

NEW LEGISLATIVE LEADER BOOTCAMP

Early 2023 | Location TBD

PROGRAM

The Council of State Governments is well known for bringing state officials together for intimate, non-partisan public policy discussions and life-changing leadership development experiences. Recognizing its strength in developing statesmen and women and establishing peer networks among leaders, CSG will provide a new professional and leadership development experience for legislative leaders. In early 2023 and on the heels of the 2022 midterm elections, the New Legislative Leader Bootcamp will equip legislative leaders with knowledge on the legislative institution, separation of powers, ethics and civility as well as capacity training. The program will be held over the course of a weekend in early 2023.

PARTICIPANT PROFILE

Following leadership elections, CSG will invite legislative leaders new to their roles to participate in the New Legislative Leader Bootcamp. The inaugural class will be comprised of 20 legislative leaders. For the purposes of this program, legislative leaders are defined as Caucus Chair, Whip, Majority Leader, Minority Leader, Pro Tempore, Speaker and President.
