

## CSG SHARED STATE LEGISLATION

The CSG Committee on Shared State Legislation convened on Friday, April 21 to review Docket 38B of the 2018 SSL cycle. The docket contained 87 bills on a variety of issues.

For each bill, the committee had four options: include it in the SSL volume; include the bill in the volume as a note, which indicates that the committee believes the bill (and other similar bills addressing the topic) to be of interest to state leaders, but does not merit full inclusion; defer consideration; or reject the bill.

The committee approved 11 bills to be included in the 2018 SSL volume and deferred action on 5 bills to the next meeting of the committee (December 2017).

The committee also requested that notes be prepared for inclusion in the volume on one topic:

- Ensuring equal access to technology and information for people with disabilities

The committee members provided CSG staff instructions to include additional information on the constitutional issues surrounding the sharing of your marked ballot on social media.
