

The CSG Committee on Shared State Legislation convened on Friday, September 14 to review docket 39B of the 2019 SSL cycle. The docketed contained 54 bills on a variety of issues.

For each bill, the committee had four options: include it in the SSL volume; include the bill in the volume as a note, which indicates the committee believes the bill (and other similar bills addressing the topic) to be of interest to state leaders but a broader perspective is more warranted; defer consideration; or reject the bill.

The committee approved 13 bills to be included in the 2019 SSL volume and deferred action on 3 bills to a future SSL committee meeting. The committee also requested that notes be prepared for inclusion in the volume on 5 bills.

The following SSL committee members attended:
