

# Arkansas Health & Opportunity for Me Life360 HOMEs

Medicaid and Behavioral Health  
Council of State Governments Medicaid Academies  
September 19, 2023

State Representative Fran Cavenaugh  
Janet Mann, State Medicaid Director

# ARHOME Medicaid 1115 Waiver Demonstration

1. Improve **health outcomes** among Arkansans in:
  - Maternal and infant health
  - Rural health
  - Behavioral health
  - Chronic disease
2. Provide opportunities to **reduce poverty** through employment, education, and training.
3. **Slow the growth in spending** for ARHOME while maintaining the economic and fiscal benefits of coverage through Qualified Health Plans.

# Life360 HOME Concept

DHS contracts with hospitals to provide intensive care coordination for ARHOME enrollees most at risk through three types of Life360 HOMEs:

- ✓ **Maternal**: home visiting services to women with high-risk pregnancies
  - DHS received seven (7) Letters of intent (LOIs) and three (3) applications
  - DHS has approved three (3) LOIs
- ✓ **Rural**: care coordination services to individuals with serious mental illness or substance abuse disorders living in rural areas
  - DHS has received one LOI and has approved one LOI
- ✓ **Success**: help with life skills and social-related health needs for young adults most at risk (e.g., former foster youth and formerly incarcerated)
  - DHS has not yet received a LOI

All medical services continue to be provided through QHP or traditional Medicaid; Life360s provide supplemental supports only.

# Maternal Life360 Concept

**Birthing hospital contracts with evidence-based home visiting provider to**

- Provide home visiting services to women with high-risk pregnancies during pregnancy and for up to two years after baby's birth**
- Ensure screening of SDOH and closed-loop referrals to community resources**
- Conduct community outreach to OB/GYNs, community service providers, etc. to increase awareness of the program, eligibility and how to refer**

# Rural Life360 Concept

**Rural hospitals who become a Life360 HOME will**

- **Conduct community screens for health-related social needs and intensive care coordination for enrolled beneficiaries**
- **Provide beneficiaries with a serious mental illness or substance use disorder with intensive care coordination, including SDOH screening and referrals, for up to 24 months**
- **Initiate person-centered action plan (PCAP) with client to identify and achieve goals for medical and behavioral health care and resources for SDOH needs and having a crisis plan.**
- **Operate Acute Crisis Unit available 24/7**
- **Ensure community outreach and a community referral network**

# Rural Life360: Beneficiary Eligibility

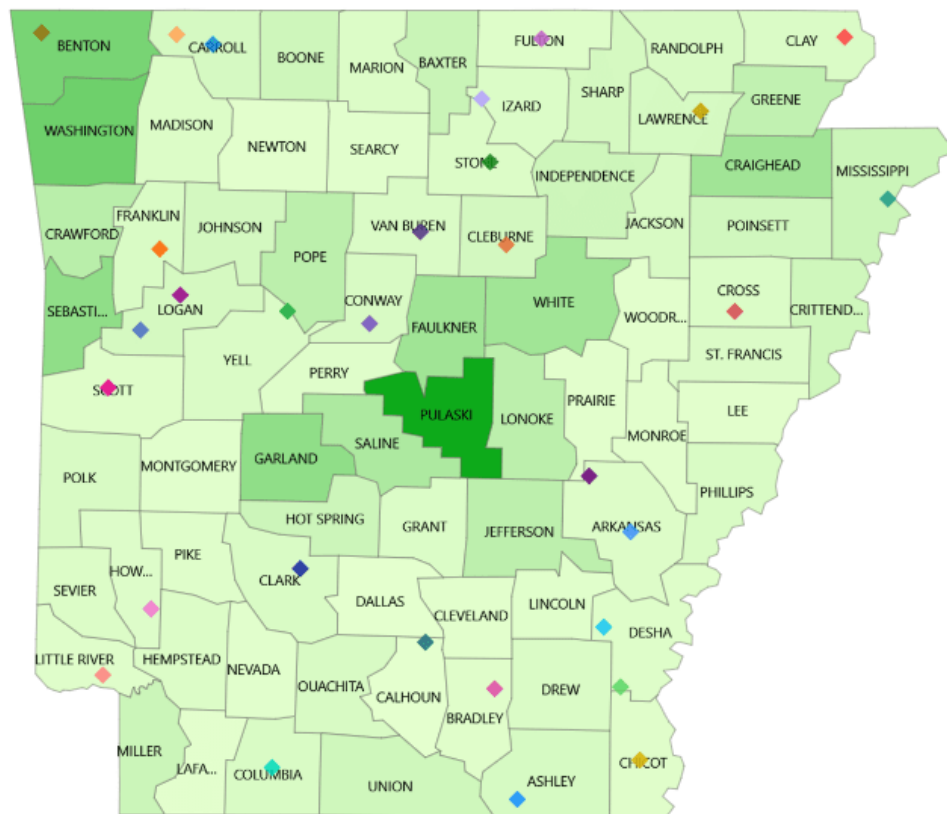

To receive care coordination:

- Be enrolled in ARHOME\*
- Have a diagnosis of SMI or SUD
- Live in Life360 service area

\*PASSE managed care not enrolled in ARHOME

About **12,800 ARHOME** beneficiaries in rural counties with SUD diagnosis and about **48,000 with SMI diagnoses** in 2021 (about 52,000 unduplicated)

Rural Map

# Rural Life360: Monitoring Metrics

- **Person-Centered Action Plan (PCAP) milestone achievement**
- **PCP assigned, hospital admissions and re-admissions, emergent and non-emergent ED visits**
- **BH therapy visits**
- **Drug/alcohol treatment**
- **Follow-up after hospitalization for mental illness**
- **Follow-up after ED visit for alcohol and other drug abuse or dependence**
- **Follow-up after ED visit for mental illness**

# Success Life360 Concept

- Life360 HOME acute care hospital contracts with community organization with experience working with young adults at risk of long-term poverty to build life skills
- Life360 helps young adults in ARHOME (four target groups) with health-related social needs, including finding safe housing, accessing education, applying for employment, etc.
- Beneficiaries receive services for up to 24 months

DHS will monitor: PCAP milestones and health outcomes such as preventative care, stable housing, FPL increases, employment, etc.
