday, December 10, 2015 and Saturday, December 12, 2015 to review 79 bills on the first docket of the 2017 SSL cycle.

For each bill, the committee had four options: include it in the SSL volume; include the bill in the volume as a note, which indicates that the committee believes the bill (and other similar bills addressing the topic) to be of interest to state leaders, but does not merit full inclusion; defer consideration; or reject the bill.

The committee approved 16 bills to be included in the 2017 Suggested State Legislation volume, deferred action on 4 bills to the next meeting of the committee (May 2016), and rejected 48 bills. In addition, one bill (06-37A-07: Neighborhood Conservation and Land Banks) was also deferred to the May meeting due to questions over the final disposition of the bill.

The committee also requested that notes be prepared for inclusion in the volume on four topics:
- Sexual assault on college campuses
- Mobile integrated health care
- Disclosure of police body camera footage under state Freedom of Information Acts
- The Uniform Business Organizations Code

The committee members provided CSG staff instructions to include additional legislation and information on several topics for the upcoming CSG meeting in May 2016, including:
- Statewide battery collection and recycling programs.
- The process by which transgender people may request a revised birth certificate that reflects their new gender.
- State authority to compel uncooperative parents to complete a drug or alcohol evaluation or mental health evaluation for themselves or a developmental screen for a child if the child is deemed at risk of abuse.
- Prohibiting the installation of tracking devices or applications without consent.
ATTENDANCE – December 10, 2015

MEMBERS
Ms. Liz Alvey, Office of the Majority Leader, Tennessee
Mr. Jerry Bassett, Alabama Legislative Reference Service (Vice Chair)
Ms. Lindsay Beaver, Uniform Law Commission
Ms. Charlotte Carter-Yamauchi, Hawaii Legislative Reference Bureau
