The CSG Committee on Suggested State Legislation (SSL Committee) met June 11 and June 13, 2007. These meetings represent the second segment of the 2008 SSL Cycle. A quorum was present both days. The SSL Committee reviewed 96 bills at these meetings. Noteworthy topics included solar energy systems, energy conservation, seaport security, and immigrant documentation. The SSL Committee voted to include 25 bills in the 2008 volume (CSG will combine these with 15 bills the SSL Committee voted to include in that volume at its first meeting in the 2008 SSL Cycle). The SSL Committee deferred 3 items to a future committee or CSG policy task force meeting, and it rejected the remaining 68 bills.

Pending further discussion by the SSL Committee leaders, the next meeting of the SSL Committee will take place as a stand-alone event later this summer or in the Fall, or more likely, in conjunction with The Council’s 2007 Annual meeting in Oklahoma.

September 1, 2007 is the deadline for submitting legislation to the next SSL Committee docket.
