

REENTRY 2030: A NEW DECADE OF ACTION TO ENSURE SUCCESSFUL SECOND CHANCES

REENTRY2030
Successful reintegration for every person

The Council of State Governments (CSG) Justice Center is igniting a bold national effort to improve outcomes for people who have been incarcerated or involved with the justice system. The effort will focus state leaders and partners to unlock opportunities for people with criminal records. States will set ambitious public reentry goals and commit to work across systems, with a focus on human-centered investments that will result in economic mobility and better outcomes for those exiting prison and on parole or probation.

The CSG Justice Center brought together federal and state leaders, private sector partners, and others for a national event in April 2022 during Second Chance Month to launch this effort and set a vision for reentry success.

In April 2023, an unprecedented Reentry 2030 Summit will bring together state and federal officials to solidify second chance goals for states while laying the foundation for investment in criminal justice efforts. The result of the meeting will be an ambitious Second Chance Agenda that will serve as a roadmap for significant progress in the states leading up to 2030.

WAYS TO ENGAGE

- Webinars and Live Virtual Events – Fall 2022
- National Reentry 2030 Summit – April 2023

Reentry 2030 will provide resources, tools, and supports to help every state design and implement an ambitious plan to:

- 1. Scale-up access** to stable housing, education, employment skills training, behavioral health treatment, health care, and other supports for people with criminal records;
- 2. Clear away unnecessary barriers** to opportunities and economic mobility; and
- 3. Advance racial equity** by using data to understand and address disparities in access to services, quality of services, and outcomes.

Summit Attendees

The CSG Justice Center will recruit teams of 6–12 officials from each of the 50 states consisting of corrections administrators and state agencies that are positioned to offer second chances (departments of labor, housing, health, etc.), state executive branch officials, legislators, reentry leaders and service providers, and groups representing people with firsthand experience in the criminal justice system. Private sector partners, federal agency representatives, and White House officials are expected to be among the 500 participants.

PARTNERSHIP OPPORTUNITIES

LEAD PARTNER | \$50,000

A Lead Partnership includes the following benefits:

- Four complimentary registrations to the Reentry 2030 Summit
- Opportunity to introduce the lunch speaker(s) and have logo on screen during lunch keynote/panel
