The CSG Committee on Suggested State Legislation met Friday, December 1 and Saturday, December 2, 2006. These meetings represent the first segment in the 2008 SSL Cycle. The SSL Committee reviewed two dockets at these meetings. The first docket contained legislation about aging. The other docket contained legislation about a variety of issues, including global warming, alternative fuels, and health care access and affordability. The Committee will publish legislation about aging from the first docket in a special supplement to the regular 2008 SSL volume. The SSL Committee initiated the aging supplement as part of the Healthy Living Initiative of Governor Jim Douglas.

There were 46 items on this special docket. The SSL Committee voted to include 19 items in the 2008 SSL supplement and rejected the remaining 27. CSG intends to publish the supplement online by April 2007.

The SSL Committee considered 63 bills at its December 2 meeting. The committee voted to include 14 bills in the 2008 SSL volume. It deferred 3 bills to a future SSL or task force meeting and it rejected the remaining 46 items.

The next meeting of the SSL Committee will take place in conjunction with The Council’s spring 2007 meeting in Puerto Rico. April 1, 2007 is the deadline to submit legislation to CSG for that docket.
