   • Too many deer on private land as the landowners didn't want to open the land to full blown hunting community  This also created additional hunting opportunities that they wouldn't have other wise  (this would cut down on deer damage and allow landowners to control the number of people on their land)
   • How could we as hunters generate money for a very worthwhile program, "Hunters Helping the Hungry (HHH)?"  The HHH program is always in need of additional funds.
   • How could we generate additional interest in hunting?  The 2009 Governor’s One Shot event featured a ladies team which helped to promote hunting to women as well as gained exposure for the overall event.
What could we do to help some local community or facility by bringing people into the area? This event has brought between 250-300 people into Lewis County for two days of staying at Stonewall Resort State Park, eating in local establishments, and buying what people buy when visiting an area.)
