Foreword

The Council of State Governments (CSG) is pleased to bring to you this 2009 *Suggested State Legislation* volume, a valued series of compilations of draft legislation from state statutes on topics of current interest and importance to the states. The draft legislation found in this book represents many hours of work by The Council’s Committee on Suggested State Legislation, CSG Policy Task Forces, and CSG staff.

The entries in this book were selected from hundreds of submissions. Most are based on existing state statutes. Neither The Council nor the Committee seeks to influence the enactment of state legislation. Throughout the years, however, both have found that the experiences of one state may prove beneficial to others. It is in this spirit that these proposals are presented.

Introduction

“A single state’s experience in a new field frequently leads to the adoption of similar action in other states, if the problem is general, the approach is well conceived, and other states can be made aware of the action.”

That statement is a simple one, but it remains as true today as it did when it first appeared in the introduction to the 28th volume of *Suggested State Legislation*. For more than 60 years, The Council of State Governments’ Suggested State Legislation (SSL) program has informed state policy-makers about a broad range of legislative issues, and its national Committee on Suggested State Legislation has been an archetype of interstate dialogue, one successfully imitated in a variety of ways.

The Committee on Suggested State Legislation originated as a group of state and federal officials who first met in August of 1940 to review state laws relating to U.S. security. The result was *A Legislative Program for Defense*. That group reconvened following the nation’s entry into World War II in order to develop a volume of *Suggested State War Legislation*. That publication was succeeded by *Suggested State Legislation*, an annual volume of draft legislation about topics of major governmental interest. In keeping with CSG’s current mission, the SSL Committee now focuses more on issues arising from major trends impacting the states, such as an aging population. Today, SSL Committee members represent all regions of the country. They are generally legislators and legislative staff, and include the CSG policy task force chairs.

Traditionally, SSL volumes were the culmination of a yearlong process in which legislation was received and reviewed by members of the SSL Committee in a series of meetings. Traditionally, the volumes were produced at the end of the SSL Cycle. More recently, the SSL volumes were released concurrently online at CSG’s STARS database. However, even under this system, in some cases, the items that the committee voted to include in a volume had to be held for as long as 11 months before they could be distributed to the states.

Beginning with the 2003 SSL Cycle, the SSL Committee produces SSL volumes electronically in segments, one segment after every committee meeting. Each segment will be published on-line approximately two months after a meeting. The electronic parts will be combined into a book that CSG will continue to publish at the end of the SSL Cycle, at least for the immediate future.

The SSL Committee considers legislation submitted by state officials and staff, CSG Associates and CSG staff. It will consider legislation from other sources, but only when that legislation is submitted through a state official. Other sources include public interest groups and members of the corporate community who are not CSG Associates.

Throughout the SSL solicitation, review and selection processes, members of the Committee employ a specific set of criteria to determine which items will appear in the volume:

- Is the issue a significant one currently facing state governments?
- Does the issue have national or regional significance?
- Are fresh and innovative approaches available to address the issue?
- Is the issue of sufficient complexity that a bill drafter would benefit from having a comprehensive draft available?
- Does the bill or Act represent a practical approach to the problem?
- Does the bill or act represent a comprehensive approach to the problem or is it tied to a narrow approach that may have limited relevance for many states?
- Is the structure of the bill or act logically consistent?
- Are the language of and style of the bill or act clear and unambiguous?
All items selected for publication in SSL are presented in a general format as shown in the following *Suggested State Legislation* Style Manual and Sample Act. However, beginning with the 1997 volume, items presented in *Suggested State Legislation* volumes more closely reflect the style and form as they were submitted to the program. Entries from the National Conference of Commissioners on Uniform State Laws are rarely changed from their submitted format.

Revisions in the headings and numbering and other modifications may be necessary in order to conform to local practices, and decisions must be made regarding optional sections and provisions. Thus, readers should note that *Suggested State Legislation* drafts typically do not duplicate actual state legislation.

A “Statement,” in lieu of a draft act, may appear in a volume when the SSL Committee has reviewed and approved a piece of legislation, but its length and/or complexity preclude its publication in whole or in the standard SSL format. “Notes” also may be used when the Committee is particularly interested in highlighting and summarizing a variety of legislative actions undertaken by the states in a particular area.

State officials and staff, CSG Associates and CSG staff are encouraged to submit at any time legislation which is likely to be of interest and relevance to other states. In order to facilitate the selection and review process, it is particularly helpful for respondents to provide information on the current status of the legislation, an enumeration of other states with similar provisions, and any summaries or analyses of the legislation that may have been undertaken.

Legislation and accompanying materials should be submitted to the Suggested State Legislation Program, The Council of State Governments, 2760 Research Park Drive, P.O. Box 11910, Lexington, Kentucky 40578-1910, (859) 244-8000 or fax (859) 244-8001.

Readers should keep in mind that neither The Council of State Governments nor the SSL Committee are in the position of advocating the enactment of items that are presented in SSL Volumes. Instead, the entries are offered as an aid to state officials interested in drafting legislation in a specific area, and can be looked upon as a guide to areas of broad current interest in the states.

Interested readers can find out more about the SSL program by visiting the SSL pages at CSG’s Internet Web site at [www.csg.org](http://www.csg.org).
SSL Process

The Committee on Suggested State Legislation guides the SSL Program. SSL Committee members represent all regions of the country and many areas of state government. Members include legislators, legislative staff and other state government officials.

SSL Committee members meet several times a year to consider legislation. The items chosen by the SSL Committee are published online at www.csg.org after every meeting and then compiled into annual Suggested State Legislation volumes. The volumes are usually published in December.

SSL Committee members, other state officials, and their staff, CSG Associates and CSG staff can submit legislation directly to the SSL Program. The committee also considers legislation from other sources, but only when that legislation is submitted through a state official. Other sources include public interest groups and members of the corporate community who are not CSG Associates.

It takes many bills or laws to fill the dockets of one year-long SSL cycle. Items should be submitted to CSG at least eight weeks in advance to be considered for placement on the docket of a scheduled SSL meeting. Items submitted after that are typically held for a later meeting. Beginning with the 2008 SSL Cycle, the SSL Committee will set exact deadlines for submitting bills for each docket. The Committee adopted this policy because of an increase in recent years in the number of bills submitted to SSL Committee dockets too late to enable the committee members to thoroughly review those bills before those were considered in an SSL Committee meeting.

Committee members prefer to consider legislation that has been enacted into law by at least one state. Legislation that addresses a single, specific topic is preferable to omnibus legislation that addresses a general topic or references many disparate parts of a state code. Occasionally, committee members will consider and adopt uniform or proposed “model” legislation from an organization, or an interstate compact. In this case, the committee strongly prefers to examine state legislation that enacts the uniform or model law, or compact.

In order to facilitate the selection and review process on any submitted legislation, it is particularly helpful to include information on the status of the legislation, an enumeration of other states with similar provisions, and any summaries or analyses of the legislation.
SSL Criteria

- Does the issue have national or regional significance?
- Are fresh and innovative approaches available to address the issue?
- Is the issue of sufficient complexity that a bill drafter would benefit from having a comprehensive draft available?
- Does the bill or Act represent a practical approach to the problem?
- Does the bill or Act represent a comprehensive approach to the problem or is it tied to a narrow approach that may have limited relevance for many states?
- Is the structure of the bill or Act logically consistent?
- Is the language and style of the bill or Act clear and unambiguous?

The word “Act” as used herein refers to both proposed and enacted legislation. Attempts are made to ensure that items presented to committee members are the most recent versions. However, interested parties should contact the originating state for the ultimate disposition in the state of any docket entry in question, including substitute bills and amendments. Furthermore, the Committee on Suggested State Legislation does not guarantee that entries presented on its dockets or in Suggested State Legislation volumes represent the exact versions of those items as enacted into law, if applicable.
Suggested State Legislation Style

Style is the custom or plan followed in typographic arrangement or display. *Suggested State Legislation* drafts generally follow the same style. However, beginning with the 1997 volume, items presented in *Suggested State Legislation* more closely reflect the style and form as they were submitted to the program. The word “Act” refers to proposed and enacted bills. Attempts are made to ensure that items presented to committee members are the most recent versions. Interested parties should contact the originating state for the ultimate disposition in the state of any item in question, including substitute Acts and amendments.

**Introductory Matter**

The first component in a *Suggested State Legislation* draft is an abstract. Abstracts provide a brief description of the Act, highlight unique features, and provide background about other states, if applicable. SSL abstracts are typically compiled from the bill summaries in legislation that is submitted and approved for inclusion in SSL volumes, or from the originating state’s legislative staff analysis. Copies of other state bills or laws referenced in abstracts or in SSL Notes can be obtained by contacting the states directly.

**Submitted As**

This component indicates the state, title, bill number or legal citation and adoption date of the original bill or law as submitted to the Suggested State Legislation Program. Readers should be aware that although legislation presented in *Suggested State Legislation* is based on state bills and laws, the Committee on Suggested State Legislation does not guarantee that items presented on its dockets or in *Suggested State Legislation* volumes represent the exact versions of those items as enacted by a state.

**Standardized Sections and Form**

Items presented in this and future *Suggested State Legislation* volumes will retain, to the extent possible, the same enumeration as the bill or Act as submitted by a state. This includes sections, subsections and, paragraphs. However, modifications such as adding: “Severability,” “Repealer,” and “Effective Date,” will be made to the draft as necessary.

Often it also is necessary in draft legislation to indicate a state alternative to the name of an agency, the number of members on a committee, punishment for an offense, etc. In these cases brackets are used instead of parentheses.

*Entries from the National Conference of Commissioners on Uniform State Laws are rarely changed from their submitted format.*
“Sample Act” Criminal Rehabilitation Research

This draft Act enables a state to facilitate research, including controlled experiments, in criminal sentencing and rehabilitation methods in order to determine the most effective and humane means of deterring crime and rehabilitating delinquent and criminal offenders.

The criminal justice system neither deters nor rehabilitates as effectively as possible. Sentencing and treatment decisions continue to be handicapped by lack of scientific experience. New treatment programs are developed haphazardly, if at all, and their relative effectiveness is rarely evaluated. The results are wasted lives, needless public expenditures, and increased crime. Dissatisfaction with existing correctional institutions has increased and the demand for reform has intensified, but reform to be meaningful must be based on facts.

Agricultural Biomass and Landfill Diversion Incentive

This Act establishes a program to provide grants to farmers, loggers, and others who provide agricultural biomass to facilities in the state that generate electric energy and use the best available emissions control technology.

The bill entitles farmers, loggers, or diverters $20 per each ton of bone-dry agricultural biomass suitable for biomass conversion. The bill authorizes the department of agriculture to grant no more than $30 million each fiscal year. The grants to the farmers, loggers, and diverters will be made by the operators of the electric generation facilities. Operators that process unsuitable biomass into a form suitable for producing electric energy are also eligible for grants under this program. The bill provides that the facility operators are reimbursed on a quarterly basis by department of agriculture, after filing out an application with the agency that verifies the amount of qualified agricultural biomass processed into a form suitable for generating electric energy. The bill limits the amount an operator can receive to no more than $6 million.

This Act creates an Agricultural Biomass and Landfill Diversion Incentive Program Account in the state General Revenue Fund, consisting of money transferred to the account at the direction of the Legislature, gifts, grants, donations and money from any other sources to be used by the department of agriculture to implement the incentive program.

Suggested State Legislation
(Title, enacting clause, etc.)

Section 1. [Short Title.] This Act can be cited as “An Act to Create an Agricultural Biomass and Landfill Incentive Program.”

Section 2. [Definitions.] As used in this [chapter]:
(1) “Farmer” means the owner or operator of an agricultural facility that produces qualified agricultural biomass.
(2) “Logger” means a harvester of forest wood waste, regardless of whether the harvesting occurs as a part of the harvesting of merchantable timber.
(3) “Diverter” means:
(A) a person or facility that qualifies for an exemption under [insert citation];
(B) a handler of nonhazardous industrial waste that is registered or permitted under [insert citation]; or
(C) a facility that separates recyclable materials from a municipal solid waste stream and that is registered or permitted under [insert citation] as a municipal solid waste management facility; and
(D) does not include a facility that uses biomass to generate electric energy.
(4) “Forest wood waste” includes residual tops and limbs of trees, unused cull trees, pre-commercial thinnings, and wood or debris from noncommercial tree species, slash, or brush.
(5) “Qualified agricultural biomass” means:
(A) agricultural residues that are of a type that historically have been disposed of in a landfill, relocated from their point of origin and stored in a manner not intended to enhance or restore the soil, burned in open fields in the area from which they are derived, or burned in fields and orchards that continue to be used for the production of agricultural goods, and includes:

(i) field or seed crop residues, including straw from rice or wheat;
(ii) fruit or nut crop residues, including orchard or vineyard prunings and removals;
(iii) forest wood waste or urban wood waste; and
(iv) agricultural livestock waste nutrients; and

(B) a crop grown and used specifically for its energy generation value, including a crop consisting of a fast-growing tree species.

(6) “Storm-generated biomass debris” means biomass-based residues that result from a natural weather event, including a hurricane, tornado, or flood, that would otherwise be disposed of in a landfill or burned in the open. The term includes:

(A) trees, brush, and other vegetative matter that have been damaged or felled by severe weather but that would not otherwise qualify as forest wood waste; and
(B) clean solid wood waste that has been damaged by severe weather but that would not otherwise qualify as urban wood waste.

(7) “Urban wood waste” means:

(A) solid wood waste material, other than pressure-treated, chemically treated, or painted wood waste, that is free of rubber, plastic, glass, nails, or other inorganic material; and
(B) landscape or right-of-way trimmings.

Section 3. [Agricultural Biomass and Landfill Diversion Incentive Program.]
(a) The [department] shall develop and administer an Agricultural Biomass and Landfill Diversion Incentive Program to make grants to farmers, loggers, and diverters who provide qualified agricultural biomass, forest wood waste, urban wood waste, or storm-generated biomass debris to facilities that use biomass to generate electric energy in order to provide an incentive for the construction of facilities for that purpose and to:

(1) promote economic development;
(2) encourage the use of renewable sources in the generation of electric energy;
(3) reduce air pollution caused by burning agricultural biomass, forest wood waste, urban wood waste, or storm-generated biomass debris in open fields; and
(4) divert waste from landfills.

(b) Subject to Section 5 of this Act, a farmer, logger, or diverter is entitled to receive a grant in the amount of [$20] for each bone-dry ton of qualified agricultural biomass, forest wood waste, urban wood waste, or storm-generated biomass debris provided by the farmer, logger, or diverter in a form suitable for generating electric energy to a facility that:

(1) is located in this state;
(2) was placed in service after [August 31, 2009];
(3) generates electric energy sold to a third party by using qualified agricultural biomass, forest wood waste, urban wood waste, or storm-generated biomass debris;
(4) uses the best available emissions control technology, considering the technical practicability and economic reasonableness of reducing or eliminating the air contaminant emissions resulting from the facility;
(5) maintains its emissions control equipment in good working order; and
(6) is in compliance with its operating permit issued by the [Commission on Environmental Quality] under [insert citation].
(c) The [commissioner] by rule may authorize a grant to be made for providing each bone-
dry ton of a type or source of qualified agricultural biomass, forest wood waste, urban wood
waste, or storm-generated biomass debris in an amount that is greater than the amount provided by
Subsection (b) if the [commissioner] determines that a grant in a greater amount is necessary to
provide an adequate incentive to use that type or source of qualified agricultural biomass, forest
wood waste, urban wood waste, or storm-generated biomass debris to generate electric energy.
(d) The [Public Utility Commission] and the [Commission on Environmental Quality] shall
assist the [department] as necessary to enable the [department] to determine whether a facility
meets the requirements of Subsection (b) for purposes of the eligibility of farmers, loggers, and
divers for grants under this [chapter].
(e) To receive a grant under this [chapter], a farmer, logger, or diverter must deliver
qualified agricultural biomass, forest wood waste, urban wood waste, or storm-generated biomass
debris to a facility described by Subsection (f). The operator of each facility described by that
subsection shall:
   (1) verify and document the amount of qualified agricultural biomass, forest wood
       waste, urban wood waste, or storm-generated biomass debris delivered to the facility for the
       generation of electric energy; and
   (2) make a grant on behalf of the [department] in the appropriate amount to each
       farmer, logger, or diverter who delivers qualified agricultural biomass, forest wood waste, urban
       wood waste, or storm-generated biomass debris to the facility.
(f) The [department] [quarterly] shall reimburse each operator of a facility described by
Subsection (b) for grants under this [chapter] made by the operator during the [preceding quarter]
to eligible farmers, loggers, and divers. To receive reimbursement for one or more grants, an
operator of a facility described by that subsection must file an application with the [department]
that verifies the amount of the grants made by the operator during the preceding quarter for which
the operator seeks reimbursement.
(g) The [department] may contract with and provide for the compensation of private
consultants, contractors, and other persons to assist the [department] in administering the
Agricultural Biomass and Landfill Diversion Incentive Program.

Section 4. [Agricultural Biomass and Landfill Diversion Incentive Program Account.]
(a) There is created an [Agricultural Biomass and Landfill Diversion Incentive Program
Account] as an account in the [General Revenue Fund]. The account is composed of:
   (1) legislative appropriations;
   (2) gifts, grants, donations, and matching funds received under Subsection (b); and
   (3) other money required by law to be deposited in the account.
(b) The [department] may solicit and accept gifts in kind, donations, and grants of money
from the federal government, local governments, private corporations, or other people to be used
for the purposes of this [chapter].
(c) Money in the account may be appropriated only to the [department] for the purpose of
implementing and maintaining the Agricultural Biomass and Landfill Diversion Incentive
Program.
(d) Income from money in the account shall be credited to the account.
(e) The account is exempt from the [insert citation].

Section 5. [Limitation on Grant Amount.]
(a) The total amount of grants awarded by operators of facilities under this [chapter] during
each state fiscal year shall not exceed [$30 million].
(b) During each state fiscal year, the [department] may not pay to an operator of a facility as reimbursements under this [chapter] an amount that exceeds [$6 million].

Section 6. [Eligibility of Operators of Electric Energy Generation Facilities for Grants.]
(a) Except as provided by Subsection (b), an operator of a facility that uses biomass to generate electric energy is not eligible to receive a grant under this [chapter] or under any other state law for the generation of electric energy with qualified agricultural biomass, forest wood waste, urban wood waste, or storm-generated biomass debris for which a farmer, logger, or diverter has received a grant under this [chapter].

(b) An operator of a facility that uses biomass to generate electric energy may receive a grant from the [department] under this [chapter] for generating electric energy with qualified agricultural biomass, forest wood waste, urban wood waste, or storm-generated biomass debris that arrives at the facility in a form unsuitable for generating electric energy and that the facility processes into a form suitable for generating electric energy.

(c) To receive a grant from the department under Subsection (b), an operator of a facility must file an application with the [department] that verifies the amount of qualified agricultural biomass, forest wood waste, urban wood waste, or storm-generated biomass debris that the facility processed into a form suitable for generating electric energy. The [department] shall make grants to eligible operators of facilities quarterly, subject to appropriations. The provisions of this [chapter] governing grants to farmers, loggers, and diverters, including the provisions governing the amount of a grant, apply to a grant from the department under Subsection (b) to the extent they can be made applicable.

Clean Contracting Standards Statement

*Connecticut Public Act 07-1 establishes a State Contracting Standards Board (SCSB) as an independent Executive Branch agency. The new board has various responsibilities associated with the state contracting processes, including reviewing, monitoring, and auditing state contracting agencies’ procurement processes. “State contracting agencies” are state Executive Branch agencies, boards, commissions, departments, offices, institutions, or council. These do not include the Judicial Branch, the Legislative Branch, or the offices of the Secretary of the State, the State Treasurer, the State Comptroller or the Attorney General with respect to their constitutional functions, or any state agency with respect to contracts specific to the responsibilities of the Office of the State Treasurer. However, the bill requires the Judicial and Legislative branches to prepare their own procurement codes by February 1, 2011 and state constitutional officers to adopt one by June 1, 2011.

The bill requires the SCSB to adopt rules to conduct its internal affairs, including appellate rules of procedure and reviews of appeals by bidders. The bill allows the SCSB to disqualify contactors and state agencies to suspend them. It requires all state contracts that take effect on or after the bill’s passage to contain provisions to ensure accountability, transparency, and results-based outcomes, as the SCSB prescribes.

Under the Act, “contract” or “state contract” means an agreement or a combination or series of agreements between a state contracting agency or quasi-public agency and a business for:

• a project for the construction, reconstruction, alteration, remodeling, repair or demolition of any public building, public work, mass transit, rail station, parking garage, rail track or airport;

• services, including, but not limited to, consultant and professional services;

• acquiring or disposing personal property;

• providing goods and services, including, using purchase of services contracts and personal service agreements;

• providing information technology, state agency information system or telecommunication system facilities, equipment or services; or

• a lease or a licensing agreement;

“Contract” or “state contract” does not include a contract between a state agency or a quasi-public agency and a political subdivision of the state.

Under the Act, the SCSB is responsible for:

• recommending the repeal of repetitive, conflicting, or obsolete state procurement laws;

• making recommendations regarding information systems for state procurement including data element and design and the state contracting portal;

• developing a guide to state statutes and regulations concerning procurement for use by all state contracting agencies;

• providing guidance, models, advice, and practical assistance to agencies related to buying the best service at the best price, properly selecting contractors, and drafting contracts that protect taxpayers’ interests; and

• adopting regulations and policies to carry out state procurement laws in order to facilitate consistent application and require the implementation of best procurement practices.

The SCSB must also make recommendations about proposed legislation and regulations about procuring, managing, controlling, and disposing supplies, services, and construction, including:
• prequalification, suspension, debarment, and reinstatement of prospective bidders and contractors;
• small purchase procedures;
• conditions and procedures for delegating procurement authority, procuring perishables and items for resale, using source selection methods authorized by statute or regulation, emergency procurements, and selecting contractors by processes or methods that restrict full and open competition;
• opening or rejecting bids and offers and waiving errors in bids and offers;
• confidentiality of technical data and trade secrets submitted by actual or prospective bidders;
• partial, progressive, and multiple awards;
• supervising storerooms and inventories, including determining appropriate stock levels and the management, transfer, sale, or other disposal of publicly owned supplies;
• defining classes of contractual services and procedures for acquiring them;
• regulations for conducting cost and price analysis;
• using payment and performance bonds;
• guidelines for using cost principles in negotiations, adjustments, and settlements;

and

• identifying procurement best practices.

The Act directs the SCSB to train and oversee the procurement and contracting officers in each state contracting agency.

The bill requires each state contracting agency appoint a liaison between the agency and the SCSB to help the agency implement and comply with board statutes, regulations or policies and to help coordinate the training and education of agency procurement employees. The agency must assure that contractors are properly screened before a contract is awarded, evaluate their performances during and at the end of a contract, submit written evaluations to a central data repository that the board designates, and create a project management plan that includes annual reports to the board on the agency’s procurement projects.

This Act requires the board to review and certify that a state contracting agency’s procurement processes comply with procurement statutes and regulations. It must accomplish this by establishing procurement and project management education and training criteria; certifying agency procurement and contracting officers; and approving, in consultation with the Office of State Ethics, an ethics training course, including a course for state employees involved in procurement and prequalified state contractors and substantial subcontractors. The Office of State Ethics or any person, firm, or corporation can develop and provide the training, but the SCSB must approve the course. Employees must maintain the certification in good standing at all times while performing procurement functions, and the board must recertify each state contracting agency’s procurement processes at least every three years, notify them about any certification deficiency, and exercise its enforcement authority if it finds noncompliance.

The SCSB, with the advice and assistance of the administrative services commissioner, must develop a standardized state procurement and project management education and training program. The board must adopt implementing regulations. The program must develop education, training, and professional development opportunities for state contracting agencies’ employees with procurement responsibilities. It must educate agency staff about general business acumen and on proper purchasing procedures as established in procurement statutes and regulations. The program must emphasize ethics, fairness, consistency, and project management.

The bill requires state contracting agencies’ employees responsible for buying, purchasing, renting, leasing, or otherwise acquiring any supplies, service, or construction to participate in the
program. The SCSB must give agency employees who complete the program a document acknowledging their participation. It must give the governor and legislature an annual status report about the training and education program.

The bill requires the SCSB to audit state contracting agencies at least once every three years and report on their compliance with procurement statutes and regulations. During the audit, the bill gives the board access to all of the agencies’ contracting and procurement records and authority to interview people responsible for awarding and negotiating contracts or procurement. The board can contract with the state auditors to conduct the audit.

This Act requires the board to “define the contract data reporting requirements to the board for state agencies.” While this is unclear, Connecticut staff suggests it could mean that the board must inform state agencies of their duties to report data on:

- the number and type of state contracts of each state contracting agency currently in effect statewide;
- the contracts’ terms and dollar values;
- their client agencies;
- services purchased under such contracts;
- contractor names;
- their evaluations of contractors’ performances, including records on suspensions or disqualifications and assurances that the information is available on the state contracting portal; and
- all contracts and contractors awarded without full and open competition, including the reasons for the decisions and the names of the authorities that approved them.

The board must identify in a compliance report any process or procedure that is inconsistent with procurement laws and regulations and corrective measures to achieve compliance. It must deliver the report, which is a public record, to the contracting agency within 30 days after the audit is completed.

The SCSB can review, terminate, or recommend to a state contracting agency terminating a contract or procurement agreement for cause after consulting with the attorney general and giving the agency and contractor 15 days notice. “For cause” means engaging in activities prohibited under the State Ethics Code as determined by a Citizen's Ethics Advisory Board; wanton or reckless disregard of any state contracting and procurement process by anyone substantially involved in the contract or with the state contracting agency; or notification from the attorney general to the state contracting agency that a whistleblower investigation indicates that the contract process was compromised by fraud, collusion, or any other criminal violation.

The decision to terminate a contract must be preceded by the board’s consultation with the contracting agency to determine the impact of an immediate termination and a joint decision by the board and the agency that immediate termination will not cause imminent peril to public health, safety, or welfare. The board’s decision to terminate must be approved by a two-thirds vote of its members present and voting, including at least one board member appointee by a legislative leader. The board must notify the state contracting agency and the contractor of the opportunity for a hearing under the UAPA.

The bill establishes a Contracting Standards Advisory Council consisting of representatives from the state Office of Policy and Management; the departments of transportation, administrative services, public works, and information technology; three other contracting agencies that the governor designates, including one human services-related state agency; and the chief procurement officer who serves as chairperson.

The council must meet at least four times a year to discuss state procurement issues and recommend improvements to the procurement process to the SCSB. It may conduct studies,
research, and analyses, and make reports and recommendations with respect to matters within SCSB’s jurisdiction.

On or before July 1, 2010, the SCSB must submit to the governor and legislature necessary legislation to permit state contracting agencies, other than quasi-publics, institutions of higher education, and municipal procurement processes using state funds to comply with procurement laws and regulations. Within the next year, the board must submit legislation necessary to have procurement statutes apply to constituent units of higher education and privatization and procurement statutes and regulations apply to quasi-public agencies. By July 1, 2012, the board must submit legislation to the governor and legislature necessary to have procurement statutes and regulations apply to municipalities when state funds are involved.

The Act requires the Judicial and Legislative branches prepare procurement codes to use when contracting for, buying, renting, leasing, or otherwise acquiring or disposing of supplies, equipment, or services, including consultant, personal, and construction services. These codes must:

- establish uniform contracting standards and practices;
- ensure the fair and equitable treatment of all businesses and people involved in the procurement system;
- include a process for maximizing the use of small contractors and minority business enterprises;
- provide increased economy in procurement activities and maximize purchasing value to the fullest extent possible;
- ensure that they procure supplies, materials, equipment, services, real property, and construction in a cost-effective and responsive manner;
- include a process to ensure accountability between contractors and the Judicial and Legislative branches;
- simplify and clarify contracting standards and procurement policies and practices, including procedures for competitive sealed bids or proposals, small purchases, and sole source, special, and emergency procurements; and
- provide a process for competitive sealed bids and proposals, small purchases, sole source, emergency, and special procurements, best-value selection, and qualification-based selection, and the conditions for their use.

Under the Act, “best-value selection” means a process to award contracts based on quality, timeliness, and costs. “Qualification-based selection” means a process to award contracts based primarily on contractor qualifications and a fair and reasonable price. “Emergency procurements” are those necessary because of a sudden, unexpected occurrence that poses a clear and imminent danger to public safety or that requires immediate action to prevent or reduce loss or impairment of life, health, property, or essential public services, or needed in response to a court order, settlement agreement, or other similar legal judgment.

This Act also establishes a procedure for privatizing state contracts. The procedure includes a requirement for cost-benefit analyses and business cases. Before privatizing any state service that is not currently privatized, a state contracting agency must develop a cost-benefit analysis and a business case. The cost-benefit analysis must document the direct and indirect costs, savings, and qualitative and quantitative benefits of the privatization contract. The analysis must specify the minimum schedule required to achieve any estimated savings and clearly identify any cost factor. Cost factors must be supported by all applicable records and reports. The state contracting agency’s head must certify that, based on the data and information, all projected costs, savings and benefits are valid and achievable. “Costs” means all reasonable, relevant and verifiable expenses, including salary, materials, supplies, services, equipment, capital depreciation,
rent, maintenance, repairs, utilities, insurance, travel, overhead, interim and final payments and the normal cost of fringe benefits, as calculated by the comptroller. “Savings” means the difference between the current annual direct and indirect costs of providing the service and the projected, annual direct and indirect costs of contracting to provide them in any succeeding state fiscal year during the term of such proposed privatization contract.

If such cost-benefit analysis identifies a cost savings of less than 10%, the contract will not diminish the quality of services, and there is a significant public policy reason to privatize, the state contracting agency may develop a business case to evaluate the feasibility of entering the contract and to identify its potential results, effectiveness, and efficiency.

If the contract would result in at least 100 layoffs, transfers, or reassignments, after consulting with unions, the contracting agency must notify the affected employees after the cost-benefit analysis is completed, give them the opportunity to reduce the costs of providing the services to be privatized, and give them resources to encourage and help them organize and bid on the contract. The state contracting agency retains sole discretion in determining whether to proceed with the privatization contract if the SCSB approves the business case.

Any business case must include:
- the cost-benefit analysis;
- a detailed description of the service or activity that is the subject of such business case;
- a description and analysis of the state contracting agency’s current performance of such service or activity;
- the goals to be achieved through the proposed privatization contract and the rationale for such goals;
- a description of available options for achieving such goals;
- an analysis of the advantages and disadvantages of each option, including potential performance improvements and risks attendant to terminating or rescinding the contract;
- a description of the current market for the services or activities that are the subject of the business case;
- an analysis of the quality of services as determined by standardized measures and key performance requirements, including compensation, turnover, and staffing ratios;
- a description of the specific results-based performance standards that must be met to ensure adequate performance by any party performing the service or activity;
- the projected time frame for key events from the beginning of the procurement process through the expiration of a contract, if applicable;
- a specific and feasible contingency plan that addresses contractor nonperformance and a description of the tasks involved in and costs required for implementing the plan; and
- a transition plan, if appropriate, for addressing changes in the number of agency personnel, affected business processes, employee transition issues, and communications with affected stakeholders, such as agency clients and members of the public, if applicable.

The transition plan must contain a reemployment and retraining assistance plan for employees who are not retained by the state or employed by the contractor.

If the primary purpose of the proposed privatization contract is to provide a core governmental function, the business case must also include information sufficient to rebut the presumption that the core governmental function should not be privatized. The presumption cannot be construed to prohibit a state contracting agency from contracting for specialized technical expertise not available within the agency; however, the agency must retain responsibility for the core governmental function. “Core governmental function” means a function for which the primary purpose is:
• to inspect for adherence to health and safety standards because public health or safety may be jeopardized if the inspection is not done or is not done in a timely or proper manner;
• to establish statutory, regulatory, or contractual standards for a regulated person, entity, or state contractor;
• to enforce public health or safety statutory, regulatory, or contractual requirements; or
• criminal or civil law enforcement.

If any part of the business case is based upon evidence that the state contracting agency is not sufficiently staffed to provide the core governmental function required by the privatization contract, the state contracting agency must also include within the business case a plan to remediate the understaffing to allow the services to be provided directly by the state contracting agency in the future.

Once the business case is completed, the state contracting agency must submit it to the SCSB. If the privatization contract is projected to cost in excess of $150 million annually or $600 million over the life of such contract, the state contracting agency must also submit the business case to the governor, the Senate president pro tempore, the House speaker, and any collective bargaining unit affected by the proposed privatization contract. Each state contracting agency that submits a business case for review must give the board all information, documents, or other material required by the privatization contract committee to complete its review and evaluation of such business case. The SCSB cannot engage in any ex parte communications with a lobbyist, contractor, or union representative during the review.

Upon receipt of any such business case from a state contracting agency, the SCSB must immediately refer it to a five-member privatization contract committee, which must employ a standard process for reviewing, evaluating, and approving business cases. The process must include due consideration of:

• the state contracting agency’s cost-benefit analysis;
• the agency’s business case, including any facts, documents, or other materials that are relevant to the business case;
• any adverse effect that the privatization contract may have on minority, small, and women-owned businesses that do, or are attempting to do business with the state; and
• the value of having services performed in the state and within the United States.

The privatization committee must evaluate the business case and submit its evaluation to the SCSB for review and approval. During the review or consideration, no board member can engage in any ex parte communication with any lobbyist, contractor, or union representative.

Within 60 days after receiving a business case, the SCSB must transmit a report detailing its review, evaluation, and disposition to the state contracting agency that submitted it and, in the case of a privatization contract with a projected cost of at least $150 million dollars annually or $600 million dollars over the life of the contract, also send the report to the governor, the Senate president pro tempore, the House speaker, and any collective bargaining unit affected by the proposed privatization contract. The 60 days may be extended for an additional 30 days upon a majority vote of the board or the privatization contract committee and for good cause shown. A business is deemed approved if the SCSB does not act on it within the 60 days, except that no business case may be approved because the board fails to meet.

The board’s report must include the business case, the privatization contract committee’s evaluation of the business case, the reasons for approval or disapproval, any recommendations of the board, and sufficient information to help the state contracting agency determine if additional steps are necessary to move forward with a privatization contract.
Generally, a majority vote of the board is required to approve a business case. However, a two-thirds vote, including the vote of at least one board member appointed by a legislative leader, is required to approve a business case to privatize a core governmental function. Before approval, the state contracting agency must provide sufficient evidence to rebut the presumption that the core governmental function should not be privatized and there is a significant policy reason to approve the business case. In no case can a state contracting agency’s staffing level constitute a significant policy reason to approve a business case for privatizing a core governmental function.

Any state contracting agency may request an expedited review if there is a compelling public interest for doing so. If the board approves the agency’s request, the review must be completed no later than 30 days after receipt. If the board fails to complete an expedited review within the 30 days, the business case is deemed approved.

A state contracting agency may publish notice soliciting bids for a privatization contract only after the board approves the business case. A contract that is estimated to cost in excess of $150 million dollars annually or $600 million or more over its life must also be pre-approved by the legislature. The legislature, by a majority vote in either chamber, must either reject or approve the contract in its entirety. If the legislature is in session, it must approve or reject the contract within 30 days after it is filed. If the legislature is not in session when the contract is filed, the contract must be submitted not later than 10 days after the first day of the next regular session or special session called for that purpose.

A contract is deemed approved if the legislature fails to vote to approve or reject it within the 30 days, which period cannot begin or expire unless the legislature is in regular session. Any contract filed with the clerks within 30 days before the start of a regular session is deemed to be filed on the first day of such session.

Not later than 30 days after the board decides to approve a business case, any collective bargaining agent of any employee adversely affected by the proposed privatization contract may file a motion for an order to show cause in the Hartford Superior Court on the grounds that the contract fails to comply with the bill’s substantive or procedural requirements regarding privatization. The court may: (1) deny the motion; (2) grant the motion if it finds that the proposed contract would substantively violate the bill’s privatization provisions; or (3) stay the effective date of the contract until any substantive or procedural defect has been corrected.

The SCSB may review existing privatization contracts and must review at least one contracting area each year that is currently privatized. During the review, no board member can engage in any ex parte communication with any lobbyist, contractor, or union representative. For each privatization contract that the board selects for review, the appropriate state contracting agency must develop a cost-benefit analysis. Any affected party may petition the board to review the business case of any existing privatization contract. The SCSB cannot engage in any ex parte communications with a lobbyist, contractor, or union representative during the review.

If the cost-benefit analysis identifies cost savings of at least 10% and the contract does not diminish the quality of the service provided, the state contracting agency must develop a business case to renew the contract. The board must review the contract just as it does proposed privatization contracts and may approve the renewal by the applicable vote of the board, provided any renewal that is estimated to cost in excess of $150 million annually or $600 million dollars or more over the life of the contract must also be pre-approved by the General Assembly. If the renewal is approved by the board and the General Assembly, if applicable, the bill’s provision on proposed amendments applies.

If the cost-benefit analysis identifies a cost savings of less than 10%, the state contracting agency must prepare and begin to implement a plan to have the service provided by state employees. However, (1) after the plan is prepared but before it is implemented the state contracting agency may develop a business case for the privatization contract that achieves at least
a 10% cost savings and must submit the plan to the SCSB for review and approval; (2) the privatization contract cannot be renewed with the vendor currently providing the service unless there is a significant public interest in doing so and the renewal is approved by a two-thirds vote of the board, including the vote of at least one member appointed by a legislative leader; (3) until the state contracting agency implements the plan, it may contract for the services for up to one year; and (4) funds may be transferred from the General Fund to allocate necessary resources to carry out this provision upon the governor’s recommendation and after approval of the Finance Advisory Committee.

Renewal of a privatization contract with a nonprofit organization cannot be denied if the cost of increasing compensation to employees performing the privatized service is the only reason for the contract not achieving a 10% cost savings.

This Act directs that when an affected party suspects collusion or other anticompetitive practices among any bidders or proposers for a state contract, the party must give the attorney general notice of the relevant facts. Affected parties include the state contracting agency or a bidder or proposer. A proposer is a business submitting a proposal in response to a request for proposals or other competitive sealed proposal by a state contracting agency.

The bill allows the SCSB to disqualify any contractor, bidder, or proposer from bidding on, applying for, or participating as contractor or subcontractor under state contracts. The disqualification can run for up to five years.

In order to disqualify a contractor, bidder, or proposer, the board must consult with the relevant contracting agency and the attorney general; provide reasonable notice and hold a hearing; and act through a subcommittee of three members, including at least one legislative appointee, appointed by the board’s chairperson. In determining whether to disqualify a contractor, bidder or proposer, the board must consider the seriousness of the affected party’s acts or omissions and any mitigating factors.

Grounds for disqualification include:

- conviction of, or entry of a plea of guilty or nolo contendere (no contest) or admission to, the commission of a criminal offense in connection with obtaining or attempting to obtain a public or private contract or subcontract, or in the performance of such contract or subcontract; the violation of any state or federal law for embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property or other offenses indicating a lack of business integrity or honesty that affects responsibility as a contractor; or a violation of any state or federal antitrust, collusion or conspiracy law arising from the submission of bids or proposals on a public or private contract or subcontract;
- accumulation of two or more suspensions under the uniform procurement code within a 24-month period;
- a willful, negligent or reckless failure to meet the terms of one or more state contracts or subcontracts, agreements, or transactions;
- a history of failure to perform or of unsatisfactory performance on one or more state contracts, agreements, or transactions;
- a willful violation of a statutory or regulatory provision or requirement applicable to a state contract, agreement of transaction;
- a willful or egregious violation of State Ethics Code provisions on prohibited activities and prohibited activities by consultants and independent contractors as determined by a Citizen's Ethics Advisory Board; or
- any other cause or conduct the board determines to be so serious and compelling as to affect responsibility as a state contractor.
The last category includes disqualification by another state for cause; the existence of an informal or formal business relationship with a contractor who has been disqualified from bidding or proposing on state contracts of any state contracting agency; and the fraudulent or criminal conduct of any officer, director, shareholder, partner, employee or other individual associated with a contractor, bidder or proposer, if the conduct was connected with the individual’s performance of duties for, or on behalf of, the contractor, bidder or proposer and the contractor, bidder or proposer knew or had reason to know of the conduct.

This bill establishes a process for bidders or proposers on state contracts to contest the way the contracts were solicited or awarded or to contest an unauthorized or unwarranted, noncompetitive selection process. A bidder may contest to a SCSB subcommittee consisting of three members, including at least one legislative appointee, appointed by the chairperson. The contest must be in writing and submitted within 14 days after the bidder knew or should have known about the facts forming the basis for the contest. The contest must be limited to the solicitation or awarding procedures or claims of unauthorized or unwarranted noncompetitive selection.

The Act authorizes the subcommittee to resolve or settle the contest. If the complaint is not resolved, the bill requires the subcommittee to issue a written decision within 30 days after receiving the contest and provide a copy to the complaining bidder.

The Act permits contractors, bidders, or proposers to appeal a subcommittee’s suspension decision to the SCSB within 14 days after receiving it. Each bidder or proposer must state the facts supporting his claim in enough detail for the SCSB to determine whether procedural elements of the solicitation or award failed to comply with the code or whether an unauthorized or unwarranted, noncompetitive selection process was utilized. The appeal does not automatically prohibit the award or execution of the contested contract.

The legislation requires the SCSB to create a subcommittee of three of its members, including one legislative appointee, to review these appeals and vote on whether a bidder’s allegation has been demonstrated. The appeals committee may not include any SCSB member who originally heard the case. A unanimous vote is dispositive. If the vote is split, the full membership must review the appeal and dispose of it by a vote of two-thirds of its members present and voting, including at least one vote by a legislative appointee. (The bill does not specify what happens if the vote of the full board is less than two-thirds. ) And any three board members may request that the full board review an agency’s deliberative or awards process.

The subcommittee, or the full board in the event of a split vote, must issue a written decision, or take other appropriate action, on each appeal and provide a copy of any decision to the bidder. The subcommittee must act within 90 days after receiving the appeal. The full committee must act within 90 days after receiving the appeal from the subcommittee. If the subcommittee or full board decides in the bidder’s favor, the board must direct the state contracting agency to take corrective action within 30 days after the decision date. A decision by the full board or the appeals review committee is final and not subject to appeal.

The bill also requires the Department of Administrative Services (DAS) to maintain a single electronic portal for posting most contracting opportunities in the state.

Collecting and Recycling Covered Electronic Devices

This Act is based upon Connecticut law enacting model legislation by The Council of State Governments/Eastern Regional Conference (CSG/ERC) and the Northeast Recycling Council, Inc. (NERC). In February 2005, CSG/ERC and NERC launched a collaborative project to develop a coordinated legislative approach to end-of-life electronics management in the Northeast. As part of the project, CSG/ERC and NERC facilitated an effort among state legislators, legislative and environmental agency staff from ten states, the U.S. Virgin Islands, Puerto Rico and Quebec to craft model legislation.

During the course of this effort, participants solicited input from nearly 100 stakeholders, including electronics manufacturers, retailers, recyclers, leasing companies, reuse organizations, environmental groups and local government representatives.

Following an intensive 14-month-long process, the group released An Act Providing for the Recovery and Recycling of Used Electronic Devices.

As of February 2007, the CSG/ERC - NERC Model Electronics Legislation was filed in the following states and territories:

- Connecticut: HB 7249
- New Jersey: A3572
- New York: A3200 / S7165
- Pennsylvania: HB7
- Puerto Rico: HB 2955
- Vermont: S.17

As of July 2007, Connecticut was among the first (and possibly, only) state to enact the ERC/NERC model. That model legislation establishes a comprehensive recycling system to ensure safe and environmentally sound management of electronic devices and components, encourages the design of electronic devices and components that are less toxic and more recyclable; and promotes the development of a statewide infrastructure for collection and recycling of end-of-life electronics.

Covered electronic devices (CEDs) the model addresses include desktop/personal computers, computer monitors, portable computers (laptops), CRT-based televisions, non-CRT-based televisions. The model does not address motor vehicle components; industrial, commercial, or medical equipment, including diagnostic, monitoring, or control equipment; clothes washer, clothes dryer, refrigerator, refrigerator and freezer, microwave oven, conventional oven or range, dishwasher, room air conditioner, dehumidifier, or air purifiers; or telephones of any type unless they contain a video display area greater than 4 inches measured diagonally. Covered electronic devices (CEDs) are those purchased at retail.

To help fund the program, the model legislation requires all manufacturers to pay a $5,000 annual registration fee and additionally, manufacturers must either pay a fee to cover the cost of collection, transportation, and recycling of their total obligation, or collect, transport, and recycle the equivalent amount themselves.

To determine the manufacturer obligation (or share) under the model Act, the state environmental agency sets a State recycling rate. The state recycling rate is equivalent to the ratio of the weight of total overall returns of CEDs in the state to the weight of total overall sales of CEDs in the state during the previous calendar year. A manufacturer is required to either pay a fee calculated as the state recycling rate multiplied by the weight of the manufacturer’s CEDs sold in the state during the previous calendar year, multiplied by no more than $0.50 per pound; or collect, transport, and recycle a quantity of CEDs equal to the weight of the manufacturer’s CEDs sold in the State during the previous calendar year, multiplied by the State recycling rate.
Under the model, in order to be eligible for the second option, a manufacturer must submit a plan for such a program that is approved by the state environmental agency. If a manufacturer fails to comply with all of the terms of an approved plan, it must submit a payment to cover the cost of collecting, transporting, and recycling the unmet portion of its obligation, plus a 10% penalty. Manufacturers can obtain credits if they collect, transport, and recycle in excess of their obligation – and apply the credits to their obligation in the following year, or sell them. No end-of-life fees are permitted.

Manufacturers must annually report the total CEDs sold in state, by weight; pay an annual registration fee of $5,000; pay an annual fee covering the cost of collection, transportation, and recycling of its obligation; or establish and implement a program that collects, transports, and recycles the total amount of its obligation. A manufacturer may establish a program in cooperation with other manufacturers.

Retailers can only sell products of manufacturers that are in full compliance with law and must post and provide public information that describes where and how to recycle the covered electronic device and opportunities and locations for the collection or return of the device.

This SSL draft Act creates a mandatory recycling program for discarded computers and televisions. Starting January 1, 2009, manufacturers must participate in a program to implement and finance the collection, transportation, and recycling of these covered electronic devices (CEDs). They may participate in the statewide program or a private program.

It requires each CED manufacturer to register with the Department of Environmental Protection (DEP) and pay an annual registration fee, which DEP must use to administer the program. Each registered manufacturer also must pay recyclers the reasonable costs of transporting and recycling its CEDs. The Act sets a maximum transportation and recycling reimbursement rate of 50 cents per pound.

The Act prohibits, with some exceptions, retailers from selling CEDs manufactured by noncompliant manufacturers. It requires municipalities to provide for the convenient recycling of CEDs generated within their borders and arrange for bringing CEDs to DEP-approved recyclers.

The Act prohibits, starting January 1, 2011, anyone from knowingly discarding a CED at a solid waste disposal facility other than a transfer station, and charging a fee to state residents bringing seven or fewer CEDs to a collector at any one time.

It creates two separate, nonlapses accounts within the Environmental Quality Fund. DEP must use funds from a “electronic device recycling program account” to carry out the Act’s provisions and a “covered electronic recycler reimbursement account” to reimburse recyclers for their unpaid qualified expenses.

The DEP commissioner must adopt regulations to implement the Act. The regulations must include provisions establishing:

- annual registration and reasonable fees for administering the program;
- a process for approving recyclers;
- a table of qualified reimbursable costs for recyclers;
- standards for the operation, accounting, and auditing of recyclers;
- a list of CEDs not limited to those the Act specifies, such as printers; and
- any other requirements needed to carry out the Act. The commissioner may help create and implement a regional, multi-state organization or compact to help carry out its provisions.

A retailer shall not offer for sale in this state a covered electronic device of a manufacturer that is not in compliance with such requirements. A retailer shall be considered to have complied with this responsibility if, on the date that the product was ordered from the manufacturer or its agent, the manufacturer was listed as being in compliance on the department's Internet web site.

(b) Notwithstanding subsection (a) of this section, a retailer may sell any CEDs ordered or in stock at the time of the initial posting of such list by the [commissioner], regardless of whether the manufacturer of such CED is on such list, until [six months after the initial posting] or until [December 1, 2009], whichever is earlier.

Section 4. [Labeling.] On and after [January 1, 2008], a manufacturer or retailer shall not sell or offer for sale a covered electronic device in the state unless it is labeled with the manufacturer’s brand, and the label is permanently affixed and readily visible.

Section 5. [Registration.]
(a) Each manufacturer of covered electronic devices shall register with the [Department of Environmental Protection] not later than [January 1, 2008], and [annually] thereafter, on a form prescribed by the [Commissioner of Environmental Protection] and accompanied by a fee set by the [Commissioner of Environmental Protection] in accordance with this section and any regulations adopted pursuant to this section. The [department] may review, at a public hearing, as necessary, the CED recycling and registration fees. The [commissioner] shall deposit the proceeds of the fees received from registrants in the [Electronic Device Recycling Program Account] established under [section 14 of this Act] for the purposes of covering the cost for the [department] to administer the program created in [sections 2 to 13, inclusive, of this Act] except as otherwise provided.

(b) Not later than [January 1, 2008], each manufacturer that has sold more than [one hundred CEDs in calendar year 2007] shall pay an initial registration fee of [five thousand dollars]. On or after [January 1, 2008], each manufacturer that has not sold CEDs by any means in the state prior to [January 1, 2008], shall pay an initial registration fee of [five thousand dollars] and an additional fee equivalent to the greater of: (1) [one per cent of the prior year's total share of orphan devices expressed in pounds multiplied by fifty cents], or (2) [one thousand dollars]. Such additional fee shall be deposited in the [Covered Electronic Recycler Reimbursement Account] established under [section 14 of this Act] for the purpose of reimbursing covered electronic recyclers for unpaid qualified expenses incurred under [section 6 of this Act]. The initial registration fee of [five thousand dollars] shall be deposited in the [Electronic Device Recycling
Program Account] established under [section 14 of this Act] for the purposes of covering the cost for the [department] to administer the program created in [sections 2 to 13, inclusive, of this Act].

(c) Commencing [January 1, 2009], all manufacturers shall pay an annual registration renewal fee as determined by the [commissioner] in accordance with [subsection (d) of this section].

(d) Not later than [October 1, 2008], the [commissioner] shall adopt regulations, in accordance with the provisions of [insert citation], to establish annual registration and reasonable fees for administering the program established by this Act. All fees charged shall be based on factors relative to the costs of administering such program and be based on a sliding scale that is representative of the manufacturer's market share of covered electronic devices in the state. Market share information shall be based on available national market share data. Fees shall be established in amounts to fully cover but not to exceed expenses incurred by the commissioner for the implementation of such program, including the cost of any education or outreach necessary to carry out such program.

Section 6. [Required Participation in State-Wide Electronics Program.]

(a) On and after [January 1, 2009], each manufacturer shall participate in the state-wide electronics recycling program established in this section to implement and finance the collection, transportation and recycling of covered electronic devices, and may participate in a private electronics recycling program.

(b) On and after [January 1, 2009], each municipality shall provide for the recycling of CEDs generated within its boundaries by participating in the state-wide electronics recycling program. Municipalities that participate in a regional recycling program may elect to participate in the state-wide electronics program through such regional authority. Each municipality or regional authority shall

(1) provide for the collection of CEDs from residents within such municipality or region,

(2) arrange for the transportation of collected CEDs to a covered electronic recycler, and

(3) make information readily available to residents of the municipality or region of the time and location of the collection of CEDs. In providing collection and recycling opportunities to its residents each municipality shall give priority to convenience and accessibility.

(c) On and after [January 1, 2009], each covered electronic recycler shall:

(1) cooperate with any municipality or regional authority to provide for the collection and transportation of CEDs,

(2) reimburse a municipality or regional authority for such municipality's or such authority's qualified costs of transportation,

(3) recycle all collected CEDs in accordance with the minimum standards established in [section 9 of this Act],

(4) maintain a written log that identifies responsible manufacturers by recording the brand and weight of each CED delivered to a covered electronic recycler and identified upon receipt as generated by a household in the state,

(5) report to the [commissioner] any manufacturer that is in arrears for more than [ninety days],

(6) file a plan for carrying out the provisions of this section on a form approved by the [commissioner], and

(7) invoice manufacturers quarterly for the reasonable costs of transporting and recycling that the manufacturer is responsible for pursuant to this section. Such costs shall be calculated on a per pound basis and shall not exceed [fifty cents per pound] or an amount
determined by the [commissioner] in regulations adopted pursuant to [section 12 of this Act]. Nothing in this subsection shall prohibit a registered manufacturer from entering into a cooperative agreement with a covered electronic recycler to return such manufacturer’s CEDs for subsequent recycling by the manufacturer provided the manufacturer certifies to the [commissioner] that such CEDs have been recycled in accordance with [subsection (e) of this section] and the manufacturer reimburses the covered electronic recycler for such recycler’s qualified costs, as determined by the [commissioner].

(d) On and after [January 1, 2009], each manufacturer shall pay the reasonable costs of transportation and recycling incurred by a covered electronic recycler for the CEDs attributed to such manufacturer and the manufacturer’s pro rata share of orphan devices processed by a covered electronic recycler. A manufacturer’s pro rata share of orphan devices shall be calculated as a manufacturer’s market share for the preceding calendar year divided by the total market share of all registered manufacturers for the same year multiplied by the total, in pounds, of orphan devices returned. The pro rata share of orphan devices shall be calculated separately for CEDs consisting of computer-related components, including desktop or personal computers, computer monitors, portable computers and for CEDs consisting of television-related components, including CRT-based and non-CRT-based televisions. Manufacturers of only CEDs consisting of television-related components or only CEDs consisting of computer-related components shall only be liable for their corresponding pro rata share. The [commissioner] may suspend the registration of any manufacturer in arrears for more than [ninety days]. A manufacturer that has had such manufacturer’s registration suspended in accordance with this subsection shall demonstrate that all past due payments and a penalty equivalent to [ten per cent of such past due payments] has been paid to the [commissioner] prior to seeking reinstatement of such registration. The [commissioner] shall deposit such penalty in the [Covered Electronic Recycler Reimbursement Account] established under [section 14 of this Act] for the purpose of reimbursing covered electronic recyclers for unpaid qualified expenses in accordance with this section and any regulations adopted pursuant to [section 12 of this Act]. Any covered electronic recycler seeking reimbursement for such qualified expenses shall file a request with the [commissioner] and certify that such expenses are qualified. The [commissioner] shall reimburse each covered electronic recycler to the extent that funds are available.

(e) Any private program for the collection, transportation and recycling of CEDs shall comply with the standards established in [section 9 of this Act]. Any manufacturer participating in a private program shall file a description of such program with such manufacturer’s annual registration, including:

(1) the methods that will be used to collect the covered electronic devices, including, but not limited to, the name and locations of all collection and consolidation points;

(2) the processes and methods that will be used to recycle recovered covered electronic devices, including a description of the disassembly and physical recovery operation such as crushing, shredding, grinding, glass-to-glass recycling or other operations that will be used;

Such information shall be provided in a clear written form and shall be included in the packaging of the covered electronic device or accompany the sale of the covered electronic device. If applicable, each manufacturer shall make readily available to all retailers selling such manufacturer’s CEDs information concerning such manufacturer’s private program for the collection, transportation and recycling of CEDs that has been submitted to the department, in accordance with [section 6 of this Act].

(b) No resident of this state giving [seven or fewer] covered electronic devices to a collector at any one time shall be charged any fees or costs for the collection, transportation or recycling of such covered electronic devices.

Section 8. [State-Wide Per-Capita Collection and Recycling Goals.]

Such report shall be posted on the [department’s] web site and a copy of such report submitted to the [joint standing committee of the General Assembly] having cognizance of matters relating to the environment.

(b) Not later than [October 1, 2010], and [annually] thereafter, the [commissioner] shall gather information from registrants and prepare a report regarding the status of the electronics recycling program. Such report shall contain:

(1) sufficient data, as determined by the [commissioner], and analysis of such data to evaluate the effectiveness of the state-wide recycling program and the components of such program, and

(b) The [commissioner] shall establish performance requirements in order for collectors, transporters and recyclers of covered electronic devices to be eligible to receive funds from the [department]. All entities shall, at a minimum, demonstrate compliance with the United States Environmental Protection Agency’s Plug-In to eCycling Guidelines for Materials Management as issued and available on said agency’s Internet web site in addition to any other requirements mandated by state or federal law.

Section 10. [Prohibiting Disposing Covering Electronic Devices in Solid Waste Facilities.]
(a) On and after [January 1, 2011], no person shall knowingly place a covered electronic device or any of the components or subassemblies of such device in any solid waste facility. An
owner or operator of a solid waste facility shall not be found in violation of this section if such
owner or operator has:

(1) made a good faith effort to comply with this section,

(2) posted, in a conspicuous location at the facility, a sign stating that covered
electronic devices or any components thereof shall not be accepted at such facility, and

(3) notified, in writing, all collectors registered to haul solid waste to such facility
that such devices or components shall not be accepted at the facility.

shall conduct a search of the state [criminal justice information system]. If this search does not
provide the necessary confirmation, the [department] shall use alternative public and private sector
resources that are currently used for criminal investigation purposes to confirm the address. The
[department of public safety] is prohibited from using or releasing the information from the
alternative public and private sector resources except pursuant to this section. A custodian or
public or private sector resource that releases information pursuant to this subsection is not civilly

Violators can have their business license suspended.

The Act also permits local governments in the state to enter into a written agreement with the United States Department of Homeland Security to help enforce federal immigration laws concerning investigating, detaining, and removing illegal aliens.

Enhanced Drivers’ Licenses and Identicards

According to Washington legislative staff, “The federal Intelligence Reform and Terrorism Prevention Act of 2004 mandated that the Secretary of Homeland Security, in consultation with the Secretary of State, develop and implement a plan to require United States citizens and foreign nationals to present a passport or other secure document when entering the United States. In April 2005, the Departments of State and Homeland Security announced the Western Hemisphere Travel Initiative, which will require people entering or re-entering the United States to present a passport or other acceptable secure identification. When announcing the Western Hemisphere Travel Initiative, the Departments of State and Homeland Security identified the passport as the document of choice for entry or re-entry into the United States, but acknowledged that certain other documents might be acceptable in lieu of a passport.”

This Act permits the state department of licensing (DOL) to enter into a memorandum of understanding with a federal agency to facilitate border crossing between the state and Canada. The DOL may enter into an agreement with a Canadian province to implement a border crossing initiative. The DOL may issue an enhanced driver’s license or identicard to an applicant who, in addition to meeting all other driver’s license or identicard requirements, provides the DOL with proof of United States citizenship, identity, and state residency. The enhanced driver’s license or identicard must include a one-to-many biometric matching system. The DOL must adopt rules and may set fees for the issuance of enhanced drivers’ licenses and identicards.

Fair and Legal Employment

This Act directs that an employer shall not intentionally employ an unauthorized alien or knowingly employ an unauthorized alien. On receipt of a complaint that an employer allegedly intentionally employs an unauthorized alien or knowingly employs an unauthorized alien, the attorney general or county attorney shall investigate. When investigating a complaint, the attorney general or county attorney shall verify the work authorization of the alleged unauthorized alien with the federal government pursuant to 8 United States Code Section 1373(c). A state, county or local official shall not attempt to independently make a final determination on whether an alien is authorized to work in the United States. An alien's immigration status or work authorization status shall be verified with the federal government pursuant to 8 United States Code Section 1373(c). If, after an investigation, the attorney general or county attorney determines that the complaint is not frivolous, the attorney general or county attorney shall notify United States Immigration and Customs Enforcement of the unauthorized alien. The attorney general or county attorney shall notify the local law enforcement agency of the unauthorized alien.

On February 7, 2008 the United States District Court for the District of Arizona dismissed a suit challenging the Act and also denied a temporary restraining order that would prohibit enforcing the Act.

Generally, the Court found:
- the Immigration Reform and Control Act (IRCA) expressly authorizes, rather than preempts, the licensing sanctions in the Act;
- the plain language of 8 U.S.C. § 1324a(h)(2) authorizes state licensing sanctions;
- the licensing sanction authorization is not conditioned on completed federal proceedings against the violator;
- the structure and purpose of IRCA do not support plaintiffs’ restrictive interpretation of the savings clause;
- IRCA does not clearly evidence congressional intent to prevent states from independently revoking the business licenses of those who knowingly employ unauthorized aliens;
- the Act does not impermissibly regulate in the field of immigration;
- the Act does not conflict with the purposes and objectives of Congress;
- the Act provides employers with procedural due process;
- plaintiffs have not shown that their interpretation fails due process; and
- the Superior Court process is fair and adequate.

A. An employer shall not intentionally employ an unauthorized alien or knowingly employ an unauthorized alien.

B. On receipt of a complaint that an employer allegedly intentionally employs an unauthorized alien or knowingly employs an unauthorized alien, the [attorney general] or county attorney shall investigate whether the employer has violated subsection A. When investigating a complaint, the [attorney general] or county attorney shall verify the work authorization of the alleged unauthorized alien with the federal government pursuant to 8 United States Code Section 1373(c). The county attorney shall not bring an action against any employer for any violation of subsection A that occurs before [January 1, 2008]. A second violation of this section shall be based only on an unauthorized alien who is employed by the employer after an action has been brought for a violation of subsection A.

E. For any action in [superior court under this section] the court shall expedite the action, including assigning the hearing at the earliest practicable date.

F. On a finding of a violation of subsection A:

   (a) shall order the employer to terminate the employment of all unauthorized aliens.
   (b) shall order the employer to be subject to a [three year probationary period].    (c) shall order the employer to file a signed sworn affidavit with the county attorney within [three business days] after the order is issued. The affidavit shall state that the employer has terminated the employment of all unauthorized aliens and that the employer will not intentionally or knowingly employ an unauthorized alien. The court shall order the appropriate agencies to suspend all licenses subject to this subdivision that are held by the employer if the employer fails to file a signed sworn affidavit with the county attorney within [three business days] after the order is issued. All licenses that are suspended under this subdivision shall remain suspended until the employer files a signed sworn affidavit with the county attorney. Notwithstanding any other law, on filing of the affidavit the suspended licenses shall be reinstated immediately by the appropriate agencies for the purposes of this subdivision, the licenses that are subject to suspension under this subdivision are all licenses that are held by the employer and that are necessary to operate the employer’s business at the employer’s business location where the unauthorized alien performed work. If a license is not necessary to operate the employer’s business at the specific location where the unauthorized alien performed work, but a license is necessary to operate the employer’s business in general, the licenses that are subject to suspension under this subdivision shall remain suspended. All licenses that are suspended under this subdivision shall remain suspended until the employer files a signed sworn affidavit with the county attorney. On receipt of the court’s order and notwithstanding any other law, the appropriate agencies shall suspend the licenses according to the court’s order. The court shall send a copy of the court’s order to the [attorney general] and the [attorney general] shall maintain the copy pursuant to subsection G.
   (d) may order the appropriate agencies to suspend all licenses described in subdivision (c) of this paragraph that are held by the employer for not to exceed ten business days. The court shall base its decision to suspend under this subdivision on any evidence or information submitted to it during the action for a violation of this subsection and shall consider the following factors, if relevant:
      (i) the number of unauthorized aliens employed by the employer.
(ii) any prior misconduct by the employer.
(iii) the degree of harm resulting from the violation.
(iv) whether the employer made good faith efforts to comply with any applicable requirements.
(v) the duration of the violation.
(vi) the role of the directors, officers or principals of the employer in the violation.
(vii) any other factors the court deems appropriate.

2. For a [first violation during a five year period] that is an intentional violation of subsection A, the court shall:
   (a) order the employer to terminate the employment of all unauthorized aliens.
   (b) order the employer to be subject to a [five year probationary period.] During the probationary period the employer shall file [quarterly] reports with the county attorney of each new employee who is hired by the employer at the specific location where the unauthorized alien performed work.
   (c) order the appropriate agencies to suspend all licenses, described in subdivision (d) of this paragraph that are held by the employer for a minimum of [ten days]. The court shall base its decision on the length of the suspension under this subdivision on any evidence or information submitted to it during the action for a violation of this subsection and shall consider the following factors, if relevant:
      (i) the number of unauthorized aliens employed by the employer.
      (ii) any prior misconduct by the employer.
      (iii) the degree of harm resulting from the violation.
      (iv) whether the employer made good faith efforts to comply with any applicable requirements.
      (v) the duration of the violation.
      (vi) the role of the directors, officers or principals of the employer in the violation.
      (vii) any other factors the court deems appropriate.
   (d) order the employer to file a signed sworn affidavit with the county attorney. The affidavit shall state that the employer has terminated the employment of all unauthorized aliens and that the employer will not intentionally or knowingly employ an unauthorized alien. All licenses that are suspended under this subdivision shall remain suspended until the employer files a signed sworn affidavit with the county attorney. For the purposes of this subdivision, the licenses that are subject to suspension under this subdivision are all licenses that are held by the employer and that are necessary to operate the employer’s business at the employer’s business location where the unauthorized alien performed work. If a license is not necessary to operate the employer’s business at the specific location where the unauthorized alien performed work, but a license is necessary to operate the employer’s business in general, the licenses that are subject to suspension under this subdivision are all licenses that are held by the employer at the employer’s primary place of business. On receipt of the court’s order and notwithstanding any other law, the appropriate agencies shall suspend the licenses according to the court’s order. The court shall send a copy of the court’s order to the [attorney general] and the [attorney general] shall maintain the copy pursuant to subsection G.

3. For a [second violation of subsection A during the period of probation], the court shall order the appropriate agencies to permanently revoke all licenses that are held by the employer and that are necessary to operate the employer’s business at the employer’s business location where the unauthorized alien performed work. If a license is not necessary to operate the
employer’s business at the specific location where the unauthorized alien performed work, but a
license is necessary to operate the employer’s business in general, the court shall order the
appropriate agencies to permanently revoke all licenses that are held by the employer at the
employer’s primary place of business. On receipt of the order and notwithstanding any other law,
the appropriate agencies shall immediately revoke the licenses.

G. The [attorney general] shall maintain copies of court orders that are received pursuant to
subsection F and shall maintain a database of the employers who have a first violation of
subsection A and make the court orders available on the [attorney general’s] website.

H. On determining whether an employee is an unauthorized alien, the court shall consider
only the federal government's determination pursuant to 8 United States Code Section 1373(c).
The federal government’s determination creates a rebuttable presumption of the employee’s lawful
status. The court may take judicial notice of the federal government’s determination and may
request the federal government to provide automated or testimonial verification pursuant to 8
United States Code Section 1373(c).

I. For the purposes of this section, proof of verifying the employment authorization of an
employee through the Basic Pilot Program creates a rebuttable presumption that an employer did
not intentionally employ an unauthorized alien or knowingly employ an unauthorized alien.

J. For the purposes of this section, an employer who establishes that it has complied in
good faith with the requirements of 8 United States Code Section 1324b establishes an affirmative
defense that the employer did not intentionally or knowingly employ an unauthorized alien.

Section 4. [Employer Actions; Federal or State Law Compliance.] This Act shall not be
construed to require an employer to take any action that the employer believes in good faith would
violate federal or state law.

Section 5. [Verification of Employment Eligibility; Basic Pilot Program.] After [December
31, 2007], every employer, after hiring an employee, shall verify the employment eligibility of the
employee through the Basic Pilot Program.

Section 6. [Employer Notice.] On or before [October 1, 2007], the [department of revenue]
shall provide a notice to every employer that is required to withhold tax pursuant to [insert
citation]. The notice shall explain the requirements of this Act, including the following:

1. A new state law prohibits employers from intentionally employing an unauthorized alien
or knowingly employing an unauthorized alien.

2. For a [first violation] of this new state law during a [three year period] that is a knowing
violation, the court will order the appropriate licensing agencies to suspend all licenses held by the
employer unless the employer files a signed sworn affidavit with the county attorney within [three
business days]. The filed affidavit must state that the employer has terminated the employment of
all unauthorized aliens and that the employer will not intentionally or knowingly employ an
unauthorized alien. A license that is suspended will remain suspended until the employer files a
signed sworn affidavit with the county attorney. A copy of the court order will be made available
on the [attorney general’s] website.

3. For a [first violation] of this new state law during a [five year period] that is an
intentional violation, the court will order the appropriate licensing agencies to suspend all licenses
held by the employer for a minimum of [ten days]. The employer must file a signed sworn
affidavit with the county attorney. The filed affidavit must state that the employer has terminated
the employment of all unauthorized aliens and that the employer will not intentionally or
knowingly employ an unauthorized alien. A license that is suspended will remain suspended until
the employer files a signed sworn affidavit with the county attorney. A copy of the court order will be made available on the [attorney general’s] website.

4. For a [second violation] of this new state law, the court will order the appropriate licensing agencies to permanently revoke all licenses that are held by the employer.

5. Proof of verifying the employment authorization of an employee through the Basic Pilot Program, as defined in this Act, will create a rebuttable presumption that an employer did not violate the new state law.

6. After [December 31, 2007], every employer, after hiring an employee, is required to verify the employment eligibility of the employee through the basic pilot program as defined in this Act.

7. Instructions for the employer on how to enroll in the Basic Pilot Program, as defined in this Act.

Section 7. [Employer Sanctions Legislative Study Committee.]

False Medicaid Claims

This Act provides a partial remedy for false Medicaid claims by providing specific procedures whereby the state, and private citizens acting for and on behalf of the state, may bring civil actions against people and entities who have obtained state funds through the submission of false or fraudulent claims to state agencies. This Act, in its provision for double and sometimes treble damages, is remedial in purpose, and is intended not to punish, but insofar as possible to make the state treasury whole for both the direct and indirect losses caused by the submission of false or fraudulent claims resulting in payments by this state or state agencies. By receiving a portion of the recovery in civil actions brought under the Act, “whistleblowers” are encouraged to come forward when they have information about the submission of false claims to the state Medicaid program, and rewarded when their initiative results in civil recoveries for this state.

Submitted as:
Georgia
HB 551
Status: Enacted into law in 2007.

Suggested State Legislation

(Title, enacting clause, etc.)

Section 1. [Short Title.] This Act shall be known and may be cited as the “State False Medicaid Claims Act.”

Section 2. [Legislative Findings.] The [General Assembly] recognizes that the submission of false or fraudulent claims to the state Medicaid Program can and does cause the state treasury to incur serious financial losses which results in direct harm to the taxpayers of this state. This Act is intended to provide a partial remedy for this problem by providing specific procedures whereby this state, and private citizens acting for and on behalf of this state, may bring civil actions against people and entities who have obtained state funds through the submission of false or fraudulent claims to state agencies. This Act, in its provision for double and sometimes treble damages, is remedial in purpose, and is intended not to punish, but insofar as possible to make the state treasury whole for both the direct and indirect losses caused by the submission of false or fraudulent claims resulting in payments by this state or state agencies. By receiving a portion of the recovery in civil actions brought under this Act, “whistleblowers” are encouraged to come forward when they have information about the submission of false claims to the Medicaid Program, and rewarded when their initiative results in civil recoveries for this state.

Section 3. [Definitions.] As used in this Act:

(1) ‘Claim’ includes any request or demand, whether under a contract or otherwise, for money, property, or services, which is made to the Medicaid Program, or to any officer, employee, fiscal intermediary, grantee or contractor of the Medicaid Program, or to other people or entities if it results in payments by the Medicaid Program, if the Medicaid Program provides or will provide any portion of the money or property requested or demanded, or if the Medicaid Program will reimburse the contractor, grantee, or other recipient for any portion of the money or property requested or demanded. A claim includes a request or demand made orally, in writing, electronically, or magnetically. Each claim may be treated as a separate claim.
(2) ‘Knowing’ and ‘knowingly’ mean that a person, with respect to information:

   (A) Has actual knowledge of the information;
   (B) Acts in deliberate ignorance of the truth or falsity of the information; or
   (C) Acts in reckless disregard of the truth or falsity of the information. No
   proof of specific intent to defraud is required.

(3) ‘Person’ means any natural person, corporation, company, association, firm,
partnership, society, joint-stock company, or any other entity with capacity to sue or be sued.

Section 4. [Penalties for Presenting a False Claim for Payment to the State Medicaid
Program.]

(a) Any person who:

   (1) Knowingly presents or causes to be presented to the Medicaid Program a false
or fraudulent claim for payment or approval;
   (2) Knowingly makes, uses, or causes to be made or used, a false record or
statement to get a false or fraudulent claim paid or approved by the Medicaid program;
   (3) Conspires to defraud the state Medicaid Program by getting a false or fraudulent
claim allowed or paid;
   (4) Has possession, custody, or control of property or money used, or to be used by
the Medicaid Program and, intending to defraud the Medicaid Program or willfully to conceal the
property, delivers, or causes to be delivered, less property than the amount for which the person
receives a certificate of receipt;
   (5) Being authorized to make or deliver a document certifying receipt of property
used, or to be used, by the state Medicaid Program and, intending to defraud the Medicaid
Program, makes or delivers the receipt without completely knowing that the information on the
receipt is true;
   (6) Knowingly buys, or receives as a pledge of an obligation or debt, public
property from an officer or employee of the Medicaid Program, who lawfully may not sell or
pledge the property; or
   (7) Knowingly makes, uses, or causes to be made or used, a false record or
statement to conceal, avoid, or decrease an obligation to pay, repay or transmit money or property
to this state, shall be liable to this state for a [civil penalty of not less than $5,500.00 and not more
than $11,000.00 for each false or fraudulent claim], plus [three times the amount of damages
which the Medicaid Program sustains] because of the act of such person.

(b) The provisions of subsection (a) of this Code section notwithstanding, if the court finds
that:

   (1) The person committing the violation of this subsection furnished officials of the
Medicaid Program with all information known to such person about the violation within [30] days
after the date on which the defendant first obtained the information;
   (2) Such person fully cooperated with any government investigation of such
violation; and
   (3) At the time such person furnished the state Medicaid Program with the
information about the violation, no criminal prosecution, civil action, or administrative action had
commenced under this Act with respect to such violation, and the person did not have actual
knowledge of the existence of an investigation into such violation, the court may assess not more
than [two times the amount of the actual damages which the Medicaid Program sustained because
of the act of such person].

(c) A person violating any provision of this subsection shall also be liable to this state for
all costs of any civil action brought to recover the damages and penalties provided under this Act.
Section 5. [Bringing Civil Actions Against People Who Violate this Act.]

(a) The [Attorney General] shall be authorized to investigate suspected, alleged, and reported violations of this Act. If the [Attorney General] finds that a person has violated or is violating this Act, then the [Attorney General] may bring a civil action against such person under this article.

(b) Subject to the exclusions set forth in this section, a civil action under this Act may also be brought by a private person. A civil action shall be brought in the name of the state. The civil action may be dismissed only if the court and the [Attorney General] give written consent to the dismissal and state the reasons for consenting to such dismissal.

(c) Where a private person brings a civil action under this Act, such person shall follow the following special procedures:

(1) A copy of the complaint and written disclosure of substantially all material evidence and information the person possesses shall be served on the [Attorney General];

(2) The complaint shall be filed in camera, shall remain under seal for at least [60] days, and shall not be served on the defendant until the court so orders. The purpose of the period under seal shall be to allow the [Attorney General] to investigate the allegations of the complaint. The [Attorney General] may elect to intervene and proceed with the civil action within [60] days after it receives both the complaint and the material evidence and information;

(3) The [Attorney General] may, for good cause shown, move the court for extensions of the time during which the complaint remains under seal under paragraph (2) of this subsection. Any such motions may be supported by affidavits or other submissions in camera;

(4) Before the expiration of the [60] day period or any extensions obtained under paragraph (3) of this subsection, the [Attorney General] shall:

(A) Proceed with the civil action, in which case the civil action shall be conducted by the [Attorney General]; or

(B) Notify the court that it declines to take over the civil action, in which case the person bringing the civil action shall have the right to proceed with the civil action;

(5) The defendant shall not be required to respond to any complaint filed under this section until [30] days after the complaint is unsealed and served upon the defendant; and

(6) When a person brings a civil action under this subsection, no person other than the [Attorney General] may intervene or bring a related civil action based on the facts underlying the pending civil action.

(d) (1) If the [Attorney General] elects to intervene and proceed with the civil action, he or she shall have the primary responsibility for prosecuting the civil action, and shall not be bound by an act of the person bringing such civil action. Such person shall have the right to continue as a party to the civil action, subject to the limitations set forth in this subsection.

(2) The [Attorney General] may dismiss the civil action, notwithstanding the objections of the person initiating the civil action, if the person has been notified by the [Attorney General] of the filing of the motion and the court has provided the person with an opportunity for a hearing on the motion.

(3) The [Attorney General] may settle the civil action with the defendant notwithstanding the objections of the person initiating the civil action if the court determines, after a hearing, that the proposed settlement is fair, adequate, and reasonable under all the circumstances. Upon a showing of good cause, such hearing may be held in camera.

(4) Upon a showing by the [Attorney General] that unrestricted participation during the course of the litigation by the person initiating the civil action would interfere with or unduly delay the [Attorney General’s] litigation of the case, or would be repetitious, irrelevant, or for purposes of harassment, the court may, in its discretion, impose limitations on the person’s participation, such as:
(A) Limiting the number of witnesses the person may call;  
(B) Limiting the length of the testimony of such witnesses;  
(C) Limiting the person’s cross-examination of witnesses; or  
(D) Otherwise limiting the participation by the person in the litigation.

(e) Upon a showing by the defendant that unrestricted participation during the course of the litigation by the person initiating the civil action would be for purposes of harassment or would cause the defendant undue burden or unnecessary expense, the court may limit the participation by the person in the litigation.

(f) If the [Attorney General] elects not to proceed with the civil action, the person who initiated the civil action shall have the right to conduct the civil action. If the [Attorney General] so requests, he or she shall be served with copies of all pleadings filed in the civil action and shall be supplied with copies of all deposition transcripts. When a person proceeds with the civil action, the court may nevertheless permit the [Attorney General] to intervene at a later date for any purpose, including, but not limited to, dismissal of the civil action notwithstanding the objections of the person initiating the civil action if such person has been notified by the [Attorney General] of the filing of such motion and the court has provided such person with an opportunity for a hearing on such motion.

(g) Whether or not the [Attorney General] proceeds with the civil action, upon a showing by the [Attorney General] that certain actions of discovery by the person initiating the civil action would interfere with the [Attorney General’s] investigation or prosecution of a criminal or civil matter arising out of the same facts, the court may stay such discovery for a period of not more than [60] days. Such a showing shall be conducted in camera. The court may extend the [60] day period upon a further showing in camera that the [Attorney General] has pursued the criminal or civil investigation or proceedings with reasonable diligence and any proposed discovery in the civil action will interfere with the ongoing criminal or civil investigation or proceedings.

(h) Notwithstanding subsections (b) and (c) of this section, the [Attorney General] may elect to pursue this state’s claim through any alternate remedy available to the [Attorney General], including any administrative proceeding to determine a civil money penalty. If any such alternate remedy is pursued in another proceeding, the person initiating the civil action shall have the same rights in such proceeding as such person would have had if the civil action had continued under this section. Any finding of fact or conclusion of law made in such other proceeding that has become final shall be conclusive on all parties to a civil action under this section. For purposes of this subsection, a finding or conclusion is final if it has been finally determined on appeal to the appropriate court of this state, if all time for filing such an appeal with respect to the finding or conclusion has expired, or if the finding or conclusion is not subject to judicial review.

(i) (1) If the [Attorney General] proceeds with a civil action brought by a private person under subsection (b) of this section, such person shall, subject to the second sentence of this paragraph, receive [at least 15 percent but not more than 25 percent of the proceeds of the civil action or settlement of the claim], depending upon the extent to which the person substantially contributed to the prosecution of the civil action. Where the civil action is one which the court finds to be based primarily on disclosures of specific information, other than information provided by the person bringing the civil action, relating to allegations or transactions in a criminal, civil, or administrative hearing, in a legislative, administrative, or [Attorney General] hearing, audit, or investigation, or from the news media, the court may award such sums as it considers appropriate, but in no case [more than 10 percent of the proceeds], taking into account the significance of the information and the role of the person bringing such civil action in advancing the case to litigation. Any payment to a person under the first or second sentence of this paragraph shall be made from the proceeds. The remaining proceeds shall be payable to an [Indigent Care Trust Fund] as defined under [insert citation] to be used for the purposes set forth
in [insert citation]. Any such person shall also receive an amount for reasonable expenses which
the court finds to have been necessarily incurred, plus reasonable attorney’s fees and costs. All
such expenses, fees, and costs shall be awarded against the defendant.

(2) If the [Attorney General] does not proceed with a civil action under this section,
the person bringing the civil action or settling the claim shall receive an amount which the court
decides is reasonable for collecting the civil penalty and damages. Such amount shall be not [less
than 25 percent and not more than 30 percent of the proceeds of the civil action or settlement] and
shall be paid out of such proceeds. The remaining proceeds shall be payable to the [Indigent Care
Trust Fund] established under [insert citation] to be used for the purposes set forth in [insert
citation]. Such person shall also receive an amount for reasonable expenses which the court finds to
have been necessarily incurred, plus reasonable attorney’s fees and costs. All such expenses, fees,
and costs shall be awarded against the defendant.

(3) Whether or not the [Attorney General] proceeds with the civil action, if the
court finds that the civil action was brought by a person who planned and initiated the violation of
this Act upon which the civil action was brought, then the court may, to the extent the court
considers appropriate, reduce the share of the proceeds of the civil action which the person would
otherwise receive under paragraph (1) or (2) of this subsection, taking into account the role of that
person in advancing the case to litigation and any relevant circumstances pertaining to the
violation. If the person bringing the civil action is convicted of criminal conduct arising from his
or her role in the violation of this Act, such person shall be dismissed from the civil action and
shall not receive any share of the proceeds of the civil action. Such dismissal shall not prejudice
the right of this state of Georgia to continue the civil action, represented by the [Attorney
General].

(4) If the [Attorney General] does not proceed with the civil action and the person
bringing the civil action conducts the civil action, the court may award to the defendant its
reasonable attorney’s fees and expenses against the person bringing the civil action if the
defendant prevails in the civil action and the court finds that the claim of the person bringing the
civil action was clearly frivolous, clearly vexatious, or brought primarily for purposes of
harassment.

(5) The state shall not be liable for expenses which a private person incurs in
bringing a civil action under this Act.

(j) For purposes of this subsection, ‘public employee,’ ‘public official,’ and ‘public
employment’ shall include federal, state, and local employees and officials.

(1) No civil action may be brought under this Act by a person who is or was a
public employee or public official if the allegations of such action are substantially based upon:
(A) Allegations of wrongdoing or misconduct which such person had a duty
or obligation to report or investigate within the scope of his or her public employment or office; or
(B) Information or records to which such person had access as a result of
his or her public employment or office.

(2) No court shall have jurisdiction over a civil action under this Act based upon
the public disclosure of allegations or transactions in a criminal, civil, or administrative hearing, in
a legislative, administrative, or [Attorney General] report, hearing, audit, or investigation, or from
the news media, unless the civil action is brought by the [Attorney General] or unless the person
bringing the civil action is an original source of the information. For purposes of this paragraph,
‘original source’ means an individual who has direct and independent knowledge of the
information on which the allegations are based and has voluntarily provided the information to
this state before filing a civil action under this section based on such information.
(3) In no event may a person bring a civil action under this Act which is based upon allegations or transactions which are the subject of a civil or administrative proceeding to which the state is already party.

(4) No civil action may be brought under this Act with respect to any claim relating to the assessment, payment, nonpayment, refund or collection of taxes pursuant to any provisions of [insert citation].

(k) In any civil action brought under this Act, the state or person bringing the civil action shall be required to prove all essential elements of the cause of civil action, including damages, by a preponderance of the evidence.

(l) Except as otherwise provided in this Act, all civil actions brought under this Act shall be governed by [insert citation].

Section 6. [Relief for Employees Harmed Because They Helped Enforce this Act.]

Any employee who is discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms and conditions of employment by his or her employer because of lawful acts done by the employee, on behalf of the employee or others, in furtherance of a civil action under this Act, including investigation for, initiation of, testimony for, or assistance in a civil action filed or to be filed under this Act, shall be entitled to all relief necessary to make the employee whole. Such relief shall include reinstatement with the same seniority status such employee would have had but for the discrimination, two times the amount of back pay, interest on the back pay award, and compensation for any special damages sustained as a result of the discrimination, including litigation costs and reasonable attorney’s fees. An employee may bring a civil action in an appropriate court of this state for the relief provided in this section.

Section 7. [Limitations on Filing a Civil Action Under this Act.]

All civil actions under this Act shall be filed pursuant to [insert citation] within [six years after the date] the violation was committed, or [three years after the date] when facts material to the right of civil action are known or reasonably should have been known by the state official charged with the responsibility to act in the circumstances, whichever occurs last; provided, however, that in no event shall any civil action be filed more than [ten years after the date] upon which the violation was committed.

Section 8. [Civil Actions to Originate in Counties Where Defendant(s) Resides.]

All civil actions brought against natural persons under this Act shall be brought in the county where the defendant or, in the case of multiple defendants, or of defendants who are not residents of this state, in any county where any one defendant resides, can be found, transacts business or commits an act in furtherance of the submittal of a false or fraudulent claim to the state Medicaid Program.

Foreclosure Consulting Statement

According to a Maryland Legislative Services Fiscal Note, Maryland Chapter 509 of 2005 provides some protection for homeowners who deal with foreclosure “rescuers.” It requires “foreclosure consultants” enter into consulting contracts with homeowners that lay out the terms of their agreements, give disclosures, and affords basic consumer protections such as a three-day rescission period.

Maryland Chapter 6 of 2008 prohibits a foreclosure consultant from engaging in, arranging, promoting, promising, soliciting, participating in, assisting with, or carrying out a “foreclosure rescue transaction.” A foreclosure rescue transaction is defined as a transaction in which a residence in default is conveyed by a homeowner who retains a legal or equitable interest in all or part of the property and that is designed or intended by the parties to prevent or delay foreclosure proceedings, either actual or anticipated. The interest retained by the homeowner includes an interest under a lease-purchase agreement, an option to reacquire the property, or any other legal or equitable interest in the property conveyed.

That Act requires a foreclosure consulting contract include a statement about the duty of the foreclosure consultant to provide the homeowner with written copies of any research that the consultant has regarding the value of the residence in default. This research includes any information about the sales of comparable properties or any appraisals.

Chapter 6 of 2008 requires a notice in all foreclosure consulting contracts specifying how much money a homeowner must pay; how much money a homeowner will receive, if any; and how much money the foreclosure consultant will receive from any source under the contract. The notice must also inform the homeowner about the right to rescind the contract and the homeowner’s liability after rescission. The bill specifies such contracts can be cancelled within 5 days after signing. After any such rescission, the homeowner must repay any money spent under the agreement on the homeowner’s behalf, within 60 days, along with interest calculated at 8% per year.

The Act requires a foreclosure consultant who provides real estate brokerage services to be licensed as such. The consultant must present a copy of that license to a homeowner before a foreclosure consulting contract is executed.

Maryland Chapter 6 of 2008 directs that if a tenancy agreement is included in a contract for the sale or transfer of a residence in default, the purchaser must provide to a homeowner a specific document about tenancy.

The Act prohibits a foreclosure consultant from receiving a commission for the sale of a residence in default that exceeds 8% of the sales price. The bill also prohibits such consultants from receiving any money to be held in escrow or on a contingent basis on behalf of the homeowner.

This Act grants the state Commissioner of Financial Regulation concurrent jurisdiction with the Attorney General to investigate, enforce, and enjoin action in cases involving violations of the Act. It also requires that the commissioner receive notice containing the name and address of any person convicted under the statute, along with a copy of the judgment, within 30 days of the conviction.

Chapter 6, 2008
Freedom of Speech in School-Sponsored Media

This Act establishes general criteria to protect student journalists in public schools or public colleges from censure by school or college officials because of the content of school-sponsored or school-affiliated media such as student newspapers, and regardless of whether such media is funded by the school or produced on school property. Generally, in order to censure, school or college officials must prove that publishing the material in question will produce “a material and substantial disruption of the orderly operation” of the school or college.

Section 1. [Short Title.] This Act shall be cited as “An Act to Prevent Libelous, Slanderous, or Other Unlawful Speech in School Media.”

Section 2. [Definitions.] As used in this Act:
(a) “Public High School” means a school as defined under [insert citation];
(b) “Public Institution of Higher Education” means:

   (II) the violation of school policies; or
   (III) the material and substantial disruption of the orderly operation of the school.

(4) A school official in a public high school or public institution of higher education must base a forecast of material and substantial disruption on specific facts, including past experience in the public high school or public institution of higher education, and current events influencing student behavior, and not on undifferentiated fear or apprehension.

Health Plan Coverage of Prescriptions During Emergencies or Disasters

Prescription drugs are typically authorized on a “days supply” basis where the amount of medication is dispensed for a set number of days, typically a “30-day supply.” “Refill too soon” policies used by many health benefit plans restrict people from refilling prescription medications until a few days before the end of their current supply. This Act allows people in counties declared a disaster or under a state of emergency to refill current prescriptions under their health benefit plan without “refill too soon” limitations if their prescriptions were originally filled or refilled within a period 29 or days or less from the declaration of an emergency or disaster.

Section 2. [Coverage for Extra Prescriptions During a State of Emergency or Disaster.]
(a) All health benefit plans as defined in [insert citation], and any optional plans or programs operating under [insert citation], and other stand-alone prescription medication plans issued by entities that are licensed by the [Department] shall have, when an event described in subdivision (b)(1) of this section occurs and the requirements of subdivisions (b)(2) and (b)(3) of this section are satisfied, a procedure in place to waive time restrictions on filling or refilling prescriptions for medication if requested by the covered person or subscriber. The procedure shall include waiver or override of electronic “refill too soon" edits to pharmacies and shall include provision for payment to the pharmacy in accordance with the prescription benefit plan and applicable pharmacy provider agreement. The procedure shall enable covered people or subscribers to:

(1) Obtain one refill on a prescription if there are authorized refills remaining, or
(2) Fill one replacement prescription for one that was recently filled, as prescribed or approved by the prescriber of the prescription that is being replaced and not contrary to the dispensing authority of the dispensing pharmacy.

   b. Is declared to be under a state of emergency in a proclamation issued by the [governor] under [insert citation].

(3) The prescription medication is requested within [29 days] after the origination date of the conditions stated in subdivision (b)(1) of this section.

   (c) The time period for the waiver of prescription medication refills may be extended in [30-day increments] by an order issued by the [Commissioner]. Additional refills still remaining on a prescription shall be covered by the insurer as long as consistent with the orders of the prescriber or authority of the dispensing pharmacy.

   (d) This section does not excuse or exempt an insured or subscriber from any other terms of the policy or certificate providing coverage for prescription medications.

   (e) Quantity limitations shall be consistent with the original prescription and the extra or replacement fill may recognize proportionate dosage use prior to the disaster.

   (f) No requirements additional to those under the pharmacy provider agreement or the prescription benefit plan may be placed upon the provider for coverage of the replacement fill or extra fill.

   (g) Nothing in this section is intended to affect the respective authority or scope of practice of prescribers or pharmacies.

Homecare Option Program for the Elderly Statement

Connecticut Public Act No. 07-130 establishes a program and trust fund to help people pay for certain services which allows people to remain in their homes or live in a non-institutional setting as they age.

The Act allows people to establish Individual Savings Accounts within the trust fund and allows an account's designated beneficiary to withdraw funds from their accounts for qualified home care expenses. It exempts interest earned on trust fund accounts from the state income tax and makes any unspent funds remaining in an account part of the beneficiary's estate.

Covered services include companion services; adult day care; preparing meals; home-delivered meals; and transportation. These services must be performed by a licensed home care services provider, a homemaker or companion service registered with the state department of consumer protection, a personal care assistant, or licensed transportation services. These must also be recommended by a physician. Before a beneficiary can withdraw money from an account, a physician must certify to the trust that the beneficiary needs the qualified services to live independently in his or her home or another non-institutional setting.

Immigrant Survivors of Human Trafficking and Other Serious Crimes

According to Florida legislative staff, the federal Victims of Trafficking and Violence Protection Act of 2000 enables immigrant victims of human trafficking to get certain federal benefits once their status in the U.S. is determined.

Florida Chapter 2007-162 directs the state department of children and family services to establish a state-funded benefit program for immigrant victims of human trafficking, domestic violence and other serious crimes while their eligibility for federal benefits under the aforementioned federal Act is being determined.

The Florida Act:
• applies to “immigrant victims of human trafficking, domestic violence and other serious crimes” who have filed or are preparing to file specified federal applications;
• states that victims of human trafficking, domestic violence and other serious crimes are eligible for state funded benefits to the same extent as people who are admitted to the United States as refugees under specified circumstances;
• provides a list of documents that in addition to a sworn statement, suffices as evidence that an applicant has been a victim of human trafficking; and
• permits the state department of children and family services to develop a public awareness campaign about the program.

Immigration Status - Cooperating with Federal Officials

This Act is aimed at preventing local governments from designating their localities as sanctuaries for illegal aliens. The Act prohibits local governments from passing any ordinance or policy that limits or prohibits peace officers, local officials, or local government employees from communicating or cooperating with federal officials about the immigration status of people living in the state.

The Act requires peace officers who have probable cause to believe that an arrestee for a criminal offense is not legally present in the United States to report the person to the Federal Immigration and Customs Enforcement Office if the arrestee is not held at a detention facility. If the arrestee is held at a detention facility and the county sheriff reasonably believes that the arrestee is not legally present in the United States, the sheriff must report the arrestee to the Federal Immigration and Customs Enforcement Office.

This Act also prohibits local governments that violate the Act from receiving certain grants.

Section 1. [Short Title.] This Act shall be cited as “An Act Requiring Local Officials to Cooperate with Federal Immigration Officials Regarding the Legal Status of People Residing in this State.”

Section 2. [Legislative Declaration.]

(1) The [general assembly] hereby finds, determines, and declares that:
   (a) sanctuary policies are local government ordinances or policies that prohibit local officials, including peace officers, from communicating or cooperating with federal officials about the immigration status of people within the state;
   (b) the matters contained in this Act have important statewide ramifications for compliance with and enforcement of federal immigration laws;
   (c) sanctuary policies allow illegal immigrants to reside within this state and to undermine federal immigration law.

(2) the [general assembly] therefore declares that the matters addressed in this Act are matters of statewide concern.

Section 3. [Definitions.] As used in this Act, “local government” means a town, city, or county.

Section 4. [Cooperating with Federal Officials Regarding Immigration Status.]
(1) No local government, whether acting through its governing body or by an initiative, referendum, or any other process, shall enact any ordinance or policy that limits or prohibits a peace officer, local official, or local government employee from communicating or cooperating with federal officials with regard to the immigration status of any person within this state.

Independence, Dignity and Choice in Long-Term Care

This Act is designed to balance funding between programs that pay for nursing home care and programs that pay for home and community-based care to people who need long-term care. The Act defines “funding parity between nursing home care and home and community-based care” to mean that the distribution of the amounts expended for these two categories of long-term care under the Medicaid program reflects an appropriate balance between the service delivery costs of those people whose needs and preferences can most appropriately be met in a nursing home and those people whose needs and preferences can most appropriately be met in a home or community-based setting.

The Act directs the state commissioners of aging and human services to adopt modifications to the Medicaid Long-Term Care Intake System to promote increased use of home and community-based services. These include:

- implementing a comprehensive data system to track long-term care expenditures and services and consumer profiles and preferences;
- implementing a system of statewide long-term care service coordination and management designed to minimize administrative costs, improve access to services, and minimize obstacles to the delivery of long-term care services to people in need;
- identifying home and community-based long-term care service models that are determined to be efficient and cost-effective alternatives to nursing home care, and develop clear and concise performance standards for those services;
- developing and implementing a comprehensive consumer assessment instrument that is designed to facilitate an expedited process to authorize the provision of home and community-based care to a person prior to completion of a formal financial eligibility determination;
- developing and implementing a comprehensive quality assurance system with appropriate and regular assessments that is designed to ensure that all forms of long-term care available to consumers in the state are financially viable, cost-effective, and promote and sustain consumer independence; and
- seeking to make information available to the general public, through print and electronic media, on the various forms of long-term care available in the state and the rights accorded to long-term care consumers by statute and regulation.

This Act establishes a 15-member Medicaid Long-Term Care Funding Advisory Council. The Advisory Council is to monitor the implementation of the Act to develop recommendations to help recruit and train a stable workforce of home care providers and for changes to provider reimbursement under Medicaid home and community-based care programs. The Advisory Council is to meet at least quarterly during each fiscal year until such time as the state commissioner of aging certifies to the Governor and the Legislature that funding parity has been achieved.

Finally, the Act establishes a Unique Global Budget Appropriation Line Item for Medicaid long-term care expenditures in the Annual Appropriations Act for FY 2008 and each succeeding fiscal year in order to provide flexibility to align these expenditures with services to be provided during each fiscal year as necessary to effectuate the purposes of the bill.

Suggested State Legislation

(Title, enacting clause, etc.)

Section 1. [Short Title.] This Act shall be cited as the “Independence, Dignity and Choice in Long-Term Care Act.”

Section 2. [Findings, Declarations Relative to Long-Term Care for Medicaid Recipients.] The Legislature finds and declares that:

a. The current population of adults [60] years and older in this state is [insert number] and this number is expected to [double] in size over the next [25] years;

b. A primary objective of public policy governing access to long-term care in this state shall be to promote the independence, dignity and lifestyle choice of older adults and people with physical disabilities or Alzheimer’s disease and related disorders;

c. Many states are actively seeking to “rebalance” their long-term care programs and budgets in order to support consumer choice and offer more choices to older adults and people with disabilities to live in their homes and communities;

d. This state has been striving to redirect long-term care away from an over-reliance on institutional care toward home and community-based options;

e. It is still easier for older adults and people with disabilities to qualify for Medicaid long-term care coverage if they are admitted to a nursing home than if they seek to obtain services through one of the Medicaid home and community-based long-term care options available in this state;

f. Older adults and those with physical disabilities or Alzheimer’s disease and related disorders that require a nursing facility level of care should not be forced to choose between going into a nursing home or giving up the medical assistance that pays for their needed services, and thereby be denied the right to choose where they receive those services;

g. Eligibility for home and community-based long-term care services under Medicaid should be based upon the same income and asset standards as those used to determine eligibility for long-term care in an institutional setting; and

h. This bill ensures that, in the case of Medicaid-funded long-term care services, “the money follows the person” to allow maximum flexibility between nursing homes and home and community-based settings.

Section 3. [Definitions Relative to Long-Term Care for Medicaid Recipients.] As used in this Act:

a. “Commissioner” means the [Commissioner of Health and Senior Services].

b. “Funding parity between nursing home care and home and community-based care” means that the distribution of the amounts expended for these two categories of long-term care under the Medicaid program reflects an appropriate balance between the service delivery costs of those people whose needs and preferences can most appropriately be met in a nursing home and those people whose needs and preferences can most appropriately be met in a home or community-based setting.

c. “Home and community-based care” means Medicaid home and community-based long-term care options available in this state, including, but not limited to, the [Community Care Program for the Elderly and Disabled, Assisted Living, Adult Family Care, Caregiver Assistance Program, Adult Day Health Services, Traumatic Brain Injury, AIDS Community Care Alternatives Program, Community Resources for People with Disabilities, and Community Resources for People with Disabilities Private Duty Nursing].
Section 4. [Process to Rebalance Allocation of Funding for Expansion of Long-Term Care Services; Pilot Program, Use Statewide.]

(1) a. Beginning in [fiscal year 2008, and in each succeeding fiscal year through fiscal year 2013], the [commissioner of aging], in consultation with the [State Treasurer] and the [Commissioner of Human Services] and in accordance with the provisions of this section, shall implement a process that rebalances the overall allocation of funding within the [Department of Health and Senior Services] for long-term care services through the expansion of home and community-based services for people eligible for long-term care as defined by regulation of the [commissioner]. The expansion of home and community-based services shall be funded, within the existing level of appropriations, by diverting people in need of long-term care to allow maximum flexibility between nursing home placements and home and community-based services. The [State Treasurer], after review and analysis, shall determine the transfer of such funding to home and community-based services provided by the [Departments of Health and Senior Services] and [Human Services] as is necessary to effectuate the purposes of this Act.

b. Beginning in [fiscal year 2008], and in each succeeding [fiscal year through fiscal year 2013], funds equal to the amount of the reduction in the projected growth of Medicaid expenditures for nursing home care pursuant to paragraph (1) of this subsection, for state dollars only plus the percentage anticipated for programs and people that will receive federal matching dollars, shall be reallocated to home and community-based care through a global budget and expended solely for such care, until the [commissioner] determines that total Medicaid expenditures for long-term care have been sufficiently rebalanced to achieve funding parity between nursing home care and home and community-based care. Any funds so reallocated, which are not expended in the fiscal year in which they are reallocated, shall be reserved for expenditures for home and community-based care in a subsequent fiscal year.

c. Subject to federal approval, the home and community-based services to which funds are reallocated pursuant to this Act shall include services designated by the [commissioner], in consultation with the [Commissioner of Human Services] and the [Medicaid Long-Term Care Funding Advisory Council] established pursuant to this Act.

d. Notwithstanding the provisions of this subsection to the contrary, this Act shall not be construed to authorize a reduction in funding for Medicaid-approved services based upon the approved State Medicaid nursing home reimbursement methodology, including existing cost screens used to determine daily rates, annual rebasing and inflationary adjustments.

(2) The [commissioner], in consultation with the [Commissioner of Human Services], shall adopt modifications to the Medicaid Long-Term Care Intake System that promote increased use of home and community-based services. These modifications shall include the following:

a. commencing [March 1, 2007], on a pilot basis in [counties] pursuant to [insert citation]:

   (i) the provision of home and community-based services available under Medicaid, as designated by the [commissioner], in consultation with the [Commissioner of Human Services] and the [Medicaid Long-Term Care Funding Advisory Council] established pursuant to this Act, pending completion of a formal Medicaid Financial Eligibility Determination for the recipient of services, for a period that does not exceed a time limit established by the [commissioner]; except that the cost of any services provided pursuant to this subparagraph to a person who is subsequently determined to be ineligible for Medicaid may be recovered from that person; and

   (ii) the use of mechanisms for making fast-track Medicaid eligibility determinations, a revised clinical assessment instrument, and a computerized tracking system for Medicaid long-term care expenditures; and
b. commencing [March 1, 2008], expansion of the services and measures provided for in paragraph (1) of this subsection to all of the remaining counties in the state, subject to the [commissioner] conducting or otherwise providing for an evaluation of the pilot programs in [counties] prior to that date and determining from that evaluation that the pilot programs are cost-effective and should be expanded statewide.

Section 5. [Duties of Commissioner Relative to Report on Budget, Management Plan.]

(1) The [commissioner], in consultation with the [Medicaid Long-Term Care Funding Advisory Council] established pursuant to this Act, shall:

a. No later than [October 1, 2007], present a report to the [Governor and the Legislature] pursuant to [insert citation], that provides a detailed budget and management plan for effectuating the purposes of this Act, including a projected schedule and procedures for the implementation and operation of the Medicaid long-term care expenditure reforms required pursuant thereto; and

b. No later than [January 1, 2008], present a report to the [Governor], and to the [Legislature] pursuant to [insert citation], that documents the reallocation of funds to home and community-based care pursuant to this Act, and present an updated report no later than [January 1] of each succeeding year until the [commissioner] determines that total Medicaid expenditures for long-term care have been sufficiently rebalanced to achieve funding parity between nursing home care and home and community-based care, at which point the [commissioner] shall document and certify to the [Governor and the Legislature] that such funding parity has been achieved.

Section 6. [Duties of Commissioner Relative to Funding Parity, Coordination, Assessment Instrument.]

(1) The [commissioner], in consultation with the [Medicaid Long-Term Care Funding Advisory Council] established pursuant to this Act, shall:

a. Implement, by such time as the [commissioner] certifies to the [Governor and the Legislature] that funding parity has been achieved pursuant to this Act, a comprehensive data system to track long-term care expenditures and services and consumer profiles and preferences. The data system shall include, but not be limited to: the number of vacant nursing home beds annually and the number of nursing home residents transferred to home and community-based care pursuant to this Act; annual long-term care expenditures for nursing home care and each of the home and community based long-term care options available to Medicaid recipients; and annual percentage changes in both long-term care expenditures for, and the number of Medicaid recipients utilizing, nursing home care and each of the home and community based long-term care options, respectively;

b. Commence the following no later than [January 1, 2008]:

(i) implement a system of statewide long-term care service coordination and management designed to minimize administrative costs, improve access to services, and minimize obstacles to the delivery of long-term care services to people in need;

(ii) identify home and community based long-term care service models that are determined by the [commissioner] to be efficient and cost-effective alternatives to nursing home care, and develop clear and concise performance standards for those services for which standards are not already available in a home and community-based services waiver;

(iii) develop and implement with the [Commissioner of Human Services] a Comprehensive Consumer Assessment Instrument that is designed to facilitate an expedited process to authorize the provision of home and community-based care to a person through fast track eligibility prior to completion of a formal financial eligibility determination; and
(iv) develop and implement a comprehensive quality assurance system with appropriate and regular assessments that is designed to ensure that all forms of long-term care available to consumers in this state are financially viable, cost-effective, and promote and sustain consumer independence; and

c. Seek to make information available to the general public on a statewide basis, through print and electronic media, regarding the various forms of long-term care available in this state and the rights accorded to long-term care consumers by statute and regulation, as well as information about public and nonprofit agencies and organizations that provide informational and advocacy services to assist long-term care consumers and their families.

Section 7. [Medicaid Long-Term Care Funding Advisory Council.]

(1) There is established the [Medicaid Long-Term Care Funding Advisory Council] within the [Department of Health and Senior Services]. The [advisory council] shall meet at least quarterly each fiscal year until such time as the [commissioner] certifies to the [Governor and the Legislature] that funding parity has been achieved pursuant to this Act, and shall be entitled to receive such information from the [Departments of Health and Senior Services, Human Services] and the [Treasury] as the [advisory council] deems necessary to carry out its responsibilities under this Act.

(2) The [advisory council] shall:

a. monitor, assess, and advise the [commissioner] about the implementation and operation of the Medicaid long-term care expenditure reforms and other provisions of this Act; and

b. develop recommendations for a program to recruit and train a stable workforce of home care providers, including recommendations for changes to provider reimbursement under Medicaid home and community-based care programs.

d. The [advisory council] shall organize as soon as possible after the appointment of its members, and shall annually select from its membership a [chairman] who shall serve until his successor is elected and qualifies. The members shall also select a [secretary] who need not be a member of the [advisory council].

e. The [department] shall provide such staff and administrative support to the [advisory council] as it requires to carry out its responsibilities.

An employee shall not be penalized in any way for not participating in such a program.

b. The [commissioner] shall adopt, by rule or order, provisions allowing suspension or modification of premium rate restrictions to enable a small employer carrier to provide premium credits or discounts to a small employer or bona fide association based on measurable reductions in costs of that small employer or association, including but not limited to tobacco use cessation, participation in established wellness or disease management programs, and economies of acquisition or administration.

c. A small employer carrier may offer to transfer a small employer or bona fide association into a different class of business with a lower index rate based upon claims experience, implementation of managed care or wellness programs, or health status improvement of the small employer or bona fide association since issue.

Intrastate Mutual Aid Compact

This Act creates a system of intrastate mutual aid between participating political subdivisions in the state. Each participant of this system recognizes that emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential for the protection of lives and property and for best use of available assets. The system shall provide for mutual assistance among the participating political subdivisions in the prevention of, response to, and recovery from, any disaster that results in a declaration of a local civil preparedness emergency in a participating political subdivision, subject to that participating political subdivision's criteria for declaration. The system shall provide for mutual cooperation among the participating subdivisions in conducting disaster-related exercises, testing or training activities.

Suggested State Legislation

(Title, enacting clause, etc.)

Section 1. [Short Title.] This Act shall be cited as “The Intrastate Mutual Aid Compact Act.”

Article I. Purposes

This compact shall be known as the Intrastate Mutual Aid Compact and is made and entered into by and between the participating political subdivisions of this state. The purpose of this compact is to create a system of intrastate mutual aid between participating political subdivisions in the state. Each participant of this system recognizes that emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential for the protection of lives and property and for best use of available assets. The system shall provide for mutual assistance among the participating political subdivisions in the prevention of, response to, and recovery from, any disaster that results in a declaration of a local civil preparedness emergency in a participating political subdivision, subject to that participating political subdivision's criteria for declaration. The system shall provide for mutual cooperation among the participating subdivisions in conducting disaster-related exercises, testing or training activities.

Article II. General Provisions

(1) For purposes of this compact:
   (A) “Participating political subdivision” means each political subdivision of the state whose legislative body has not adopted a resolution withdrawing from this compact in accordance with the provisions of this article; and
(B) “Chief executive officer” means the elected or appointed officer granted the authority to declare a local civil preparedness emergency by the charter or ordinance of his or her political subdivision.

(2) On and after the effective date of this Act, each political subdivision within the state shall automatically be a participating member of this compact. A participating political subdivision may withdraw from this compact by adopting a resolution indicating its intent to do so. The political subdivision shall automatically be deemed to have withdrawn from this compact upon adoption of such a resolution. The chief executive officer of such political subdivision shall submit a copy of such resolution to the [Commissioner of Emergency Management and Homeland Security] not later than ten days after the adoption of the resolution. Nothing in this article shall preclude a participating political subdivision from entering into a supplementary mutual aid agreement with another political subdivision or affect any other inter-local municipal agreement, including any other mutual aid agreement, to which a political subdivision may be a party or become a party.

(3) In the event of a serious disaster affecting any political subdivision of the state, the chief executive officer of that political subdivision may declare a local civil preparedness emergency. The chief executive officer of such political subdivision shall notify the [Commissioner of Emergency Management and Homeland Security] of such declaration not later than twenty-four hours after such declaration. Such a declaration shall activate the emergency plan of operations of that political subdivision, as established under [insert citation], and authorize the request or furnishing of aid and assistance, including any aid and assistance provided under the intrastate mutual aid system described in this section. No immunity, rights or privileges shall be provided for any individual who self-dispatches in response to a declaration, without authorization by such individual’s participating political subdivision.

Article III.
Responsibilities of the Local and Joint Organizations of Participating Political Subdivisions

The participating political subdivisions shall ensure that the duties of their local or joint organizations, as described in [insert citation], include the following:

(1) Identifying potential hazards that could affect the participating political subdivisions using an identification system common to all participating jurisdictions;

(2) Conducting of joint planning, intelligence sharing and threat assessment development with contiguous participating political subdivisions, and conduct joint training at least biennially;

(3) Identifying and inventorying the current services, equipment, supplies, personnel and other resources related to planning, prevention, mitigation, response and recovery activities of the participating political subdivisions; and

(4) Adopting and implementing the standardized incident management system approved by the [Department of Emergency Management and Homeland Security].

Article IV.
Implementation

Any request for assistance made by the chief executive officer of a participating political subdivision who has declared a local civil preparedness emergency shall be made to the chief executive officers of other participating political subdivisions or their designees. Requests may be oral or in writing, and shall be reported to the [Commissioner of Emergency Management and Homeland Security] not later than twenty-four hours after the request. Oral requests shall be reduced to writing not later than forty-eight hours after the request.
Article V. Conditions

A participating political subdivision’s obligation to provide assistance in the case of a declared local civil preparedness emergency is subject to the following conditions:

(1) A participating political subdivision shall have declared a local civil preparedness emergency;
(2) A responding participating political subdivision may withhold or recall resources to the extent it deems necessary to provide reasonable protection and services for its own jurisdiction;
(3) Personnel of a responding participating political subdivision shall continue under the command and control of their responding jurisdiction, including emergency medical treatment protocols, standard operating procedures and other protocols, but shall be under the operational control of the appropriate officials within the incident management system of the participating political subdivision receiving assistance; and
(4) Assets and equipment of a responding participating political subdivision shall continue under the control of the responding jurisdiction, but shall be under the operational control of the appropriate officials within the incident management system of the participating political subdivision receiving assistance.

Article VI. Licenses, Certificates and Permits

(1) If a person or entity holds a license, certificate or other permit issued by a participating political subdivision or the state evidencing qualification in a profession, mechanical skill or other skill, and the assistance of that person or entity is requested by a participating political subdivision, such person or entity shall be deemed to be licensed, certified or permitted in the political subdivision requesting assistance for the duration of the declared local civil preparedness emergency, subject to any limitations and conditions as may be prescribed by the chief executive officer of the participating political subdivisions, by executive order or otherwise; or by the person or entity's sponsor hospital.
(2) The officers, members and employees of the responding political subdivision, including, but not limited to, public works, firefighting, police or other assigned personnel rendering aid or assistance pursuant to the compact and this section shall have the same duties, rights, privileges and immunities as if they were performing their duties in the responding political subdivision.

Article VII. Reimbursement

(1) Participating political subdivisions shall maintain documentation of all assets provided. In the event of federal reimbursement to a requesting political subdivision, any political subdivision providing assistance under the compact and this section shall receive its appropriate share of said reimbursement.
(2) A participating political subdivision may donate assets of any kind to a requesting participating political subdivision. Unless requested in writing, no reimbursement shall be sought by a responding political subdivision from a requesting political subdivision that has declared a local civil preparedness emergency. Any written request for reimbursement must be made not later
than thirty calendar days after the response, except that notice of intent to seek reimbursement shall be given at the time the aid is rendered, or as soon as possible thereafter.

(3) Any dispute between political subdivisions regarding reimbursement shall be resolved by the parties not later than thirty days after written notice of the dispute by the party asserting noncompliance. If the dispute is not resolved within ninety days of the notice of the claim, either party may request that the dispute be resolved through arbitration. Any such arbitration shall be conducted under the Commercial Arbitration Rules of the American Arbitration Association.

Article VIII.

Liability

For the purposes of liability, all persons from a responding political subdivision under the operational control of the requesting political subdivision are deemed to be employees of the responding political subdivision. Neither the participating political subdivisions nor their employees, except in cases of willful misconduct, gross negligence or bad faith, shall be liable for the death of or injury to persons or for damage to property when complying or attempting to comply with the intrastate mutual aid system.
Job Creation Through Educational Opportunity

This Act creates a program to reimburse education costs for residents who obtain an associate degree or a bachelor’s degree in the state, and live, work and pay taxes in the state thereafter.

Maine
Chapter 428-C of 2007
Status: Enacted into law in 2007.

Suggested State Legislation

(Title, enacting clause, etc.)

Section 1. [Short Title.] This Act shall be cited as “An Act to Encourage Job Creation Through Educational Opportunity.”

Section 2. [Definitions.] As used in this Act:

1. “Accredited junior college, college or university” means:
   A. any campus of the [state community college system];
   B. any campus of the [state university];
   C. any educational institution that is located in this state and has authorization to confer an associate degree or a bachelor’s degree, in accordance with [insert citation];
   D. any educational institution that is located in this state and is exempted from [insert citation]; and
   E. any educational institution that is located in this state and is operating under a Certificate of Temporary Approval from the [state board] under [insert citation], to the extent that a student is ultimately able either to obtain an associate or a bachelor’s degree at that institution or to transfer to and obtain a degree from an institution described in paragraphs A to E.

2. “Benchmark Loan Payment” means the figure described in section 3 (2)(C) of this Act.

3. “Educational institution” has the same meaning as in [insert citation].

4. “Educational opportunity tax credit” means the tax credit provided for in Section 4 of this Act.

5. “Resident” means an individual who qualifies as a state resident under [insert citation].

6. “Opportunity contract” means the contract described in section 3 (3) of this Act.

7. “Principal cap” means the cap described in section 3 (2) of this Act.

Section 3. [Job Creation Through Educational Opportunity Program Established.]

1. The Job Creation Through Educational Opportunity Program, referred to in this Act as “the program,” is created to reimburse education-related costs for residents of this state who obtain an associate degree or a bachelor’s degree in this state, and live, work and pay taxes in this state thereafter. The program is designed to achieve the following goals:

   A. promote economic opportunity for people in this state by ensuring access to the training and higher education that higher-paying jobs require;
   B. bring more and higher-paying jobs to this state by increasing the skill level of this state's workforce;
C. offer educational opportunity and retraining to people impacted by job loss, workplace injury, disability or other hardship;
D. keep young people in this state through incentives for educational opportunity and creation of more high-paying jobs; and
E. accomplish all of the goals in this subsection with as little bureaucracy as possible.

2. A principal cap limits the loan principal that can serve as the basis for claiming the Educational Opportunity Tax Credit. The cap is based on in-state tuition and mandatory fees for either the state community college system or the state university system, depending on whether the opportunity contract is for pursuit of an associate degree or of a bachelor’s degree, respectively.

A. For an individual earning a degree from the [state community college system] or from the [state university], the relevant financial aid office shall certify, once the individual has earned the degree, whether or not the total principal of loans the individual received as part of that individual's financial aid package exceeds the cost of in-state tuition and mandatory fees incurred in pursuit of the degree. That cost constitutes the principal cap for such an individual.

B. For an individual earning a degree from any other accredited [state] junior college, college or university, the relevant financial aid office shall certify, once the individual has earned the degree, whether or not the total principal of loans the individual received as part of that individual's financial aid package exceeds the published in-state tuition and mandatory fees for full-time enrollment in the [state community college system] or in the [state university system], depending on whether the degree is an associate degree or a bachelor’s degree, respectively, during the relevant years. The published in-state tuition and mandatory fees constitute the principal cap for such an individual. If the individual has not attended full time throughout the pursuit of that individual's degree, an appropriate principal cap must be determined in a manner consistent with the principles set out in this subsection.

C. For an individual whose student loans exceed the principal cap, a benchmark loan payment must be calculated as follows. The financial aid office shall calculate what the monthly payment would be on a loan for the amount of the principal cap, to be paid over [10] years, at the interest rate offered for federal Stafford loans under 20 United States Code, Section 1077a, during the individual’s last year of enrollment. The benchmark loan payment must be specified on the individual’s [Opportunity Contract].

3. The [state board] shall draft an [Opportunity Contract] for use in enrolling people in the program. The terms of the [Opportunity Contract] must require an individual who wishes to participate in the program to:

A. certify that that individual is a resident of this state;
B. agree to attend and to obtain a specified degree, either an associate degree or a bachelor’s degree, from an accredited [state] junior college, college or university. The individual need not obtain the degree from the institution in which that individual originally enrolled, so long as all course work toward the degree is performed at accredited [state] junior colleges, colleges or universities;
C. agree to live in this state while pursuing the degree. The individual shall also agree to live in this state after obtaining the degree during any period when that individual seeks to take advantage of the Educational Opportunity Tax Credit;
D. agree to maintain records relating to loan payments claimed under the Educational Opportunity Tax Credit as defined under [insert citation] for [5] years after those payments are claimed; and
E. with respect to educational loans, agree to the following:
(1) the individual may claim the Educational Opportunity Tax Credit only with respect to loans that are part of that individual's financial aid package and that have a term of at least [8] years;

(2) if the individual in any way accelerates repayment, the individual forfeits any right to claim an Educational Opportunity Tax Credit for that taxable year or any future taxable year; and

(3) the individual may refinance said loans only if they remain separate from other debt and if the effect of the refinancing is to decrease both the annual repayment and the total remaining indebtedness.

F. In exchange for the consideration outlined in paragraphs B to E, the state shall agree to permit the individual to take advantage of the Educational Opportunity Tax Credit.

G. The [Opportunity Contract] must leave space for the accredited state junior college, college or university to certify that the individual has obtained the relevant degree, and to certify whether or not the loan principal that the individual incurs in pursuing the relevant degree exceeds the principal cap.

4. The Program must be administered as follows.

A. Any resident of this state who gains admission to an accredited state junior college, college or university and who receives financial aid in the form of loans must have the opportunity to participate in the program. The financial aid office of the relevant institution shall offer to such people the chance to sign an [Opportunity Contract] with the state. The financial aid office shall retain the [Opportunity Contract] until the individual obtains the degree.

B. When the individual obtains the degree, the individual shall specify on the [Opportunity Contract] the source, principal amount, interest rate and term of any loans that are part of the individual’s financial aid package. The [Opportunity Contract] must contain certification that the individual has obtained the relevant degree and must specify whether the individual’s loans exceed the principal cap and, if appropriate, what the benchmark loan payment is. The individual shall then file the [Opportunity Contract] with the [Secretary of State]. Every accredited [state] public junior college, college and university located in this state shall develop procedures to facilitate this process, in consultation with the [Secretary of State].

C. When the individual files the [Opportunity Contract] with the [Secretary of State] pursuant to paragraph B, that individual becomes eligible to claim the Educational Opportunity Tax Credit, subject to the requirements of this Act. The individual may thereafter take advantage of any forbearance or deferment provisions in the relevant loan agreements without forfeiting the right to claim the Educational Opportunity Tax Credit when the individual resumes repayment.

5. The program must commence [the first semester after] the effective date of this Act. State residents who when the program commences are enrolled in an associate or a bachelor’s degree program at an accredited junior college, college or university, may participate, subject to the same essential terms as other program participants. When such an individual obtains the relevant degree, it must be specified in the individual’s [Opportunity Contract] what percentage of the course work completed in pursuit of the degree was performed while the individual was participating in the program. The principal cap and benchmark loan payment must be calculated in the ordinary way as provided in this Act, but the individual must then apply the percentage in this subsection to actual payments or to the benchmark loan payment, whichever applies, in determining the amount the individual can claim under the Educational Opportunity Tax Credit for a given year.

6. It is the intent of the [Legislature] that neither the existence of the program nor the benefits provided under the Educational Opportunity Tax Credit serve as justification to decrease other funds appropriated or allocated to accredited [state] junior colleges, colleges or universities,
including institutions in the [state community college system] and the [state university system], or
to other higher education programs.

7. The [state board] shall adopt routine technical rules as necessary to carry out the
purposes of this Act.

Section 4. [Credit for Educational Opportunity.]

1. Definitions. As used in this section of this Act:

A. “Benchmark loan payment” has the same meaning as in section 2 of this Act.
B. “Employer” has the same meaning as the term “employing unit,” as defined in
[insert citation].
C. “Full Time” employment means employment with a normal workweek of [32]
hours or more.
D. “Part Time” employment means employment with a normal workweek of
[between 16 and 32] hours.
E. “Qualified Employee” means an employee who is eligible for the credit provided
in this section and who is employed at least part time.
F. “Opportunity Contract” means the contract described in section 3 of this Act.
G. “Opportunity Program Participant” means an individual who enters into an
Opportunity Contract with the state, obtains the specified degree and complies with the
requirements under section 3 of this Act.
H. “Resident Individual” has the same meaning as in [insert citation].
I. “Seasonal Employment” has the same meaning as in [insert citation] and in
regulations promulgated under [insert citation].
J. “Term of Employment” includes all months when the individual is actually
employed. It includes time periods when an individual is on leave or vacation. It extends to the full
year for people working for employers who customarily operate only during a regularly recurring
period of [9 months or more in a calendar year]. For people working for employers who
customarily operate only during regularly recurring periods of [less than 9 months in a calendar
year], including seasonal employment, the Term of Employment extends only to time periods
when the individual is actually working.

2. A taxpayer constituting an Opportunity Program Participant or an employer of a
qualified employee is allowed a credit against the tax imposed by this section of this Act for each
taxable year under the terms established in this section. The credit is created to implement the Job
Creation Through Educational Opportunity Program established under section 3 of this Act. The
credit may not reduce the tax otherwise due under this Section to less than zero. A taxpayer
entitled to the credit for any taxable year may carry over and apply to the tax liability for any [one
or more] of the next succeeding [10] years the portion, as reduced from year to year, of any unused
credits. More than [one] taxpayer may claim a credit based on loan payments actually made to a
relevant lender or lenders to benefit a single opportunity program participant, but no [2] taxpayers
may claim the credit based on the same payment.

3. The following provisions govern the calculation of the credit in this section.

A. If the relevant Opportunity Program Participant’s [Opportunity Contract] limits
the amount of the credit to a benchmark loan payment, and the relevant Opportunity Program
Participant’s actual monthly payment due is higher than that amount, then the credit claimed may
not exceed the product of the benchmark loan payment and the number of months in which the
taxpayer made loan payments.

B. If the relevant Opportunity Program Participant’s [Opportunity Contract]
certifies that the principal for the relevant loans is at or below the level of the principal cap, or if
the relevant opportunity program participant’s actual monthly payment is below the benchmark
loan payment, the taxpayer may claim a credit based only on regularly scheduled loan payments actually made.

C. If the credit is claimed on behalf of an individual who was already enrolled in an associate or a bachelor’s degree program at an accredited junior college, college or university, as defined in section 1 of this Act, on the commencement of the Job Creation Through Educational Opportunity Program under section 3 of this Act, the percentage figure listed in the [Opportunity Contract] must be applied to the amount determined under paragraph A or B.

4. An Opportunity Program Participant may claim the credit only if the participant is a resident individual. The participant may claim the credit based only on regular payments made during months in which the individual was working for an employer located in this state. A married couple filing jointly under [insert citation], may claim the credit only to the extent that the spouse on whose behalf the credit is claimed meets these requirements.

5. A taxpayer constituting an employer may claim the credit under this section under the following circumstances. The employer may undertake to make partial or full loan payments directly to the relevant lender or lenders on behalf of a qualified employee, having taken reasonable steps to ascertain that the employee is in fact a qualified employee, and may claim a credit based on amounts that came due and were paid by the employer during the term of employment. To receive the credit, the employer must retain for [5] years any proof of eligibility that the employee or independent contractor provides.

6. The employer may claim a credit for the amount that the qualified employee could have claimed during any months when the qualified employee was employed, had the qualified employee made the partial or full loan payments instead, under conditions where the qualified employee had sufficient income to claim the full credit for the taxable year. If the qualified employee is employed only on a part-time basis, the employer may claim a credit only up to half of the total that the qualified employee could have claimed had the qualified employee made all payments and earned sufficient income to claim the full credit for the taxable year, but the amount the employer claims must still be based on amounts actually paid.

7. An employer claiming this credit on behalf of a qualified employee for a taxable year may not simultaneously claim a credit under [insert citation] on the behalf of the same employee.

Low-Income Vehicle Repair Assistance, Retrofit, and Accelerated Vehicle Retirement Program Statement

Texas established a Low-Income Vehicle Repair Assistance, Retrofit, and Accelerated Vehicle Retirement Program (LIRAP) in 2001 to provide incentives to repair or replace vehicles in areas that don’t meet federal air quality standards. LIRAP is tied to mandatory motor vehicle inspection, maintenance and emissions testing throughout the state. Under LIRAP, owners of vehicles that fail to meet certain emission standards are notified that they may qualify for financial assistance through LIRAP. The program originally provided $600 for vehicle repair and $1,000 for vehicle replacement. Originally, in order to qualify for LIRAP funds, the owner of the vehicle had to have an annual income that was equal to or less than 200% of the federal poverty level.

Senate Bill 12 of 2007 expands the LIRAP by:

- increasing the income threshold from 200% of the federal poverty level to 300% in order to broaden the LIRAP-eligible population;
- partnering with automobile manufacturers and automobile dealers to market LIRAP;
- partnering with the steel industry to scrap vehicles that are replaced and to provide proof that such vehicles were scrapped;
- increasing the replacement amount from $1,000 to $2,500 and requiring an owner of a LIRAP-eligible vehicle to replace the vehicle with a calendar year model or newer vehicle;
- working with the automobile industry, the steel industry, the state Commission on Environmental Quality (TCEQ), and participating counties to enhance the enforcement and fraud protection components of LIRAP;
- directing the state Commission on Environmental Quality to review emission cut-point levels and allowing the agency to make LIRAP available to owners of vehicles that do not meet a more stringent emission cut-point standard; and
- allowing participating counties to leverage state funds based on local matching dollars to support LIRAP and related activities.

Suggested State Legislation

(Title, enacting clause, etc.)

Section 1. [Short Title.] This Act shall be cited as “The Medical Transparency Act.”

Section 2. [Legislative Findings.] The legislature declares:

(1) The people of this state need to be fully informed about the past practices of people practicing medicine in this state in order to make informed decisions when choosing a medical care provider and determining whether to proceed with a particular regimen of care recommended by a medical care provider;

(2) The purpose of this Act is to provide transparency to the public regarding the competency of people engaged in the practice of medicine in this state; and

(3) It is important to make information about people engaged in the practice of medicine available to the public in a manner that is efficient, cost-effective, and maintains the integrity of the information, and to that end, the legislature encourages people to file the required information with the [state board of medical examiners] electronically, to the extent possible.

(3) Any agreement or stipulation entered into between the [state board of medical examiners] or the board or licensing agency of any other state or country and the applicant whereby the applicant agrees to temporarily cease or restrict his or her practice of medicine or any
board order restricting or suspending the applicant’s medical license. The applicant shall provide a copy of the action to the [state board of medical examiners] at the time the application is made.

(4) (I) Any involuntary limitation or probationary status on or reduction, nonrenewal, denial, revocation, or suspension of the applicant's medical staff membership or clinical privileges at any hospital or health care facility. To report the information required by this paragraph (4)(I), the applicant shall complete a form developed by the [state board of medical examiners] that requires the applicant to report only the following information regarding the action:

(i) the name of the facility or entity that took the action;
(ii) the date the action was taken;
(iii) the type of action taken, including any terms and conditions of the action;
(iv) the duration of the action; and
(v) whether the applicant has fulfilled the terms or conditions of the action, if applicable.

(II) Notwithstanding [insert citation], the form completed by the applicant pursuant to paragraph (4)(I) of this section shall be a public record and shall not be confidential. Compliance with paragraph (4)(I) of this section shall not constitute a waiver of any privilege or confidentiality conferred by any other applicable state or federal law.

(5) Any involuntary surrender of the applicant’s United States Drug Enforcement Administration Registration. The applicant shall provide a copy of the order requiring the surrender of such Registration to the [board] at the time the application is made.

(7) Any final judgment against, settlement entered into by, or arbitration award paid on behalf of the applicant for medical malpractice. To report the information required by this paragraph, the applicant shall complete a form developed by the [state board of medical examiners] that requires the applicant to report only the following information regarding the medical malpractice action:

(I) whether the action was resolved by a final judgment against, settlement entered into by, or arbitration award paid on behalf of the applicant;
(II) the date of the judgment, settlement, or arbitration award;
(III) the location or jurisdiction in which the action occurred or was resolved; and
(IV) the court in which the final judgment was ordered, the mediator that aided in the settlement, if applicable, or the arbitrator that granted the arbitration award.

(8) Any refusal by an issuer of medical malpractice insurance to issue a medical malpractice insurance policy to the applicant due to past claims experience. The applicant shall provide a copy of the refusal to the [board] at the time the application is made.

(b) The [state board of medical examiners] shall make the information specified in this subsection (a) of this section of this Act that is submitted by an applicant readily available to the public in a manner that allows the public to search the information by name, license number, board certification or specialty area, or city of the licensee’s address of record. The [board] may satisfy this requirement by posting and allowing the ability to search the information on the [board’s] Website. If the information is made available on its Website, the [board] shall update the Website at least monthly and shall indicate on the Website the date when the information was last updated.
(c) When disclosing information regarding a licensee or applicant to the public, the [board] shall include the following statement or a similar statement that communicates the same meaning:

"Some studies have shown that there is no significant correlation between malpractice history and a doctor’s competence. At the same time, the [state board of medical examiners] believes that consumers should have access to malpractice information. To make the best health care decisions, you should view this information in perspective. You could miss an opportunity for high quality care by selecting a doctor based solely on malpractice history. When considering malpractice data, please keep in mind:

- Malpractice histories tend to vary by specialty. Some specialties are more likely than others to be the subject of litigation.
- You should take into account how long the doctor has been in practice when considering malpractice averages.
- The incident causing the malpractice claim may have happened years before a payment is finally made. Sometimes, it takes a long time for a malpractice lawsuit to move through the legal system.
- Some doctors work primarily with high-risk patients. These doctors may have malpractice histories that are higher than average because they specialize in cases or patients who are at very high risk for problems.
- Settlement of a claim may occur for a variety of reasons that do not necessarily reflect negatively on the professional competence or conduct of the physician. A payment in settlement of a medical malpractice action or claim should not be construed as creating a presumption that medical malpractice has occurred.
- You may wish to discuss information provided by the [board], and malpractice generally, with your doctor.
- The information posted on the [state board of medical examiners] website was provided by applicants for a medical license and applicants for renewal, reinstatement, or reactivation of a medical license."

(d) A person licensed by the [board] pursuant to [insert citation] shall ensure that the information required by subsection (a) of this section (3) is current and shall report any updated information and provide copies of the required documentation to the [board] within [thirty days] after the date of the action described in said subsection or as otherwise determined by the [board] by rule to ensure that the information provided to the public is as accurate as possible.

(e) The [board] may impose an administrative fine not to exceed [five thousand dollars] against an applicant who fails to comply with this section 3 of this Act. The imposition of an administrative fine pursuant to this paragraph shall not constitute a disciplinary action pursuant to [insert citation] and shall not preclude the [board] from taking disciplinary action against an applicant for failure to comply with this section 3 of this Act. The [board] shall not issue a license to or renew, reinstate, or reactivate the license of an applicant who has failed to pay a fine imposed pursuant to this paragraph.

(f) The [board] may adopt rules, as necessary, to implement this section.

Metal Recycling Registry

This Act requires secondary metal recyclers to require identification and maintain a registry of additional information with regard to each purchase of ferrous or nonferrous metals including copper, brass, aluminum, bronze, lead, zinc, and nickel. This allows state and local law enforcement agencies to place a hold on metal purchases by a secondary metal recycler if the metal purchased is suspected of being stolen.

The bill provides criminal penalties for stealing metal and for secondary metal recyclers who fail to comply with these requirements. This Act exempts certain charitable organizations from these requirements, and does not apply to purchases of aluminum cans.

Suggested State Legislation

(Title, enacting clause, etc.)

Section 1. [Short Title.] This Act shall be cited as “An Act to Establish a Mine and Industrial Accident Rapid Response System.”

Section 2. [Legislative Intent.]
(a) The Legislature finds that the health and safety of people working in and around the mining industry and other industries is of paramount concern to the people of this state and that deaths and serious injuries resulting from dangerous working conditions cause grief and suffering to workers and their families.
(b) The Legislature further finds that there is an urgent need to provide more effective means and measures for improving emergency response and communications for dealing with mine and industrial accidents.
(c) The Legislature declares that it is in the best interest of the citizens of this state to designate an emergency telephone number for mining or industrial personnel to initiate a rapid emergency response to any mine or industrial accident. Provision of a single, primary emergency number through which emergency services can be quickly and efficiently obtained and through which the response of various state agencies charged by law with responding to mine and industrial emergencies can be coordinated will significantly contribute to the public good. The Mine and Industrial Accident Rapid Response System will provide a vital resource to the citizens of this state by providing a critical connection between the [Director of the Office of Miners’ Health, Safety and Training], the [Division of Homeland Security and Emergency Management], local and regional emergency services organizations and other responsible agencies.

Section 2. [Mine and Industrial Accident Rapid Response System Established.] A Mine and Industrial Accident Rapid Response System is hereby created and shall consist of:

(1) a Mine and Industrial Accident Emergency Operations Center established in section 3 of this Act; and
(2) a 24-hour-a-day statewide telephone number established by the [Director of the Division of Homeland Security and Emergency Management].

Section 3. [Mine and Industrial Accident Emergency Operations Center.]
(a) The [Director of the Division of Homeland Security and Emergency Management], working in conjunction with the [Office of Miners’ Health, Safety and Training], shall maintain the [Mine and Industrial Accident Emergency Operations Center (Emergency Operations Center)], which shall be the official and primary state government 24-hour-a-day communications center for dealing with mine and industrial accidents.
(b) The [emergency operations center] shall be operated [twenty-four hours a day, seven days a week] by emergency service personnel employed by the [director] to provide emergency assistance and coordination to mine and industrial accidents or emergencies.
(c) The [emergency operations center] shall be readily accessible twenty-four hours a day at a statewide telephone number established and designated by the [director].

Section 4. [Emergency Mine Response.]
(a) To assist the [Division of Homeland Security and Emergency Management] in implementing and operating the Mine and Industrial Accident Rapid Response System, the [Office of Miners’ Health, Safety and Training] shall, on a [quarterly] basis, provide the [emergency operations center] with a mine emergency contact list. In the event of any change in the information contained in the mine emergency contact list, such changes shall be provided immediately to the emergency operations center. The mine emergency contact list shall include the following information:

1. the names and telephone numbers of the [Director of the Office of Miners’ Health, Safety and Training], or his or her designee, including at least one telephone number at which the [Director] or designee may be reached at any time;
2. the names and telephone numbers of all district mine inspectors, including at least one telephone number for each inspector at which each inspector may be reached at any time;
3. a current listing of all regional offices or districts of the [Office of Miners’ Health, Safety and Training], including a detailed description of the geographical areas served by each regional office or district; and
4. the names, locations and telephone numbers of all mine rescue stations, including at least one telephone number for each station that may be called twenty-four hours a day and a listing of all mines that each mine rescue station serves in accordance with the provisions of [insert citation].

(b) Upon the receipt of an emergency call regarding any accident, as defined in section 8 of this Act, in or about any mine, the [emergency operations center] shall immediately notify:
1. the [Director of the Office of Miners’ Health, Safety and Training] or his or her designee;
2. the [district mine inspector] assigned to the district or region in which the accident occurred; and
3. local emergency service personnel in the area in which the accident occurred.
(c) The [director] or his or her designee shall determine the necessity for and contact all mine rescue stations that provide rescue coverage to the mine in question.
(d) In the event that an emergency call regarding any accident, as defined in [insert citation], in or about any mine, is initially received by a county answering point, as defined in [insert citation], the call shall be immediately forwarded to the [Mine and Industrial Accident Emergency Operations Center].
Section 5. [Study of Other Industrial Emergencies.] The [Director of the Division of Homeland Security and Emergency Management] shall immediately cause a study to be conducted to determine the feasibility of providing emergency coverage to other industrial, manufacturing, chemical or other emergencies through the Mine and Industrial Accident Rapid Response System. On or before the [first day of November, two thousand six], the [director] shall submit a report to the [Governor, the President of the Senate and the Speaker of the House of Delegates] setting forth the findings of his or her study and recommendations for legislation consistent with the purposes of this Act.

Section 6. [Rule-Making Authority.] The [Director of the Division of Homeland Security and Emergency Management] shall propose emergency and legislative rules for promulgation in accordance with [insert citation] regarding the implementation and administration of this [Mine and Industrial Accident Rapid Response System]. The operator shall install in or around the mine any and all equipment necessary to transmit emergency communications from the surface to each wireless emergency communication device at any location throughout the mine.

(2) Any person that, without the authorization of the operator or the director, knowingly removes or attempts to remove any wireless emergency communication device or related equipment, from the mine or mine site with the intent to permanently deprive the operator of the device or equipment or knowingly tampers with or attempts to tamper with the device or equipment shall be guilty of a [felony] and, upon conviction thereof, shall be imprisoned in a state correctional facility for not [less than one year nor more than ten years or fined not less than ten thousand dollars nor more than one hundred thousand dollars, or both].

(h) (1) A wireless tracking device approved by the [director] and provided by the operator shall be worn by each person underground. In the event of an accident or other emergency, the tracking device shall, at a minimum, be capable of providing real-time monitoring of the physical location of each person underground, provided that no person shall discharge or discriminate against any miner based on information gathered by a wireless tracking device during nonemergency monitoring. Each operator shall train each miner in the use of the device and provide refresher training courses for all underground employees during each calendar year. The operator shall install in or around the mine all equipment necessary to provide real-time emergency monitoring of the physical location of each person underground.

(c) The [Director of the Office of Miners’ Health, Safety and Training] shall impose, pursuant to rules authorized in this section, a [civil administrative penalty of one hundred thousand dollars] on the operator if it is determined that the operator or the mine foreman in charge of the mine failed to give immediate notice as required in this section provided that the [director] may waive imposition of the [civil administrative penalty] at any time if he or she finds that the failure to give immediate notice was caused by circumstances wholly outside the control of the operator.

(d) If anyone is killed, the inspector shall immediately go to the scene of the accident and make recommendations and render assistance as he or she may deem necessary for the future safety of the men and investigate the cause of the explosion or accident and make a record. He or she shall preserve the record with the other records in his or her office. The cost of the investigation records shall be paid by the [Office of Miners’ Health, Safety and Training]. Nonforfeiture Benefit Requirements with Respect to Long-Term Care Policies

This Act prohibits an insurer, including an insurance company, fraternal benefit society, hospital or medical service corporation, and HMO, from issuing or delivering a long-term care policy on or after July 1, 2008 unless it had offered the prospective insured an optional nonforfeiture benefit during the policy solicitation or application process. The offer may form a rider to the policy. If the nonforfeiture option is declined, the insurer must give the insured a contingent benefit if the policy lapses (i.e., terminates because the insured stops paying the premium). The contingent benefit must be available to the insured for a period of time after any substantial premium increase.

The bill requires the insurance commissioner to adopt regulations by July 1, 2008 to implement the nonforfeiture option and contingent benefit requirements. The regulations must specify the nonforfeiture benefit standards and type; the time period a contingent benefit must be available; what constitutes a substantial premium increase; and be in accordance with the National Association of Insurance Commissioners' long-term care insurance model regulation.

Connecticut
Public Act No. 07-28
Status: Enacted into law in 2007.

Suggested State Legislation

(Title, enacting clause, etc.)

Section 1. [Short Title.] This Act shall be cited as “An Act Concerning Nonforfeiture Benefit Requirements With Respect To Long-Term Care Policies.”

Section 2. [Definitions.]
(a) As used in this section, “long-term care policy” means any individual health insurance policy, delivered or issued for delivery to any resident of this state on or after [July 1, 1986], which is designed to provide, within the terms and conditions of the policy, benefits on an expense-incurred, indemnity or prepaid basis for necessary care or treatment of an injury, illness or loss of functional capacity provided by a certified or licensed health care provider in a setting other than an acute care hospital, for at least [one year] after a reasonable elimination period. A long-term care policy shall provide benefits for confinement in a nursing home or confinement in the insured's own home or both. Any additional benefits provided shall be related to long-term treatment of an injury, illness or loss of functional capacity. “Long-term care policy” shall not include any such policy which is offered primarily to provide basic Medicare supplement coverage, basic medical-surgical expense coverage, hospital confinement indemnity coverage, major medical expense coverage, disability income protection coverage, accident only coverage, specified accident coverage or limited benefit health coverage.

(b) No insurance company, fraternal benefit society, hospital service corporation, medical service corporation or health care center may deliver or issue for delivery any long-term care policy which has a loss ratio of less than [sixty per cent] for any individual long-term care policy. An issuer shall not use or change premium rates for a long-term care insurance policy unless the
rates have been filed with and approved by the [Insurance Commissioner]. Any rate filings or rate
revisions shall demonstrate that anticipated claims in relation to premiums when combined with
actual experience to date can be expected to comply with the loss ratio requirement of this section.
(c) No such company, society, corporation or center may deliver or issue for delivery any
long-term care policy without providing, at the time of solicitation or application for purchase or
sale of such coverage, full and fair disclosure of the benefits and limitations of the policy.
(d) No such company, society, corporation or center may deliver or issue for delivery any
long-term care policy on or after [July 1, 2008], without offering, at the time of solicitation or
application for purchase or sale of such coverage, an option to purchase a policy that includes a
nonforfeiture benefit. Such offer of a nonforfeiture benefit may be in the form of a rider attached
to such policy. In the event the nonforfeiture benefit is declined, such company, society,
corporation or center shall provide a contingent benefit upon lapse that shall be available for a
specified period of time following a substantial increase in premium rates. Not later than [July 1,
2008], the [Insurance Commissioner] shall adopt regulations to implement the provisions of this
subsection. Such regulations shall specify the type of nonforfeiture benefit that may be offered, the
standards for such benefit, the period of time during which a contingent benefit upon lapse will be
available and the substantial increase in premium rates that trigger a contingent benefit upon lapse
and in accordance with the Long-Term Care Insurance Model Regulation adopted by the National
Association of Insurance Commissioners.
(e) The [Insurance Commissioner] shall adopt regulations, in accordance with which
address:
(1) the insured’s right to information prior to his replacing an accident and sickness
policy with a long-term care policy,
(2) the insured’s right to return a long-term care policy to the insurer, within a
specified period of time after delivery, for cancellation, and
(3) the insured’s right to accept by his signature, and prior to it becoming effective,
any rider or endorsement added to a long-term care policy after the issuance date of such policy.
(f) The [Insurance Commissioner] may, upon written request by any such company,
society, corporation or center, issue an order to modify or suspend a specific provision of this
section or any regulation adopted pursuant thereto with respect to a specific long-term care policy
upon a written finding that:
(1) the modification or suspension would be in the best interest of the insureds;
(2) the purposes to be achieved could not be effectively or efficiently achieved
without such modification or suspension; and
(A) the modification or suspension is necessary to the development of an
innovative and reasonable approach for insuring long-term care,
(B) the policy is to be issued to residents of a life care or continuing care
retirement community or other residential community for the elderly and the modification or
suspension is reasonably related to the special needs or nature of such community, or
(C) the modification or suspension is necessary to permit long-term care
policies to be sold as part of, or in conjunction with, another insurance product.
(g) Whenever the commissioner decides not to issue such an order to modify or suspend
provisions of this Act or regulations adopted pursuant to this Act, he shall provide written notice
of such decision to the requesting party in a timely manner.
(h) Upon written request by any such company, society, corporation or center, the
[Insurance Commissioner] may issue an order to extend the preexisting condition exclusion
period, as established by regulations adopted pursuant to this section, for purposes of specific age
group categories in a specific long-term care policy form whenever he makes a written finding that
such an extension is in the best interest of the public.
(i) Whenever the [commissioner] decides not to issue such an extension to the preexisting condition exclusion period as established by regulations adopted pursuant to this section, he shall provide written notice of such decision to the requesting party in a timely manner.

(j) The provisions of [insert citation] shall be applicable to any such requesting party aggrieved by any order or decision of the [commissioner] made pursuant to subsections (f) and (h) of this section.

Requiring State Motor Vehicle Agencies to Share Organ Donor Information with Federally Designated Organ Procurement Organizations

Generally, applicants for new driver licenses and license renewals can designate whether they wish to donate all or any of their body organs or tissues, upon their deaths, for the purposes of transplantation, therapy, medical research, or education. This Act requires the state Motor Vehicle Commission (MVC) to share its organ donor information with federally designated private-sector Organ Procurement Organizations (OPOs) operating in the state, which are charged with the responsibility of effectively procuring and equitably distributing donated organs and tissues within the state.

This Act requires the chief administrator of the MVC, in consultation with the OPOs, to establish and provide an annual education program for agency employees and personnel. The program is to focus on the benefits associated with organ and tissue donations, the scope and operation of the state’s donor program, and how MVC employees and personnel can effectively inform the public about the donor program and best assist those wishing to participate in the donor program.

The legislation directs the MVC to electronically record and store all organ donor designations and identification information and provide real-time electronic access to the organ donor designation information that it collects, in the course of issuing and renewing driver licenses, to the two OPOs designated by the federal government pursuant to 42 U.S.C. s.273 to serve the state. The OPOs will not be required to incur an aggregate cost in excess of $50,000 for these purposes.

Security Assessments and Assistance for Schools and Emergency Response Plans for Institutions of Higher Education

The Act establishes a state grant program to improve security infrastructure in schools, install security systems in schools’ primary entryways, purchase portable security devices, and train school personnel to use the devices and the infrastructure. The grants reimburse school districts for 20% to 80% of the eligible expenses for such security measures incurred after the Act's effective date. The reimbursement percentage is based on the district’s wealth. To receive a grant, a district must show that it has conducted a uniform security assessment of its school entrances and any security infrastructure; has an emergency plan at its schools developed with applicable state and local first-responders; and periodically practices the plan. The security assessment must be carried out under the supervision of the district’s local law enforcement agency and use the Safe Schools Facilities Check List published by the National Clearinghouse for Educational Facilities.

The Act also requires colleges, universities, and private occupational schools to have emergency response plans and by that date and annually thereafter, submit their plans to the public safety and emergency management and homeland security commissioners and local first-responders. Institutions must consult local first-responders in developing their plans. Each plan must include a method for notifying the institution’s students, employees, and visitors of emergency information.

Senior Alert Program

This Act creates a program for local, regional, or statewide notification of a missing senior adult. The bill defines a missing senior adult as an adult who is over 60 years of age, suffers from a cognitive impairment that renders them unable to care for themselves without assistance (including a diagnosis of Alzheimer’s Disease or dementia), and whose whereabouts are unknown and whose disappearance poses a credible threat to their health and safety. The program is similar to the Amber Alert Program for missing children. The bill also provides that no police or sheriff’s department shall establish or maintain any policy that requires a waiting period before a missing senior adult report will be accepted. Such departments are also required, within two hours of receiving such a report, to enter identifying and descriptive information about the missing senior adult into the state Criminal Information Network and the National Crime Information Center Systems, forward the information to the state police, notify other law-enforcement agencies in the areas, and initiate an investigation.

Student Lending Accountability, Transparency and Enforcement

The Act prohibits lenders from making gifts, defined as having not more than nominal value, to colleges and universities and their employees, in exchange for any advantage or consideration provided such lenders related to their educational loan activities. The legislation prohibits employees of colleges and universities from soliciting, accepting or receiving gifts from lenders. It prohibits employees of colleges and universities from receiving remuneration for serving as members or participants of lenders’ advisory boards, or receiving any reimbursement of expenses for so serving.

The legislation prohibits lenders’ employees and agents from being identified as employees or agents of colleges and universities and staffing the financial aid offices of colleges and universities.

This bill requires colleges to disclose to borrowers and potential borrowers who consult a covered institution’s financial aid office, all available financing options under federal law; and prohibits lenders and colleges and universities from entering into certain quid pro quo high risk loans that prejudice other borrowers or potential borrowers toward a particular type of loan, in exchange for benefits provided to the college or university or its students in connection with a different type of loan.

This legislation prohibits a covered institution to direct potential borrowers to any electronic master promissory notes or other loan agreements that do not provide a reasonable and convenient alternative for the borrower to complete a master promissory note with any federally approved lending institution offering the relevant loan in this state.

The Act requires a lender, upon request of a college or university, to disclose the default rates, rates of interest charged to borrowers, and number of borrowers receiving those rates from such college or university.

Section 1. [Short Title.] This Act shall be cited as “An Act Regarding Systematic Alien Verification for Entitlements and the Department of Driver Services.”

Section 2. [Legislative Findings.]

(A) The [Legislature] finds that the Real ID Act, H.R. 1268, P.L. 109-13, enacted by Congress in 2005, established standards that state-issued drivers’ licenses and identification cards must meet by May 11, 2008, if the licenses or identification cards are to be accepted as valid identification by the federal government. After May 11, 2008, federal agencies are scheduled to accept only drivers’ licenses or identification cards that meet Real ID standards. Noncompliant cards will not be accepted for federal purposes such as boarding a domestic flight, opening a bank account, or any other service or activity over which the federal government claims jurisdiction. Each state will also be required to share data from their drivers’ licenses or identification cards data base with other states.

(B) While everyone recognizes the need to make identifying documents as secure as is humanly possible, the one-size-fits-all approach required by the Real ID Act may actually increase the documents’ vulnerability to counterfeiting. If criminals are able to invade one state’s system, they may have access to all states’ systems. On another front, a report from the National Conference of State Legislatures, the National Governors Association, and the American Association of Motor Vehicle Administrators suggests that the new requirements of the Real ID Act will cost states at least $11 billion over the first five years of the program. Despite this massive price tag, there has been no money appropriated to help states meet the Law’s demands.

(C) The Real ID Act gives the Department of Homeland Security the power to set federal standards and determine whether state drivers’ licenses and other identification cards meet these standards. There is no provision in the Real ID Act that requires or even mentions information privacy or data security. The federal and state governments must ensure that the data needed to verify the identity of driver’s license applicants is maintained securely and not used for other unrelated purposes.
(D) The Department of Homeland Security must include privacy protections for personal driver data as they promulgate regulations spelling out what states need to do to implement the federal law. Success of the Real ID Act depends on the Department of Homeland Security and the states collaborating to find a way of implementing its requirements in a fiscally responsible and risk adjusted manner.

(E) Therefore, the state [Department of Driver Services] is directed to withhold any legislation designed to implement the Real ID Act in this state until such time as the Department of Homeland Security has enacted regulations that define the exact type of information that is to be required on a state driver’s license.

(F) Furthermore, before the Real ID Act is implemented in this state, the [Governor] is entitled to review the regulations promulgated by the Department of Homeland Security and determine if they adequately safeguard and restrict use of the information in order to protect the privacy rights of the citizens of this state.

(G) The citizens of this state also recognize the importance of ensuring that drivers’ licenses are issued only to people legally present in this state. Therefore, the use of secure and verifiable identification will be required in this state in order to obtain a driver’s license. This requirement is in harmony with the intent of the Real ID Act to secure identification processes in this country.

(H) The [Department of Driver Services] is instructed to take the necessary steps to become a participant in the SAVE Program (Systematic Alien Verification for Entitlements). This program, administered by the United States Bureau of Citizenship and Immigration Services, is designed to verify the immigration status of noncitizens.

Section 3. [Delaying Compliance with federal Real ID Act, H.R. 1268, P.L. 109-13.]

(A) The [Governor], or his or her designee, is authorized to delay compliance with certain provisions of the federal Real ID Act, H.R. 1268, P.L. 109-13, enacted by Congress in 2005, until it is expressly guaranteed by the Department of Homeland Security, through adequately defined safeguards, that implementation of the Real ID Act will not compromise the economic privacy or biological sanctity of any citizen or resident of this state. This section shall not be interpreted as limiting the [Governor's] discretion or authority to delay compliance with certain provisions of the Real ID Act for any other reason.

(B) The [Department of Driver Services] shall not issue an identification card, license, permit, or other official document to an applicant who is a noncitizen, until the applicant has been confirmed through the SAVE Program to be lawfully present in the United States.

(C) This Act shall not apply to instances when a federal law mandates acceptance of a document.

(D) Subsection (B) of this Code section shall become effective upon the [department’s] full implementation of the SAVE Program but not later than [January 1, 2008].

Section 4. [Severability.] [Insert severability clause.]

Section 5. [Repealer.] [Insert repealer clause.]

Section 6. [Effective Date.] [Insert effective date.]
Taxpayer and Citizen Protection

This Act makes it a felony to knowingly transport, conceal or harbor an illegal alien. Anyone found in violation and convicted may receive up to one year in prison and/or a fine not less than $1,000. Since this is a new felony there is insufficient data available on the occurrence of this crime. The fiscal impact would be dependent upon the number of adjudicated cases.

The law requires all public employers to enter into a contract for the physical performance of services within the state or register and participate in the federal Status Verification System to verify the work authorization status of all new employees. The state department of labor is required to prescribe forms and promulgate rules and regulations necessary to administer the program and post the rules and regulations on its web site.

The Act directs the Attorney General to negotiate a Memorandum of Understanding between the state and the United States Department of Justice or the United States Department of Homeland Security concerning the enforcement of federal immigration and custom laws, detention and removals, and investigations in the state.

Oklahoma
HB1804
Status: Enacted into law in 2007.

Suggested State Legislation

(Title, enacting clause, etc.)

Section 1. [Short Title.] This Act shall be cited as the “Taxpayer and Citizen Protection Act.”

Section 2. [Legislative Findings.]
A. Illegal immigration is causing economic hardship and lawlessness in this state and that illegal immigration is encouraged when public agencies within this state provide public benefits without verifying immigration status.
B. When illegal immigrants have been harbored and sheltered in this state and encouraged to reside in this state through the issuance of identification cards that are issued without verifying immigration status, these practices impede and obstruct the enforcement of federal immigration law, undermine the security of our borders, and impermissibly restrict the privileges and immunities of the citizens of this state.
C. Therefore, the people of this state declare that it is a compelling public interest of this state to discourage illegal immigration by requiring all agencies within this state to fully cooperate with federal immigration authorities in the enforcement of federal immigration laws.
D. Other measures are necessary to ensure the integrity of various governmental programs and services.

Section 3. [Definitions.] As used in this Act:
1. “Status Verification System” means an electronic system operated by the federal government, through which an authorized official of an agency of this state or of a political subdivision therein may make an inquiry, by exercise of authority delegated pursuant to Section 1373 of Title 8 of the United States Code, to verify or ascertain the citizenship or immigration
status of any individual within the jurisdiction of the agency for any purpose authorized by this
Act. The Status Verification System shall be deemed to include:

a. the electronic verification of the Work Authorization Program of the
Illegal Immigration Reform and Immigration Responsibility Act of 1996, P.L. 104-208, Division
C, Section 403(a); 8 U.S.C., Section 1324a, and operated by the United States Department of
Homeland Security, known as the Basic Pilot Program,

b. any equivalent federal program designated by the United States
Department of Homeland Security or any other federal agency authorized to verify the work
eligibility status of newly hired employees, pursuant to the Immigration Reform and Control Act
of 1986 (IRCA), D.L. 99-603,

c. any other independent, third-party system with an equal or higher degree
of reliability as the programs, systems, or processes described in this paragraph, or

in the United States.

B. It shall be unlawful for any person to conceal, harbor, or shelter from detection any
alien in any place within this state, including any building or means of transportation, knowing or
in reckless disregard of the fact that the alien has come to, entered, or remained in the United
States in violation of law.

C. Nothing in this section shall be construed so as to prohibit or restrict the provision of
any state or local public benefit described in 8 U.S.C., Section 1621(b), or regulated public health
services provided by a private charity using private funds.

D. Any person violating the provisions of subsections A or B of this section shall, upon
conviction, be guilty of a felony punishable by imprisonment in the custody of the [Department of
Corrections] for not less than [(1) year] or by a fine of not less than [one thousand dollars
($1,000.00)], or by both such fine and imprisonment.

Section 5. [Entities Which Can Create Identification Documents for U.S. Citizens.]
A. The following entities may create, publish or otherwise manufacture an identification
document, identification card, or identification certificate and may possess an engraved plate or
other such devise device for the printing of such identification; provided, the name of the issuing
entity shall be clearly printed upon the face of the identification:

1. businesses, companies, corporations, service organizations and federal, state and

citation], to identify the bearer as an administrator, faculty member, student or employee;

5. any professional organization or labor union to identify the bearer as a member
of the professional organization or labor union; and

6. businesses, companies or corporations which manufacture medical-alert

B. All identification documents as provided for in paragraph 3 or 4 of subsection A of this
section shall be issued only to United States citizens, nationals and legal permanent resident

during the period of time of the authorized stay of the applicant in the United States or, if there is
no definite end to the period of authorized stay, a period of [one (1)] year. Any identification
document issued pursuant to the provisions of this subsection shall clearly indicate that it is
temporary and shall state the date that the identification document expires. Such identification
document may be renewed only upon presentation of valid documentary evidence that the status
by which the applicant qualified for the identification document has been extended by the United
States Citizenship and Immigration Services or other authorized agency of the United States
Department of Homeland Security.

E. The provisions of subsection B of this section shall not apply to an identification
document described in paragraph 4 of subsection A of this section that is only valid for use on the
campus or facility of that educational institution and includes a statement of such restricted
validity clearly and conspicuously printed upon the face of the identification document.

F. Any driver license issued to a person who is not a United States citizen, national or legal
permanent resident alien for which an application has been made for renewal, duplication or
reissuance shall be presumed to have been issued in accordance with the provisions of subsection
C of this section; provided that, at the time the application is made, the driver license has not
expired, or been cancelled, suspended or revoked. The requirements of subsection C of this section
shall apply, however, to a renewal, duplication or reissuance if the [Department of Public Safety]
is notified by a local, state or federal government agency of information in the possession of the
agency indicating a reasonable suspicion that the individual seeking such renewal, duplication or
reissuance is present in the United States in violation of law. The provisions of this subsection
shall not apply to United States citizens, nationals or legal permanent resident aliens.
Section 6. [Determining Citizenship of People Who are Jailed.]

A. B. If the prisoner is a foreign national, the keeper of the jail or other officer shall make a reasonable effort to verify that the prisoner has been lawfully admitted to the United States and, if lawfully admitted, that such lawful status has not expired. If verification of lawful status cannot be made from documents in the possession of the prisoner, verification shall be made within [forty-eight (48)] hours through a query to the Law Enforcement Support Center of the United States Department of Homeland Security or other office or agency designated for that purpose by the United States Department of Homeland Security. If the lawful immigration status of the prisoner cannot be verified, the keeper of the jail or other officer shall notify the United States Department of Homeland Security.

C. For the purpose of determining the grant of or issuance of bond, it shall be a rebuttable presumption that a person whose citizenship status has been verified pursuant to subsection B of this section to be a foreign national who has not been lawfully admitted to the United States is at risk of flight.

Section 7. [Verifying Public Employee Status.]

A. Every public employer shall register with and use the Status Verification System as described in this Act to verify the federal employment authorization status of all new employees.

B. 1. After [July 1, 2008], no public employer shall enter into a contract for the physical performance of services within this state unless the contractor registers and participates in the Status Verification System to verify the work eligibility status of all new employees.

2. After [July 1, 2008], no contractor or subcontractor who enters into a contract with a public employer shall enter into such a contract or subcontract in connection with the physical performance of services within this state unless the contractor or subcontractor registers and participates in the Status Verification System to verify information of all new employees.

3. The provisions of this subsection shall not apply to any contracts entered into prior to the effective date of this section even though such contracts may involve the physical performance of services within this state after [July 1, 2008].

C. 1. It shall be a discriminatory practice for an employing entity to discharge an employee working in this state who is a United States citizen or permanent resident alien while retaining an employee who the employing entity knows, or reasonably should have known, is an unauthorized alien hired after [July 1, 2008], and who is working in this state in a job category that requires equal skill, effort, and responsibility, and which is performed under similar working conditions, as defined by 29 U.S.C., Section 206(d)(1), as the job category held by the discharged employee.

2. An employing entity which, on the date of the discharge in question, was currently enrolled in and used a Status Verification System to verify the employment eligibility of its employees in this state hired after [July 1, 2008], shall be exempt from liability, investigation, or suit arising from any action under this section.

3. No cause of action for a violation of this subsection shall arise anywhere in [state] law but from the provisions of this subsection.

Section 8. [Verifying Lawful Presence of People 14 years or Older Who Apply for Public Benefits.]
A. Except as provided in subsection C of this section or where exempted by federal law, every agency or a political subdivision of this state shall verify the lawful presence in the United States of any natural person [fourteen (14)] years of age or older who has applied for state or local public benefits, as defined in 8 U.S.C., Section 1621, or for federal public benefits, as defined in 8 U.S.C., Section 1611, that is administered by an agency or a political subdivision of this state.

B. The provisions of this section shall be enforced without regard to race, religion, gender, ethnicity, or national origin.

C. Verification of lawful presence under the provisions of this section shall not be required:
   1. for any purpose for which lawful presence in the United States is not restricted by law, ordinance, or regulation;
   2. for assistance for health care items and services that are necessary for the treatment of an emergency medical condition, as defined in 42 U.S.C., Section 1396b(v)(3), of the alien involved and are not related to an organ transplant procedure;
   3. for short-term, noncash, in-kind emergency disaster relief;
   4. for public health assistance for immunizations with respect to diseases and for testing and treatment of symptoms of communicable diseases whether or not such symptoms are caused by a communicable disease; or
   5. for programs, services, or assistance such as soup kitchens, crisis counseling and intervention, and short-term shelter specified by the United States Attorney General, in the sole and unreviewable discretion of the United States Attorney General after consultation with appropriate federal agencies and departments which:
      a. deliver in-kind services at the community level, including through public or private nonprofit agencies,
      b. do not condition the provision of assistance, the amount of assistance provided, or the cost of assistance provided on the income or resources of the individual recipient, and
      c. are necessary for the protection of life or safety.

D. Verification of lawful presence in the United States by the state agency or political subdivision shall require that the applicant execute an affidavit under penalty of perjury that:
   1. he or she is a United States citizen; or
   2. he or she is a qualified alien under the federal Immigration and Nationality Act and is lawfully present in the United States.

E. The agency or political subdivision providing the state or local public benefits shall provide notary public services at no cost to the applicant.

F. For any applicant who has executed the affidavit described in paragraph 2 of subsection D of this section, eligibility for benefits shall be verified through the Systematic Alien Verification for Entitlements (SAVE) Program operated by the United States Department of Homeland Security or an equivalent program designated by the United States Department of Homeland Security. Until such eligibility verification is made, the affidavit may be presumed to be proof of lawful presence for the purposes of this section.

G. Any person who knowingly and willfully makes a false, fictitious, or fraudulent statement of representation in an affidavit executed pursuant to subsection D of this section shall be subject to criminal penalties applicable in this state for fraudulently obtaining public assistance program benefits. If the affidavit constitutes a false claim of U.S. citizenship under 18 U.S.C., Section 911, a complaint shall be filed by the agency requiring the affidavit with the United States Attorney General for the applicable district based upon the venue in which the affidavit was executed.
H. Agencies or political subdivisions of this state may adopt variations to the requirements of the provisions of this section which demonstrably improve the efficiency or reduce delay in the verification process, or to provide for adjudication of unique individual circumstances where the verification procedures in this section would impose unusual hardship on a legal resident of this state.

I. It shall be unlawful for any agency or a political subdivision of this state to provide any state, local, or federal benefit, as defined in 8 U.S.C., Section 1621, or 8 U.S.C., Section 1611, in violation of the provisions of this section.

J. Each state agency or department which administers any program of state or local public benefits shall provide an annual report to the [Governor, the President Pro Tempore of the Senate and the Speaker of the House of Representatives] with respect to its compliance with the provisions of this section. Each agency or department shall monitor the Systematic Alien Verification for Entitlements Program for application verification errors and significant delays and shall provide an annual public report on such errors and significant delays and recommendations to ensure that the application of the Systematic Alien Verification of Entitlements Program is not erroneously denying benefits to legal residents of this state. Errors shall also be reported to the United States Department of Homeland Security by each agency or department.

Section 9. [Requiring Contractors to Withhold State Income Taxes of Unauthorized Alien Laborers.]

A. If an individual independent contractor, contracting for the physical performance of services in this state, fails to provide to the contracting entity documentation to verify the independent contractor's employment authorization, pursuant to the prohibition against the use of unauthorized alien labor through contract set forth in 8 U.S.C., Section 1324a(a)(4), the contracting entity shall be required to withhold state income tax at the top marginal income tax rate as provided in [insert citation] as applied to compensation paid to such individual for the performance of such services within this state which exceeds the minimum amount of compensation the contracting entity is required to report as income on United States Internal Revenue Service Form 1099.

B. Any contracting entity who fails to comply with the withholding requirements of this subsection shall be liable for the taxes required to have been withheld unless such contracting entity is exempt from federal withholding with respect to such individual pursuant to a properly filed Internal Revenue Service Form 8233 or its equivalent.

C. Nothing in this section is intended to create, or should be construed as creating, an employer-employee relationship between a contracting entity and an individual independent contractor.

Section 10. [Memorandum of Understanding to Enforce Immigrations and Customs Laws.]

A. The [Attorney General] is authorized and directed to negotiate the terms of a Memorandum of Understanding between [state] and the United States Department of Justice or the United States Department of Homeland Security, as provided by Section 1357(g) of Title 8 of the United States Code, concerning the enforcement of federal immigration and customs laws, retention and removals, and investigations in this state.

B. The Memorandum of Understanding negotiated pursuant to subsection A of this section shall be signed on behalf of this state by the [Attorney General and the Governor] or as otherwise required by the appropriate federal agency.

C. No local government, whether acting through its governing body or by an initiative, referendum, or any other process, shall enact any ordinance or policy that limits or prohibits a law enforcement officer, local official, or local government employee from communicating or
cooperating with federal officials with regard to the immigration status of any person within this state.

D. Notwithstanding any other provision of law, no government entity or official within this state may prohibit, or in any way restrict, any government entity or official from sending to, or receiving from, the United States Department of Homeland Security, information regarding the citizenship or immigration status, lawful or unlawful, of any individual.

E. Notwithstanding any other provision of law, no person or agency may prohibit, or in any way restrict, a public employee from doing any of the following with respect to information regarding the immigration status, lawful or unlawful, of any individual:

1. sending such information to, or requesting or receiving such information from, the United States Department of Homeland Security;
2. maintaining such information; or
3. exchanging such information with any other federal, state, or local government entity.

F. The provisions of this section shall allow for a private right of action by any natural or legal person lawfully domiciled in this state to file for a writ of mandamus to compel any non-cooperating local or state governmental agency to comply with such reporting laws.

G. Except as otherwise provided in [insert citation], an individual who is not lawfully present in the United States shall not be eligible on the basis of residence within the state for:

1. any postsecondary education benefit, including, but not limited to, scholarships or financial aid; or
2. resident tuition.

H. The provisions of subsection A of this section shall not apply to a student enrolled in a degree program at a postsecondary educational institution within this state’s system of higher education during the [2006-2007] school year or any prior year who received a resident tuition benefit pursuant to [insert citation] at that institution.

Section 11. [Fraudulent Documents Identification Unit.] Subject to the availability of funding, the [Department of Public Safety] shall establish a [Fraudulent Documents Identification (FDI) Unit] for the primary purpose of investigating and apprehending people or entities that participate in the sale or distribution of fraudulent documents used for identification purposes. The [unit] shall additionally specialize in fraudulent identification documents created and prepared for people who are unlawfully residing within this state. The [Department] shall employ sufficient employees to investigate and implement an [FDI Unit].

Section 12. [Student Eligibility for Resident Tuition.] A. The [State Regents for Higher Education] may adopt a policy which allows a student to enroll in an institution within state system of higher education and allows a student to be eligible for resident tuition if the student:

1. graduated from a public or private high school in this state; and
2. resided in this state with a parent or legal guardian while attending classes at a public or private high school in this state for at least [two (2)] years prior to graduation.

B. To be eligible for the provisions of subsection A of this section, an eligible student shall:

1. satisfy admission standards as determined by the [State Regents for Higher Education] for the appropriate type of institution and have secured admission to, and enrolled in, an institution within state system of higher education; and
2. if the student cannot present to the institution valid documentation of United States nationality or an immigration status permitting study at a postsecondary institution:
a. provide to the institution a copy of a true and correct application or a petition filed with the United States Citizenship and Immigration Services to legalize the student’s immigration status, or

b. file an affidavit with the institution stating that the student will file an application to legalize his or her immigration status at the earliest opportunity the student is eligible to do so, but in no case later than:

I. [one (1)] year after the date on which the student enrolls for study at the institution, or

II. if there is no formal process to permit children of parents without lawful immigration status to apply for lawful status without risk of deportation, [one (1)] year after the date the United States Citizenship and Immigration Services provide such a formal process, and

c. if the student files an affidavit pursuant to subparagraph b of this paragraph, present to the institution a copy of a true and correct application or petition filed with the United States Citizenship and Immigration Services no later than:

I. one (1) year after the date on which the student enrolls for study at the institution, or

II. if there is no formal process to permit children of parents without lawful immigration status to apply for lawful status without risk of deportation, [one (1)] year after the date the United States Citizenship and Immigration Services provide such a formal process, which copy shall be maintained in the institution’s records for that student.

C. Any student who completes the required criteria prescribed in subsection A and of this section, paragraph 1 of subsection B of this section, and subparagraph a of paragraph 2 of subsection B of this section shall not be disqualified on the basis of the student’s immigration status from any scholarships or financial aid provided by this state.

D. The provisions of this section shall not impose any additional conditions to maintain resident tuition status at a postsecondary educational institution within the state system of higher education on a student who was enrolled in a degree program and first received such resident tuition status at that institution during the [2006-2007] school year or any prior year.

Status: Enacted into law in 2007.

Suggested State Legislation

(Title, enacting clause, etc.)

Section 1. [Short Title.] This Act shall be cited as “An Act to Limit School Offerings of Foods Containing Trans Fats to Students.”

Section 2. [Legislative Findings.] The [Legislature] finds and declares as follows:

(a) Trans fatty acids, also known as trans fats, have a detrimental impact on a person’s health by:

(1) increasing blood insulin level in response to glucose load;
(2) affecting immune response;
(3) decreasing the response of the red blood cells to insulin;
(4) causing alterations in physiological properties of biological membranes;
(5) causing alterations in adipose cell size, cell number, lipid class, and fatty acid composition;
(6) lowering serum HDL cholesterol; and
(7) impairing endothelial function.

(b) In 1997, a New England Journal of Medicine study found eating one gram of trans fats a day for a decade increased the risk of cardiovascular disease by 20 percent.

(c) Recent research by Harvard Medical School shows that high trans fat intake represents a significant risk for developing premature diabetes.

(d) Trans fats increase the risk of heart disease and stroke by increasing levels of so-called bad cholesterol, known as LDL, and reducing levels of so-called good cholesterol, known as HDL.

(e) There is an overwhelming amount of evidence revealing the damage trans fat can do to the health of an individual.

Section 3. [Limiting the Availability of Foods Containing Trans Fat at Schools.]

(a) For purposes of this section of this Act, a food contains artificial trans fat if a food contains vegetable shortening, margarine, or any kind of partially hydrogenated vegetable oil, unless the manufacturer’s documentation or the label required on the food, pursuant to applicable federal and state law, lists the trans fat content as less than 0.5 grams of trans fat per serving.

(b) For purposes of this section, “school food service establishment” means a place that regularly sells or serves a food item or meal on a school campus.

(c) Commencing on [insert date] a school or school district, through a vending machine or school food service establishment [during school hours and up to one-half of an hour before and after school hours], shall not make available to pupils enrolled in kindergarten, or any of grades 1
to 12, inclusive, food containing artificial trans fat, as defined in subdivision (a) of this section or use food containing artificial trans fat in the preparation of a food item served to those pupils.

(d) This section does not apply to food provided as part of a USDA meal program.

Only students who maintained a cumulative grade point average of at least 3.0 on a scale of 4.0 or its equivalent while enrolled in an Associate Degree program at a two-year public institution of higher education located in this state shall be eligible to receive a grant under this Act.

B. Eligibility for a higher education grant under this program shall be limited to [three academic years or 70 credit hours] and shall be used only for undergraduate collegiate work in educational programs other than those providing religious training or theological education. An additional $1,000 per year shall be provided to those students pursuing undergraduate collegiate work in engineering, mathematics, nursing, teaching, or science.

Tuition assistance received by a student under this program shall not be reduced by the receipt of other financial aid from any source by such student. However, a student shall not receive a grant pursuant to this Act that, when added to other financial aid received by that student, would enable the student to receive total assistance in excess of the estimated cost to the student of attending the institution in which they are enrolled.

request.

Section 6. Taking testimony in another state.

(1) In a guardianship or protective proceeding, in addition to other procedures that may be

Part 2.

Jurisdiction

Section 7. Exclusive basis -- Significant connection.

(1) This part provides the exclusive jurisdictional basis for a court of this state to appoint a
guardian or issue a protective order for an adult.

(2) In determining under Section 9 of this Act and Section 15(5) of this Act whether a
respondent has a significant connection with a particular state, the court shall consider:

(a) the location of the respondent’s family and other people required to be notified
of the guardianship or protective proceeding;

(b) the length of time the respondent at any time was physically present in the state
and the duration of any absence;

(c) the location of the respondent’s property; and

(d) the extent to which the respondent has ties to the state such as voting
registration, state or local tax return filing, vehicle registration, driver license, social relationship,
and receipt of services.

Section 8. Jurisdiction. A court of this state has jurisdiction to appoint a guardian or issue
a protective order for a respondent if:

(1) this state is the respondent’s home state;

(2) on the date the petition is filed, this state is a significant-connection state and:

(a) the respondent does not have a home state or a court of the respondent’s home
state has declined to exercise jurisdiction because this state is a more appropriate forum; or

(b) the respondent has a home state, a petition for an appointment or order is not
pending in a court of that state or another significant-connection state, and, before the court makes
the appointment or issues the order:
(i) a petition for an appointment or order is not filed in the respondent’s home state;
(ii) an objection to the court’s jurisdiction is not filed by a person required to be notified of the proceeding; and
(iii) the court in this state concludes that it is an appropriate forum under the factors set forth in Section 11;
(3) this state does not have jurisdiction under either Subsection (1) or (2), the respondent’s home state and all significant-connection states have declined to exercise jurisdiction because this state is the more appropriate forum, and jurisdiction in this state is consistent with the constitutions of this state and the United States; or
(4) the requirements for special jurisdiction under Section 10 are met.

Section 9. [Special jurisdiction.]
(1) A court of this state lacking jurisdiction under Section 8 has jurisdiction to do any of the following:
(a) appoint a guardian in an emergency for a term not exceeding 90 days for a respondent who is physically present in this state;
(b) issue a protective order with respect to real or tangible personal property located in this state; and
(c) appoint a guardian or conservator for an incapacitated or protected person for whom a provisional order to transfer the proceeding from another state has been issued under procedures similar to Section 15.
(2) If a petition for the appointment of a guardian in an emergency is brought in this state and this state was not the respondent’s home state on the date the petition was filed, the court shall dismiss the proceeding at the request of the court of the home state, if any, whether dismissal is requested before or after the emergency appointment.

Section 10. [Exclusive and continuing jurisdiction.] Except as otherwise provided in Section 9, a court that has appointed a guardian or issued a protective order consistent with this Chapter has exclusive and continuing jurisdiction over the proceeding until it is terminated by the court or the appointment or order expires by its own terms.

Section 11. [Declining jurisdiction if another court is a more appropriate forum.] (1) A court of this state having jurisdiction under Section 8 to appoint a guardian or issue a protective order may decline to exercise its jurisdiction if it determines at any time that a court of another state is a more appropriate forum.
(2) If a court of this state declines to exercise its jurisdiction under Subsection (1), it shall either dismiss or stay the proceeding. The court may impose any other condition the court considers just and proper, including the condition that a petition for the appointment of a guardian or issuance of a protective order be promptly filed in another state.
(3) In determining whether it is an appropriate forum, the court shall consider all relevant factors, including:
(a) any expressed preference of the respondent;
(b) whether abuse, neglect, or exploitation of the respondent has occurred or is likely to occur and which state could best protect the respondent from the abuse, neglect, or exploitation;
(c) the length of time the respondent was physically located in or was a legal resident of this or another state;
(d) the distance of the respondent from the court in each state;
(e) the financial circumstances of the respondent’s estate;
(f) the nature and location of the evidence;
(g) the ability of the court in each state to decide the issue expeditiously and the
procedures necessary to present evidence;
(h) the familiarity of the court of each state with the facts and issues in the
proceeding; and
(i) if an appointment were made, the court’s ability to monitor the conduct of the
guardian or conservator.

Section 12. [Jurisdiction declined by reason of conduct.]
(1) If at any time a court of this state determines that it acquired jurisdiction to appoint a
guardian or issue a protective order because of unjustifiable conduct, the court may:
(a) decline to exercise jurisdiction;
(b) exercise jurisdiction for the limited purpose of fashioning an appropriate
remedy to ensure the health, safety, and welfare of the respondent or the protection of the
respondent’s property or prevent a repetition of the unjustifiable conduct, including staying the
proceeding until a petition for the appointment of a guardian or issuance of a protective order is
filed in a court of another state having jurisdiction; or
(c) continue to exercise jurisdiction after considering:
   (i) the extent to which the respondent and all people required to be notified
   of the proceedings have acquiesced in the exercise of the court’s jurisdiction;
   (ii) whether it is a more appropriate forum than the court of any other state
   under the factors set forth in Subsection 11(3); and
   (iii) whether the court of any other state would have jurisdiction under
   factual circumstances in substantial conformity with the jurisdictional standards of Section 8.
(2) If a court of this state determines that it acquired jurisdiction to appoint a guardian or
issue a protective order because a party seeking to invoke its jurisdiction engaged in unjustifiable
conduct, it may assess against that party necessary and reasonable expenses, including attorney
fees, investigative fees, court costs, communication expenses, witness fees and expenses, and
travel expenses. The court may not assess fees, costs, or expenses of any kind against the state or a
governmental subdivision, agency, or instrumentality of the state unless authorized by law other
than this chapter.

Section 13. [Notice of proceeding.] If a petition for the appointment of a guardian or
issuance of a protective order is brought in this state and this state was not the respondent’s home
state on the date the petition was filed, in addition to complying with the notice requirements of
this state, notice of the petition shall be given to those people who would be entitled to notice of
the petition if the proceeding were brought in the respondent’s home state. The notice shall be
given in the same manner as notice is given in this state.

Section 14. [Proceedings in more than one state.] Except for a petition for the appointment
of a guardian in an emergency or issuance of a protective order limited to property located in this
state as provided in Section 9(1)(a) or (b), if a petition for the appointment of a guardian or
issuance of a protective order is filed in this state and in another state and neither petition has been
dismissed or withdrawn, the following rules apply:
(1) If the court in this state has jurisdiction under Section 8, it may proceed with the case
unless a court in another state acquires jurisdiction under Section 8 before the appointment or
issuance of the order.
(2) If the court in this state does not have jurisdiction under Section 8, whether at the time the petition is filed or at any time before the appointment or issuance of the order, the court shall stay the proceeding and communicate with the court in the other state. If the court in the other state has jurisdiction, the court in this state shall dismiss the petition unless the court in the other state determines that the court in this state is a more appropriate forum.

Part 3.
Transfer of Jurisdiction

Section 15. [Transfer of guardianship or conservatorship to another state.]

(1) A guardian or conservator appointed in this state may petition the court to transfer the guardianship or conservatorship to another state.

(2) Notice of a petition under Subsection (1) must be given to the persons that would be entitled to notice of a petition in this state for the appointment of a guardian or conservator.

(3) On the court’s own motion or on request of the guardian or conservator, the incapacitated or protected person, or other person required to be notified of the petition, the court shall hold a hearing on a petition filed pursuant to Subsection (1).

(4) The court shall issue an order provisionally granting a petition to transfer a guardianship and shall direct the guardian to petition for guardianship in the other state if the court is satisfied that the guardianship will be accepted by the court in the other state and the court finds that:

(a) the incapacitated person is physically present in or is reasonably expected to move permanently to the other state;
(b) an objection to the transfer has not been made or, if an objection has been made, the objector has not established that the transfer would be contrary to the interests of the incapacitated person; and
(c) plans for care and services for the incapacitated person in the other state are reasonable and sufficient.

(5) The court shall issue a provisional order granting a petition to transfer a conservatorship and shall direct the conservator to petition for conservatorship in the other state if the court is satisfied that the conservatorship will be accepted by the court of the other state and the court finds that:

(a) the protected person is physically present in or is reasonably expected to move permanently to the other state, or the protected person has a significant connection to the other state considering the factors in Section 7(2);
(b) an objection to the transfer has not been made or, if an objection has been made, the objector has not established that the transfer would be contrary to the interests of the protected person; and
(c) adequate arrangements will be made for management of the protected person’s property.

(6) The court shall issue a final order confirming the transfer and terminating the guardianship or conservatorship upon its receipt of:
(a) a provisional order accepting the proceeding from the court to which the proceeding is to be transferred which is issued under provisions similar to Section 16; and
(b) the documents required to terminate a guardianship or conservatorship in this state.

Section 16. [Accepting guardianship or conservatorship transferred from another state.]
(1) To confirm transfer of a guardianship or conservatorship transferred to this state under provisions similar to Section 15, the guardian or conservator shall petition the court in this state to accept the guardianship or conservatorship. The petition shall include a certified copy of the other state’s provisional order of transfer.

(2) Notice of a petition under Subsection (1) shall be given by the petitioner to those people who would be entitled to notice if the petition were a petition for the appointment of a guardian or issuance of a protective order in both the transferring state and this state. The notice shall be given in the same manner as notice is given in this state.

(3) On the court’s own motion or on request of the incapacitated or protected person, or other person required to be notified of the proceeding, the court shall hold a hearing on a petition filed pursuant to Subsection (1).

(4) The court shall issue an order provisionally granting a petition filed under Subsection (1) unless:

(a) an objection is made and the objector establishes that transfer of the proceeding would be contrary to the interests of the incapacitated or protected person; or

(b) the guardian or conservator is ineligible for appointment in this state.

(5) The court shall issue a final order accepting the proceeding and appointing the guardian or conservator as guardian or conservator in this state upon its receipt from the court from which the proceeding is being transferred of a final order issued under provisions similar to Section 15 transferring the proceeding to this state.

(6) Not later than 90 days after issuance of a final order accepting transfer of a guardianship or conservatorship, the court shall determine whether the guardianship or conservatorship needs to be modified to conform to the law of this state.

(7) In granting a petition under this section, the court shall recognize a guardianship or conservatorship order from the other state, including the determination of the incapacitated or protected person’s incapacity and the appointment of the guardian or conservator.

(8) The denial by a court of this state of a petition to accept a guardianship or conservatorship transferred from another state does not affect the ability of the guardian or conservator to seek appointment as guardian or conservator in this state under [insert citation] if the court has jurisdiction to make an appointment other than by reason of the provisional order of transfer.

Part 4.
Registration and Recognition of Orders from Other States

Section 17. [Registration of guardianship orders.] If a guardian has been appointed in another state and a petition for the appointment of a guardian is not pending in this state, the guardian appointed in the other state, after giving notice to the appointing court of an intent to register, may register the guardianship order in this state by filing certified copies of the order and letters of office as a foreign judgment in a court in any appropriate county of this state.

Section 18. [Registration of protective orders.] If a conservator has been appointed in another state and a petition for a protective order is not pending in this state, the conservator appointed in the other state, after giving notice to the appointing court of an intent to register, may register the protective order in this state by filing as a foreign judgment in a court of this state, in any county in which property belonging to the protected person is located, certified copies of the order, letters of office, and any bond.

Section 19. [Effect of registration.]
Upon registration of a guardianship or protective order from another state, the guardian or conservator may exercise in this state all powers authorized in the order of appointment except as prohibited under the laws of this state, including maintaining actions and proceedings in this state and, if the guardian or conservator is not a resident of this state, subject to any conditions imposed upon nonresident parties.

A court of this state may grant any relief available under this Chapter and other law of this state to enforce a registered order.

Uniform Child Abduction Prevention Act (UCAPA)

The Uniform Child Abduction Prevention Act (UCAPA) provides states with a valuable tool for deterring both domestic and international child abductions by parents and people acting on behalf of the parents. The UCAPA complements and strengthens the Uniform Child Custody Jurisdiction and Enforcement Act (UCCJEA), which is law in 48 states, and the federal Parental Kidnapping Prevention Act (PKPA). The Act allows the court to impose measures designed to prevent child abduction both before and after a court has entered a custody decree.

Under the Act, an Action for abduction prevention measures may be brought either by a court on its own motion, by a party to a child-custody determination or an individual with a right to seek such a determination, or by a prosecutor or public attorney. The party seeking the abduction prevention measures must file a petition with the court specifying the risk factors for abduction as well as other relevant information. Courts will rule on the petition based on a variety of factors enumerated in the Act and impose appropriate mechanisms to prevent abduction. The Act also addresses the special problems involved with international child abduction by including several risk factors specifically related to international situations.

The Act was promulgated by the Uniform Law Commission in 2006. The model uniform Act with official commentary (which also serves as legislative history) can be found at: http://www.law.upenn.edu/bll/archives/ulc/ucapa/2006_finalAct.htm

Seven states enacted the UCAPA into law during its initial (2007) legislative year:

- Kansas: SB 18
- Louisiana: SB 73 (Partial Enactment)
- Nebraska: LB 341; Nev. Rev. Stat. 43-1230
- Nevada: AB 15
- South Dakota: SB 88

The version in this SSL volume is based on Kansas law.

Status: Enacted into law on April 5, 2007.

(12) has used multiple names to attempt to mislead or defraud; or
(13) has engaged in any other conduct the court considers relevant to the risk of abduction.

(b) In the hearing on a petition under this Act, the court shall consider any evidence that the respondent believed in good faith that the respondent’s conduct was necessary to avoid imminent harm to the child or respondent and any other evidence that may be relevant to whether the respondent may be permitted to remove or retain the child.

Section 8.
(a) If a petition is filed under this Act, the court may enter an order that must include:
(1) the basis for the court’s exercise of jurisdiction;
(2) the manner in which notice and opportunity to be heard were given to the people entitled to notice of the proceeding;
(3) a detailed description of each party’s custody and visitation rights and residential arrangements for the child;
(4) a provision stating that a violation of the order may subject the party in violation to civil and criminal penalties; and
(5) identification of the child’s country of habitual residence at the time of the issuance of the order.

(b) If, at a hearing on a petition under this Act or on the court’s own motion, the court after reviewing the evidence finds a credible risk of abduction of the child, the court shall enter an abduction prevention order. The order must include the provisions required by subsection (a) and measures and conditions, including those in subsections (c), (d), and (e), that are reasonably calculated to prevent abduction of the child, giving due consideration to the custody and visitation rights of the parties. The court shall consider the age of the child, the potential harm to the child from an abduction, the legal and practical difficulties of returning the child to the jurisdiction if abducted, and the reasons for the potential abduction, including evidence of domestic violence, stalking, or child abuse or neglect.

(c) An abduction prevention order may include one or more of the following:
(1) an imposition of travel restrictions that require that a party traveling with the child outside a designated geographical area provide the other party with the following:
   (A) the travel itinerary of the child;
   (B) a list of physical addresses and telephone numbers at which the child can be reached at specified times; and
   (C) copies of all travel documents;
(2) a prohibition of the respondent directly or indirectly:
   (A) removing the child from this state, the United States, or another geographic area without permission of the court or the petitioner’s written consent;
   (B) removing or retaining the child in violation of a child-custody determination;
   (C) removing the child from school or a child-care or similar facility; or
   (D) approaching the child at any location other than a site designated for supervised visitation;
(3) a requirement that a party to register the order in another state as a prerequisite to allowing the child to travel to that state;
(4) with regard to the child’s passport:
   (A) a direction that the petitioner to place the child’s name in the United States Department Of State’s child passport issuance alert program;
   (B) a requirement that the respondent surrender to the court or the petitioner’s attorney any United States or foreign passport issued in the child’s name, including a passport issued in the name of both the parent and the child; and
   (C) a prohibition upon the respondent from applying on behalf of the child for a new or replacement passport or visa;
(5) as a prerequisite to exercising custody or visitation, a requirement that the respondent provide:
   (A) to the United States Department of State Office of Children’s Issues and the relevant foreign consulate or embassy, an authenticated copy of the order detailing passport and travel restrictions for the child;
   (B) to the court:
      (i) proof that the respondent has provided the information in subparagraph (A); and
      (ii) an acknowledgment in a record from the relevant foreign consulate or embassy that no passport application has been made, or passport issued, on behalf of the child;
   (C) to the petitioner, proof of registration with the United States embassy or other United States diplomatic presence in the destination country and with the central authority for the Hague Convention on the civil aspects of international child abduction, if that Convention is in effect between the United States and the destination country, unless one of the parties objects; and
   (D) a written waiver under the Privacy Act, 5 U.S.C. Section 552a, as amended, with respect to any document, application, or other information pertaining to the child authorizing its disclosure to the court and the petitioner; and
(6) upon the petitioner’s request, a requirement that the respondent obtain an order from the relevant foreign country containing terms identical to the child-custody determination issued in the United States.
(d) In an abduction prevention order, the court may impose conditions on the exercise of custody or visitation that:
(1) limit visitation or require that visitation with the child by the respondent be supervised until the court finds that supervision is no longer necessary and order the respondent to pay the costs of supervision;

(2) require the respondent to post a bond or provide other security in an amount sufficient to serve as a financial deterrent to abduction, the proceeds of which may be used to pay for the reasonable expenses of recovery of the child, including reasonable attorney’s fees and costs if there is an abduction; and

(3) require the respondent to obtain education on the potentially harmful effects to the child from abduction.

(e) To prevent imminent abduction of a child, a court may:

(1) issue a warrant to take physical custody of the child under section 9, and amendments thereto, or the law of this state other than this Act;

(2) direct the use of law enforcement to take any action reasonably necessary to locate the child, obtain return of the child, or enforce a custody determination under this Act or the law of this state other than this Act; or

(3) grant any other relief allowed under the law of this state other than this Act.

(f) The remedies provided in this Act are cumulative and do not affect the availability of other remedies to prevent abduction.

Section 9.

(a) If a petition under this Act contains allegations, and the court finds that there is a credible risk that the child is imminently likely to be wrongfully removed, the court may issue an ex parte warrant to take physical custody of the child.

(b) The respondent on a petition under subsection (a) must be afforded an opportunity to be heard at the earliest possible time after the ex parte warrant is executed, but not later than the next judicial day unless a hearing on that date is impossible. In that event, the court shall hold the hearing on the first judicial day possible.

(c) An ex parte warrant under subsection (a) to take physical custody of a child must:

(1) recite the facts upon which a determination of a credible risk of imminent wrongful removal of the child is based;

(2) direct law enforcement officers to take physical custody of the child immediately;

(3) state the date and time for the hearing on the petition; and

(4) provide for the safe interim placement of the child pending further order of the court.

(d) If feasible, before issuing a warrant and before determining the placement of the child after the warrant is executed, the court may order a search of the relevant databases of the national crime information center system and similar state databases to determine if either the petitioner or respondent has a history of domestic violence, stalking, or child abuse or neglect.

(e) The petition and warrant must be served on the respondent when or immediately after the child is taken into physical custody.

(f) A warrant to take physical custody of a child, issued by this state or another state, is enforceable throughout this state. If the court finds that a less intrusive remedy will not be effective, it may authorize law enforcement officers to enter private property to take physical custody of the child. If required by exigent circumstances, the court may authorize law enforcement officers to make a forcible entry at any hour.

(g) If the court finds, after a hearing, that a petitioner sought an ex parte warrant under subsection (a) for the purpose of harassment or in bad faith, the court may award the respondent reasonable attorney’s fees, costs, and expenses.
(h) This Act does not affect the availability of relief allowed under the law of this state other than this Act.

Section 10. An abduction prevention order remains in effect until the earliest of:

(1) the time stated in the order;
(2) the emancipation of the child;
(3) the child’s attaining 18 years of age; or
(4) the time the order is modified, revoked, vacated, or superseded by a court with jurisdiction under [insert citation], and amendments thereto.

Section 11. In applying and construing this Uniform Act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

Section 12. This Act modifies, limits, and supersedes the federal Electronic Signatures in Global and National Commerce Act, 15 U.S.C. Section 7001, et seq., but does not modify, limit, or supersede Section 101(c) of the Act, 15 U.S.C. Section 7001(c), of that Act or authorize electronic delivery of any of the notices described in Section 103(b) of that Act, 15 U.S.C. Section 7003(b).

Section 13. This Act shall take effect and be in force from and after its publication in the statute book.
Uniform Prudent Management of Institution Funds Act (UPMIFA)

The Uniform Prudent Management of Institutional Funds Act (UPMIFA) provides states a modern law for charitable funds and endowment spending which were operating in most jurisdictions under the 1972 Uniform Management of Institutional Funds Act (UMIFA). UPMIFA provides modern articulations of the prudence standards for the management and investment of charitable funds and for endowment spending. Over forty jurisdictions now have the Uniform Prudent Investor Act (UPIA) that updates their rules on investment decision making for trusts. It is important that these rules and duties also be applied to charities organized as nonprofit corporations. UPMIFA allows non-profit organizations to efficiently and inexpensively terminate obsolete and wasteful funds and transfer those dollars to more urgently needed charitable purposes.

Under the Act, the rules on investment conduct and expenditure of funds are expressly provided, giving much clearer guidance to portfolio managers. Costs must be managed prudently in relationship to the assets, the purposes of the institution and the skills available to the institution. Total return expenditure is expressly authorized under comprehensive prudent standards relating to the whole economic situation of the charitable institution. These positive changes for charitable organizations eliminates old, outdated rules such as historic dollar value and helps provide opportunities for charities to do more for communities, education, healthcare and the arts.

The Act was promulgated by the Uniform Law Commission in 2006. The model uniform Act with official commentary (which also serves as legislative history) can be found at: http://www.law.upenn.edu/bll/archives/ulc/umoifa/2006final_Act.htm

- Delaware: SB 139; 12 Del. C. § 4701 to 4710
- Idaho: SB 1016; I.C. § 33-5001 to 5010

- Montana: SB 424; M.C.A. § 72-30-101 to 110
- Nebraska: LB 136

(Title, enacting clause, etc.)

Section 1. [Short Title.] This Act shall be known and be cited as the “Uniform Prudent Management of Institutional Funds Act.”

Section 2. For purposes of the Uniform Prudent Management of Institutional Funds Act:

(1) Charitable purpose means the relief of poverty, the advancement of education or religion, the promotion of health, the promotion of a governmental purpose, or any other purpose the achievement of which is beneficial to the community.

(2) Endowment fund means an institutional fund or part thereof that, under the terms of a gift instrument, is not wholly expendable by the institution on a current basis. The term does not include assets that an institution designates as an endowment fund for its own use.

(3) Gift instrument means a record or records, including an institutional solicitation, under which property is granted to, transferred to, or held by an institution as an institutional fund.

(4) Institution means:

(A) a person, other than an individual, organized and operated exclusively for charitable purposes;

(B) a government or governmental subdivision, agency, or instrumentality, to the extent that it holds funds exclusively for a charitable purpose; and

(C) a trust that had both charitable and noncharitable interests, after all noncharitable interests have terminated.

(5) Institutional fund means a fund held by an institution exclusively for charitable purposes. The term does not include:

(A) program-related assets;

(B) a fund held for an institution by a trustee that is not an institution; or

(C) a fund in which a beneficiary that is not an institution has an interest, other than an interest that could arise upon violation or failure of the purposes of the fund.

(6) Person means an individual, corporation, business trust, estate, trust, partnership, limited liability company, association, joint venture, public corporation, government or governmental subdivision, agency, or instrumentality, or any other legal or commercial entity.

(7) Program-related asset means an asset held by an institution primarily to accomplish a charitable purpose of the institution and not primarily for investment.

(8) Record means information that is inscribed on a tangible medium or that is stored in an electronic or other medium and is retrievable in perceivable form.

Section 3.

(a) Subject to the intent of a donor expressed in a gift instrument, an institution, in managing and investing an institutional fund, shall consider the charitable purposes of the institution and the purposes of the institutional fund.

(b) In addition to complying with the duty of loyalty imposed by law other than the Uniform Prudent Management of Institutional Funds Act, each person responsible for managing and investing an institutional fund shall manage and invest the fund in good faith and with the care an ordinarily prudent person in a like position would exercise under similar circumstances.

(c) In managing and investing an institutional fund, an institution:

(1) may incur only costs that are appropriate and reasonable in relation to the assets, the purposes of the institution, and the skills available to the institution; and
(2) shall make a reasonable effort to verify facts relevant to the management and investment of the fund.

(d) An institution may pool two or more institutional funds for purposes of management and investment.

(e) Except as otherwise provided by a gift instrument, the following rules apply:

(1) In managing and investing an institutional fund, the following factors, if relevant, must be considered:

(A) general economic conditions;
(B) the possible effect of inflation or deflation;
(C) the expected tax consequences, if any, of investment decisions or strategies;
(D) the role that each investment or course of action plays within the overall investment portfolio of the fund;
(E) the expected total return from income and the appreciation of investments;
(F) other resources of the institution;
(G) the needs of the institution and the fund to make distributions and to preserve capital; and
(H) an asset’s special relationship or special value, if any, to the charitable purposes of the institution.

(2) Management and investment decisions about an individual asset must be made not in isolation but rather in the context of the institutional fund’s portfolio of investments as a whole and as a part of an overall investment strategy having risk and return objectives reasonably suited to the fund and to the institution.

(3) Except as otherwise provided by law other than the {state] Uniform Prudent Management of Institutional Funds Act, an institution may invest in any kind of property or type of investment consistent with this section.

(4) An institution shall diversify the investments of an institutional fund unless the institution reasonably determines that, because of special circumstances, the purposes of the fund are better served without diversification.

(5) Within a reasonable time after receiving property, an institution shall make and carry out decisions concerning the retention or disposition of the property or to rebalance a portfolio, in order to bring the institutional fund into compliance with the purposes, terms, and distribution requirements of the institution as necessary to meet other circumstances of the institution and the requirements of the Act.

(6) A person that has special skills or expertise, or is selected in reliance upon the person’s representation that the person has special skills or expertise, has a duty to use those skills or that expertise in managing and investing institutional funds.

Section 4.

(a) Subject to the intent of a donor expressed in the gift instrument, an institution may appropriate for expenditure or accumulate so much of an endowment fund as the institution determines is prudent for the uses, benefits, purposes, and duration for which the endowment fund is established. Unless stated otherwise in the gift instrument, the assets in an endowment fund are donor-restricted assets until appropriated for expenditure by the institution. In making a determination to appropriate or accumulate, the institution shall act in good faith, with the care that an ordinarily prudent person in a like position would exercise under similar circumstances, and shall consider, if relevant, the following factors:

(1) the duration and preservation of the endowment fund;
(2) the purposes of the institution and the endowment fund;
(3) general economic conditions;
(4) the possible effect of inflation or deflation;
(5) the expected total return from income and the appreciation of investments;
(6) other resources of the institution; and
(7) the investment policy of the institution.

(b) To limit the authority to appropriate for expenditure or accumulate under subsection (a) of this section, a gift instrument must specifically state the limitation.

(c) Terms in a gift instrument designating a gift as an endowment, or a direction or authorization in the gift instrument to use only income, interest, dividends, or rents, issues, or profits, or to preserve the principal intact, or words of similar import:

(1) create an endowment fund of permanent duration unless other language in the gift instrument limits the duration or purpose of the fund; and
(2) do not otherwise limit the authority to appropriate for expenditure or accumulate under subsection (a) of this section.

Section 5.
(a) Subject to any specific limitation set forth in a gift instrument or in law other than the Uniform Prudent Management of Institutional Funds Act, an institution may delegate to an external agent the management and investment of an institutional fund to the extent that an institution could prudently delegate under the circumstances. An institution shall act in good faith, with the care that an ordinarily prudent person in a like position would exercise under similar circumstances, in:

(1) selecting an agent;
(2) establishing the scope and terms of the delegation, consistent with the purposes of the institution and the institutional fund; and
(3) periodically reviewing the agent’s actions in order to monitor the agent’s performance and compliance with the scope and terms of the delegation.

(b) In performing a delegated function, an agent owes a duty to the institution to exercise reasonable care to comply with the scope and terms of the delegation.

(c) An institution that complies with subsection (a) of this section is not liable for the decisions or actions of an agent to which the function was delegated.

(d) By accepting delegation of a management or investment function from an institution that is subject to the law of this state, an agent submits to the jurisdiction of the courts of this state in all proceedings arising from or related to the delegation or the performance of the delegated function.

(e) An institution may delegate management and investment functions to its committees, officers, or employees as authorized by law of this state other than the [state] Uniform Prudent Management of Institutional Funds Act.

Section 6.
(a) If the donor consents in a record, an institution may release or modify, in whole or in part, a restriction contained in a gift instrument on the management, investment, or purpose of an institutional fund. A release or modification may not allow a fund to be used for a purpose other than a charitable purpose of the institution.

(b) The court, upon application of an institution, may modify a restriction contained in a gift instrument regarding the management or investment of an institutional fund if the restriction has become impracticable or wasteful, if it impairs the management or investment of the fund, or if, because of circumstances not anticipated by the donor, a modification of a restriction will
further the purposes of the fund. The institution shall notify the Attorney General of the application, and the Attorney General must be given an opportunity to be heard. To the extent practicable, any modification must be made in accordance with the donor’s probable intention.

(c) If a particular charitable purpose or a restriction contained in a gift instrument on the use of an institutional fund becomes unlawful, impractical, impossible to achieve, or wasteful, the court, upon application of an institution, may modify the purpose of the fund or the restriction on the use of the fund in a manner consistent with the charitable purposes expressed in the gift instrument. The institution shall notify the Attorney General of the application, and the Attorney General must be given an opportunity to be heard.

(d) If an institution determines that a restriction contained in a gift instrument on the management, investment, or purpose of an institutional fund is unlawful, impracticable, impossible to achieve, or wasteful, the institution, sixty days after notification to the Attorney General, may release or modify the restriction, in whole or part, if:

1. the institutional fund subject to the restriction has a total value of less than twenty-five thousand dollars;
2. more than twenty years have elapsed since the fund was established; and
3. the institution uses the property in a manner consistent with the charitable purposes expressed in the gift instrument.

Section 7. Compliance with the Uniform Prudent Management of Institutional Funds Act is determined in light of the facts and circumstances existing at the time a decision is made or action is taken, and not by hindsight.

Section 8. The Uniform Prudent Management of Institutional Funds Act applies to institutional funds existing on or established after the effective date of this Act. As applied to institutional funds existing on the effective date of this Act, the Act governs only decisions made or actions taken on or after that date.

Section 10. In applying and construing this Uniform Act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.
Uniform Real Property Electronic Recording Act (URPERA)

The Uniform Real Property Electronic Recording Act (URPERA) builds upon the work begun in the Uniform Electronic Transactions Act (UETA), and the Electronic Signatures In Global and National Commerce Act (E-Sign; 15 U.S.C. 7001 et seq.) by expressly authorizing land records officials to begin accepting records in electronic form, store electronic records, and set up systems for searching for and retrieving these land records. The Act also ensures the development of coherent standards for e-recording that will function harmoniously between recording jurisdictions and across state lines. URPERA only authorizes such activities: it does not mandate them. The Act does the following:

- equates electronic documents and electronic signatures to original paper documents and manual signatures, so that any requirement for originality (paper document or manual signature) is satisfied by an electronic document and signature.
- designates a state entity or commission responsible for setting statewide uniform standards.
- establishes the factors that the state standards entity must consider when it formulates and adopts e-recording standards.
- recognizes that counties will likely continue to accept paper documents, and allows cross-storage of electronic and paper documents.

The Act was promulgated by the Uniform Law Commission in 2004. The model uniform act with official commentary (which also serves as legislative history) can be found at: http://www.law.upenn.edu/bll/archives/ulc/urpera/URPERA_Final_apr05-1.pdf

At least 19 states have enacted URPERA in recent years. The legislation in this SSL volume is based on Idaho law.

(2) If a law requires, as a condition for recording, that a document be signed, the requirement is satisfied by an electronic signature.

(3) A requirement that a document or a signature associated with a document be notarized, acknowledged, verified, witnessed, or made under oath is satisfied if the electronic signature of the person authorized to perform that act, and all other information required to be included, is attached to or logically associated with the document or signature. A physical or electronic image of a stamp, impression or seal need not accompany an electronic signature.

Section 4. [Recording of Documents.]

(1) In this section, “paper document” means a document that is received by the recorder in a form that is not electronic.

(2) A recorder:

(a) Who implements any of the functions listed in this section shall do so in compliance with standards established by the [electronic recording commission], as created in [insert citation];

The governor shall appoint three (3) members, each for a term of two (2) years; two (2) members, each for a term of three (3) years; and two (2)

its members. The commission shall meet regularly at least once each year, and at such other times
as called by the chairman or when requested by two (2) or more members of the commission.

(3) To keep the standards and practices of recorders in this state in harmony with the
standards and practices of recording offices in other jurisdictions that enact substantially this
Uniform Act and to keep the technology used by recorders in this state compatible with
technology used by recording offices in other jurisdictions that enact substantially this Uniform
Act, the electronic recording commission, so far as is consistent with the purposes, policies and
provisions of this chapter, shall adopt, amend or repeal standards, taking into account the
following considerations:

(a) Standards and practices of other jurisdictions;
(b) The most recent standards promulgated by national standard-setting bodies,
such as the property records industry association;
(c) The views of interested people and governmental officials and entities;
(d) The needs of counties of varying size, population and resources; and
(e) Standards requiring adequate information security protection to ensure that
electronic documents are accurate, authentic, adequately preserved and resistant to tampering.

Section 6. [Uniformity of Application and Construction.] In applying and construing this
Uniform Act, consideration must be given to the need to promote uniformity of the law with
respect to its subject matter among states that enact it.

Section 7. [Relation to Electronic Signatures in Global and National Commerce Act.] This
chapter modifies, limits, and supersedes the Federal Electronic Signatures In Global And National
Commerce Act, 15 U.S.C. Section 7001, et seq., but does not modify, limit, or supersede Section
101(C) of that Act or authorize electronic delivery of any of the notices described in Section
103(b) of that Act.

The legislation accomplishes this by tightening the rules around the licensing of prescription drug wholesalers and establishes pedigree requirements to ensure the authenticity of prescription drugs within the distribution system. The legislation also establishes penalties for violators.

(K) The [board] may adopt rules to approve an accreditation body to evaluate a wholesaler’s operations to determine compliance with professional standards and any other applicable laws, and to perform inspections of each facility and location where wholesale distribution operations are conducted by the wholesaler.

(L) Information provided under this section shall not be disclosed to any person other than a state licensing authority, government board or government agency, provided such licensing authority, government board or agency needs such information for licensing or monitoring purposes.

Section 4. [Restrictions on Transactions.]

(A) A wholesale distributor shall receive prescription drug returns or exchanges from a pharmacy or chain pharmacy warehouse pursuant to the terms and conditions of the agreement between the wholesale distributor and the pharmacy or chain pharmacy warehouse. Returns of expired, damaged, recalled or otherwise non-saleable pharmaceutical product shall be distributed by the receiving wholesale distributor only to either the original manufacturer or third party returns processor, including a reverse distributor. The returns or exchanges of prescription drugs, saleable or otherwise, including any redistribution by a receiving wholesaler, shall not be subject to the pedigree requirement of [insert citation], so long as they are exempt from pedigree under the federal Food and Drug Administration's currently applicable Prescription Drug Marketing Act Guidance. Wholesale distributors and pharmacies shall be held accountable for administering their returns process and ensuring that the aspects of this operation are secure and do not permit the entry of adulterated and counterfeit product.

(B) A manufacturer or wholesale distributor shall furnish prescription drugs only to a person licensed by the [board] or other appropriate state licensing authorities. Before furnishing prescription drugs to a person not known to the manufacturer or wholesale distributor, the manufacturer or wholesale distributor shall affirmatively verify that the person is legally authorized to receive the prescription drugs by contacting the appropriate state licensing authorities.

(C) Prescription drugs furnished by a manufacturer or wholesale distributor shall be delivered only to the premises listed on the license; provided that the manufacturer or wholesale
distributor may furnish prescription drugs to an authorized person or agent of that person at the
premises of the manufacturer or wholesale distributor if:

(1) the identity and authorization of the recipient is properly established; and
(2) this method of receipt is employed only to meet the immediate needs of a
particular patient of the authorized person.

(D) Prescription drugs may be furnished to a hospital pharmacy receiving area provided
that a pharmacist or authorized receiving personnel signs, at the time of delivery, a receipt
showing the type and quantity of the prescription drug so received. Any discrepancy between
receipt and the type and quantity of the prescription drug actually received shall be reported to the
delivering manufacturer or wholesale distributor by the next business day after the delivery to the
pharmacy receiving area.

(E) A manufacturer or wholesale distributor shall not accept payment for, or allow the use
of, a person’s credit to establish an account for the purchase of prescription drugs from any person
other than the owner(s) of record, the chief executive officer or the chief financial officer listed on
the license of a person legally authorized to receive prescription drugs. Any account established
for the purchase of prescription drugs must bear the name of the licensee.

 Section 5. [Pedigree.]

(A) Each person who is engaged in wholesale distribution of prescription drugs, including
re-packagers, but excluding the original manufacturer of the finished form of the prescription
drug, that leaves, or has ever left, the normal distribution channel shall, before each wholesale
distribution of such drug, provide a pedigree to the person who receives such drug.

(B) A retail pharmacy or chain pharmacy warehouse shall comply with the requirements of
this section only if the pharmacy or chain pharmacy warehouse engages in wholesale distribution
of prescription drugs.

(C) The [board] shall determine by [July 1, 2009], a targeted implementation date for
electronic track and trace pedigree technology. Such a determination shall be based on
consultation with manufacturers, distributors and pharmacies responsible for the sale and
distribution of prescription drug products in this state. After consultation with interested
stakeholders and prior to implementation of the electronic pedigree, the board shall deem that the
technology is universally available across the entire prescription pharmaceutical supply chain. The
implementation date for the mandated electronic track and trace pedigree technology will be no
sooner than [July 1, 2010], and may be extended by the [board] in [one (1)] year increments if it
appears the technology is not universally available across the entire prescription pharmaceutical
supply chain.

(D) Each person who is engaged in the wholesale distribution of a prescription drug,
including re-packagers, but excluding the original manufacturer of the finished form of the
prescription drug, who is provided a pedigree for a prescription drug and attempts to further
distribute that prescription drug, shall affirmatively verify before any wholesale distribution of a
prescription drug occurs that each transaction listed on the pedigree has occurred.

(E) The pedigree shall include:

(1) all necessary identifying information concerning each sale in the chain of
distribution of the product from the manufacturer, or the manufacturer’s third-party logistics
provider, co-licensed product partner, or manufacturer’s exclusive distributor, through acquisition
and sale by any wholesale distributor or re-packer, until final sale to a pharmacy or other person
dispensing or administering the drug;

(2) the name, address, telephone number and, if available, the e-mail address, of
each owner of the prescription drug, and each wholesale distributor of the prescription drug;
(3) the name and address of each location from which the product was shipped, if
different from the owner’s;
(4) transaction dates;
(5) certification that each recipient has authenticated the pedigree.
(6) name of the prescription drug;
(7) dosage form and strength of the prescription drug;
(8) size of the container;
(9) number of containers;
(10) lot number and national drug code number of the prescription drug; and
(11) name of the manufacturer of the finished dosage form.

(F) Each pedigree or electronic file shall be:

(1) Notwithstanding the provisions in [insert citation], maintained by the purchaser
and the wholesale distributor for not less than [three (3)] years from the date of sale or transfer;
and

(2) Available for inspection or use within [five (5)] business days upon a request of
an authorized officer of the law.

(G) The [board] shall adopt rules and a form relating to the requirements of this section no
later than [ninety (90)] days after the effective date of this Act.

Section 6. [Enforcement - Order to Cease Distribution of a Drug.]

(A) If the [board] finds that there is a reasonable probability that:

(1) a wholesale distributor, other than a manufacturer, has violated a provision in
this Act or falsified a pedigree, or sold, distributed, transferred, manufactured, repackaged,
handled or held a counterfeit prescription drug intended for human use; and

(2) the prescription drug at issue as a result of a violation in paragraph (1) of this
subsection could cause serious, adverse health consequences or death; and

(3) other procedures would result in unreasonable delay;

the [board] shall issue an order requiring the appropriate person, including the distributors or
retailers of the drug, to immediately cease distribution of the drug within the state.

(B) An order under subsection (A) of this section shall provide the person subject to the
order with an opportunity for an informal hearing, to be held not later than [ten (10)] days after the
date of the issuance of the order, on the actions required by the order. If, after providing an
opportunity for such a hearing, the [board] determines that inadequate grounds exist to support the
actions required by the order, the [board] shall vacate the order.

Section 7. [Discipline -- Grounds -- Penalties.]

(A) Upon a finding that a wholesale distributor is in violation of any provision of this Act,
or such rules or standards of conduct and practice as may be adopted by the [board], and in
accordance with the provisions of [insert citation], the [board] may impose any [one (1)] or more
of the penalties provided for in [insert citation].

(B) Imposition of a penalty by the [board] or other action against a wholesale distributor by
the [board] as set forth in this Act shall not be construed as barring other civil, administrative or
criminal proceedings or prosecutions or entry of any available penalty or sanction as authorized by
law.

Section 8. [Prohibited Acts.]

(A) It shall be unlawful for a person to knowingly perform, or cause the performance of, or
aid and abet any of the following acts in this state:

(2) operate as a wholesale distributor without a valid license when a license is required by this act;
